TD Power Systems Limited

Investor Presentation – August 2022

This presentation and the accompanying slides (the “Presentation”), which have been prepared by **TD Power Systems Limited** (the “Company”), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

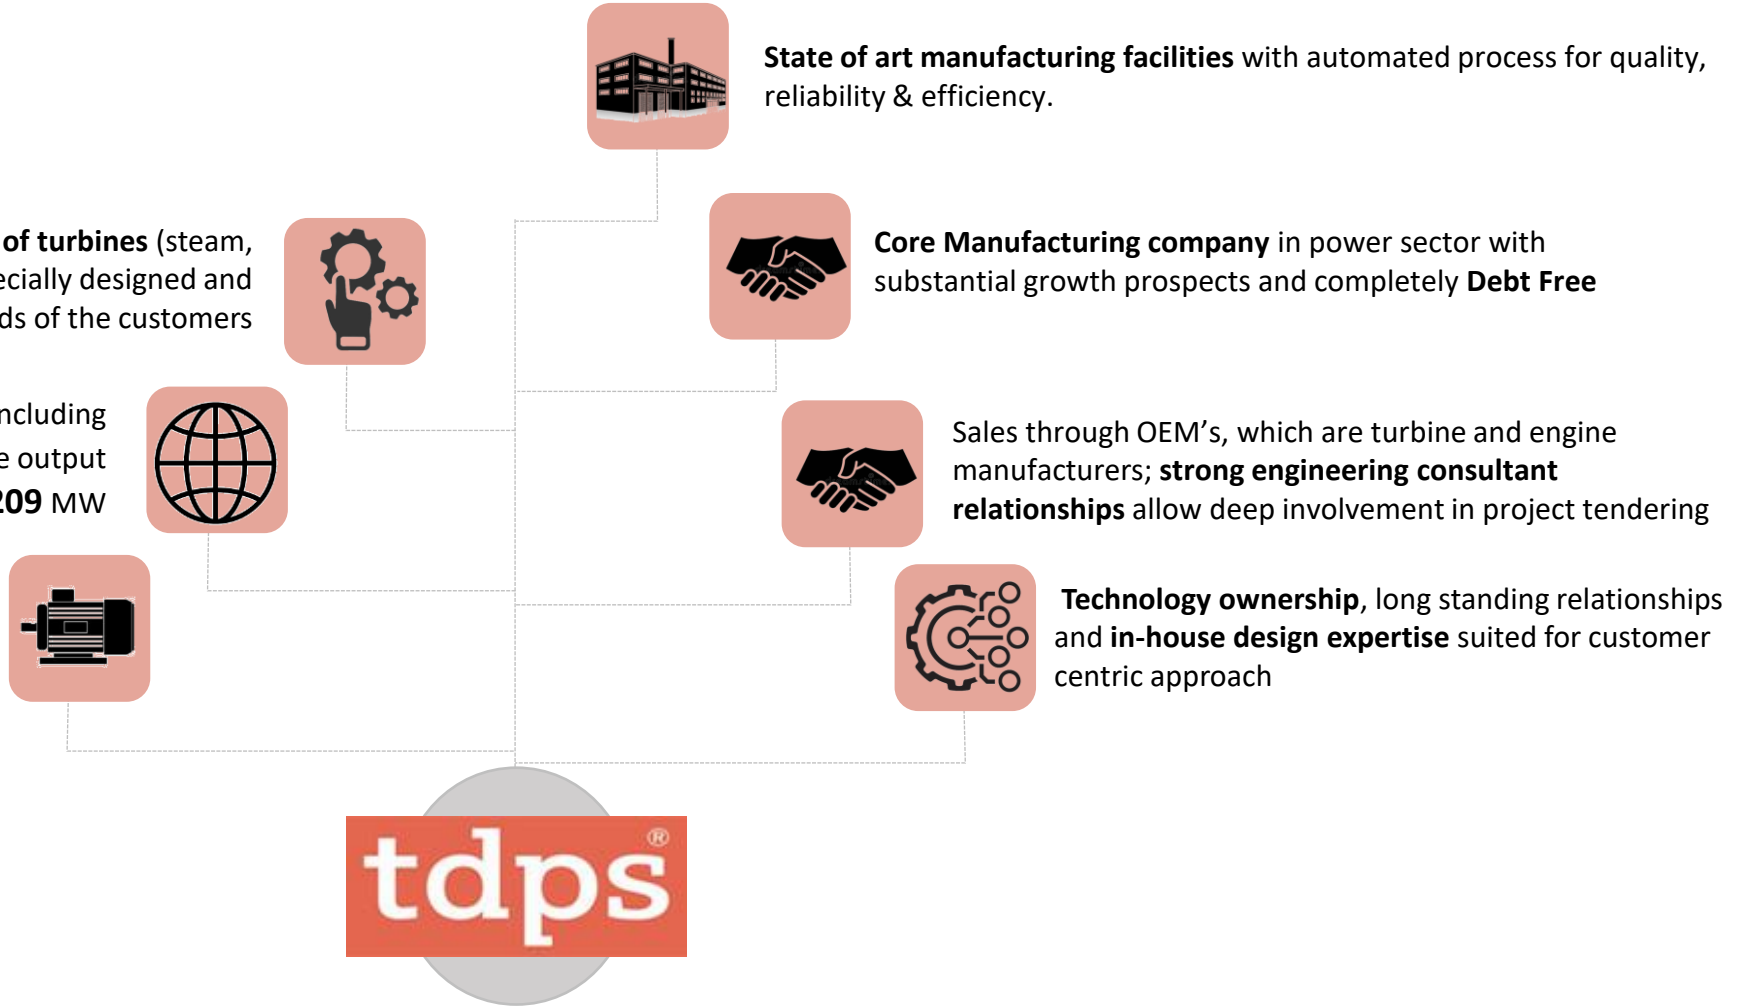

Certain matters discussed in this Presentation may contain statements regarding the Company’s market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and worldwide, competition, the company’s ability to successfully implement its strategy, the Company’s future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company’s market preferences and its exposure to market risks, as well as other risks. The Company’s actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.

All Maps used in the presentation are not to scale. All data, information, and maps are provided "as is" without warranty or any representation of accuracy, timeliness or completeness

Diversified product portfolio customized for a **wide range of turbines** (steam, gas, hydro and wind) and engines (diesel and gas). Specially designed and **tailor-made** to suit the needs of the customers

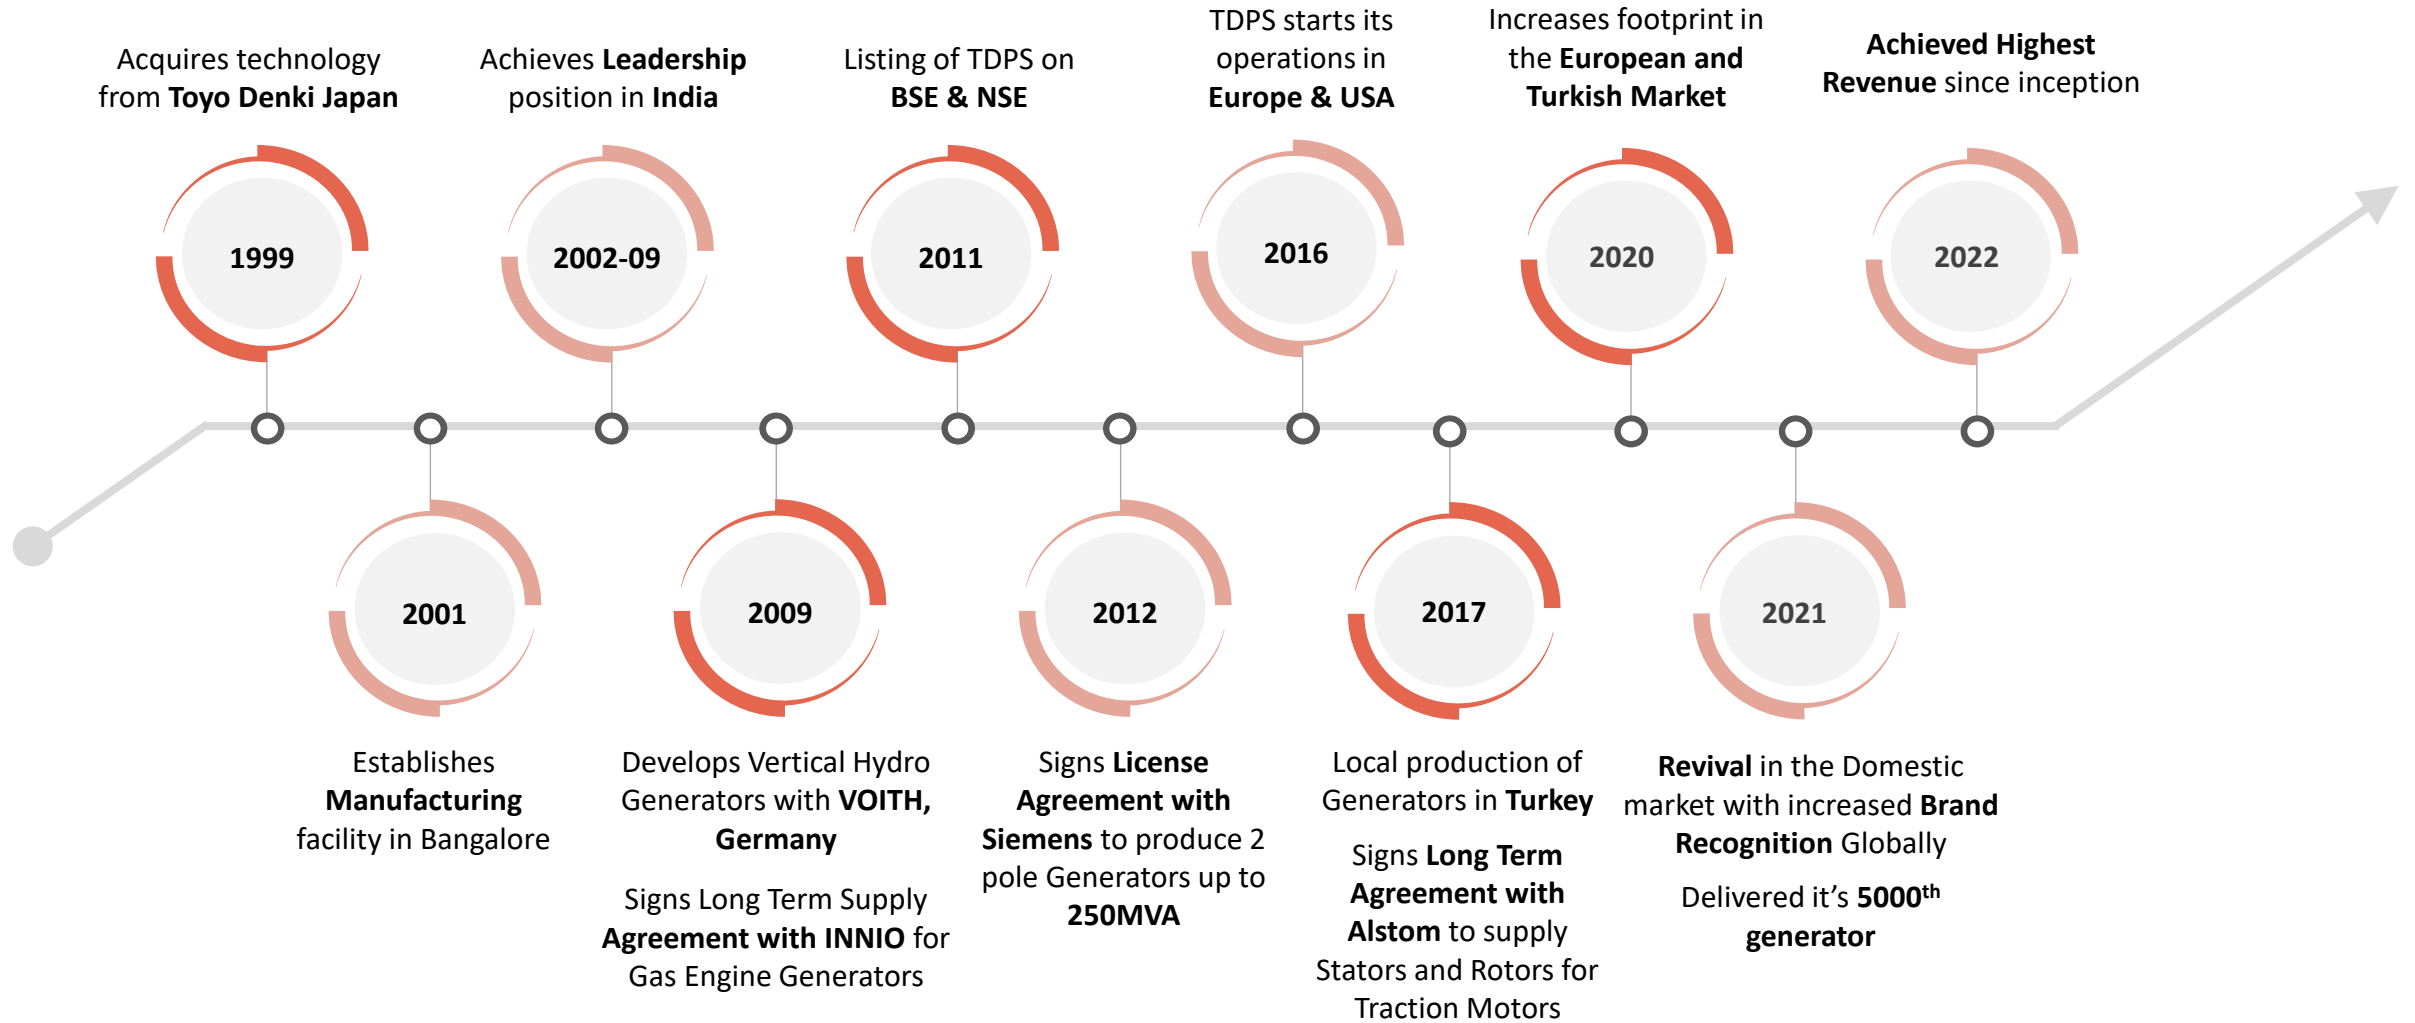

Since inception, manufactured **5,406** generators, including generators exported to **100** countries, with aggregate output capacity of **39,209** MW

Leading manufacturers of AC generator, delivering across a wide product spectrum - **from 1 to 250MVA**.

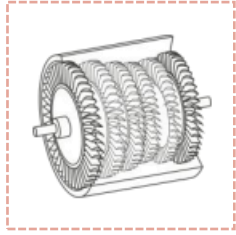

We deliver Best in class Generators for the World

TD Power's Evolution & Journey

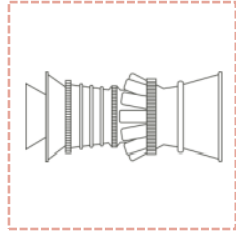

Diversified Products for Multiple End User Industries

Generators for Turbines

Steam - upto 250MVA

Gas - upto 250MVA

Hydro - upto 45MVA

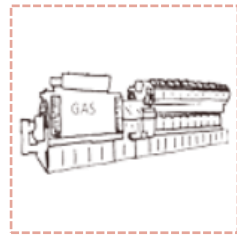

Wind*

Generators for Engines

Diesel - upto 25MVA

Gas - upto 25MVA

We deliver world class Generators for the World

State of Art Manufacturing Facilities...

Manufacturing units with **Advanced Machines** help in delivering **Competitively Priced** products with the **Highest Quality Standards**

Unit I - 157,624 Sq Ft

- Core building, Coil making, Winding & Machining
- Impregnation and curing Balancing
- Final assembly and testing
- Material Handling & General Facilities
- Power House
- R&D Centre
- Quality lab and instruments

Unit II – 219,756 Sq Ft

- Core building, Coil making, Winding & Machining
- Impregnation and curing Balancing
- Final assembly and testing
- Material Handling & General Facilities
- Power House
- R&D Centre
- Quality lab and instruments

Large Generator Factory – 78,449 Sq Ft

- Core building, Coil making, & Winding
- Impregnation and curing
- Final assembly and testing
- Material Handling & General Facilities
- Power House (Common with Unit 2)
- R&D Centre (Common with Unit 2)
- Quality lab (Common with Unit 2) and instruments

Integrated Water & Sanitation Management - FY 2015 to FY 2020.

- This project was supported for over 5 years starting from 2015 and was undertaken in Tyamagondlu Village, Nelamangala Taluk, Bangalore rural district.
- Resulted in a significant change on the ground with respect to revival of water body, storm water management, solid waste management (SWM), and maintenance of public spaces, training & capacity building in SWM and citizen awareness.

In line with the CSR policy revised in 2021, TDPS supported initiatives focusing on Education and Education related Infrastructure and welfare projects. Two projects which is currently on going are as follows:

- School Readiness Program In Community Schools from FY 2021
- Educational Empowerment of Girl Children of Scavenging community
- School Infrastructure and Welfare Project

Teachers

Nikhil Kumar

Managing Director

Engineering &
General Management Program
from Harvard

Responsible for overall management of the Company's operations, strategic planning, technology alliances and sales and marketing. With over 3 decades of work experience in the business of manufacturing electrical rotating machines, he spearheads universal best manufacturing practices in the Company. He was General Manger in Kirloskar Electric Company from 1990 to 2000 leading the operations of Bangalore factory

Mohib N. Khericha

Promoter and Non-
Executive Chairman

B. Com, FCA

He was in practice for over 25 years, in the area of Capital structuring, Restructuring, Financial Management and Loan syndication etc. before venturing into Merchant Banking activities in the year 1994. Currently, he is Managing Director of Chartered Capital And Investment Limited, a listed company which is into Merchant Banking Services. He has an experience of over 28 years in the field of Merchant Banking.

K.G. Prabhakar

Non-Executive Director

Chartered Accountant

Over 30 years of work experience in accounting, corporate finance, and tax management. He was the CFO of the Company from 2001 to 2018 .Prior to joining our Company, he was working with Kirloskar Electric Company Limited

Nitin Bagamane

Independent Director

Graduate in Economics

Over 25 years of work experience in business and industry and has been associated with many projects in real estate development for the past twenty years. He is leading large residential, commercial real estate projects in around Bangalore & manages a Special Economic Zone for IT activity in Bangalore.

Ravi K. Mantha

Independent Director

Chartered Financial Analyst &
B.A in liberal arts from the University of
Puget Sound in Washington State

An angel investor, wellness author and sustainability advocate. After an 18 years successful career in investment management in Boston and London, including ten years at the helm of the \$33 billion Fidelity Global Select Fund, he switched careers and became an author and wellness expert.

Prathibha Sastry

Independent Director

Over two and half decades of her career, she has been part of some of the very best start up organizations like Microsoft Accelerator and THub in India. Currently, she is a strategic advisor to Encubay , a diversity-focused accelerator, a fintech Start-up and Vruksh Ecosystem

Experienced Management Team

Nikhil Kumar - Managing Director

Leads operations, strategic planning, technology alliances, sales and marketing. With an in-depth understanding of products, processes, customers, specific application requirements of each segment from over 3 decades of work experience in the business of manufacturing electrical rotating machines, he drives investments in technology, alliances, people & processes enabling the company to deliver complete value chain in Generator manufacturing across the spectrum of verticals. He leads the team in absorbing technology from global partners to take manufacturing facility & practices to a world-class level enabling the Company to consistently deliver on core expectations of quality & delivery that has paved way to extend our product reach to over 98 countries. With a hands on & collaborative approach he navigates the team in weathering challenges thrown up by markets, customers, business & economic cycles

Ramakrishna Varna - COO

A founder member, with 30 years of experience. A Mechanical Engineer and an MBA, joined TDPS leadership team as a Senior Engineer in 2001. A key member of a small core team that set up our green field manufacturing plant & is credited with establishing Standard Operating Procedures (SOPs), vigorously training technicians and successfully manufacturing the first few Generators that laid the foundation. Has extensive exposure and knowledge of the complete value chain in Generator manufacturing, facility-creation, automation and an expert solution-provider on operational issues. Set up our larger & modern second manufacturing unit in 2011 & since 2017, has transformed our manufacturing facility by replacing conventional machinery with precision Robotics & need-based automation of selected processes.

Varalakshmi MN - CFO.

Part of founder-member team since inception of the company. Comes with a professional qualification in Cost & Works accounting (ICWA) & overall 28 years of rich experience in Finance function of Engineering-manufacturing company, 20 of which at TDPS. Seasoned by learnings from managing finances of the company and funding its growth story for over 20 years through its highs, lows, struggles and triumphs, a grueling IPO exercise to fund the expansion, driving drastic cost-cutting measures across the organization & ERP expansion and improvements she leads the finance function.

Vishwanath Hangari – Head, Engineering

With a Master's degree in Engineering & 33 years of experience, 8 of which in TDPS, heads the Engineering function. Has a rich, varied, hands-on and leadership experience in Design, Analytics, Quality & Manufacturing aspects of LV, HV Motors & Generators across entire range of ratings, speeds, constructions and applications due to foundational stint as Design, Quality & Testing engineer of Rotating Machines, followed by 5-years of managing R&D – supporting product launches from concept to prototype testing to implementation, 13 years at world renowned OEMS 'Design / Technology center in lead/consulting position

Vinay Hegde – Head, Sales & Marketing

A founder member of TDPS, with 28 years of rich experience in Sales & Marketing. Joined the small core team of TDPS in 2001 as Engineer, Sales - An Electrical Engineer with 7 years of foundation experience with CG Newage. Has successfully acquired major OEMs in India and overseas one after the other, consistently delivering on core expectations of Quality, Delivery, customer retention & relationship for long term. Developed Marketing team capability to successfully widen the Customer base for sustained growth.

N Srivatsa - Company Secretary

Over 3 decades of work & practice experience in corporate legal & compliance, Finance & Banking areas. Prior to joining our company in 2010, he was working with a UB group entity as associate vice president and company secretary.

Automated & Integrated State of the art manufacturing facilities for **better Efficiency & operating leverage play**

Operating Leverage Play

Re-oriented the current order book to ensure high pass through of RM price variations to customers

Pass Through Contracts

Investment in Automation to augment existing capacities and improve efficiency

Investment in Capacity augmentation

One of the very few players to have **Global Service Network** for timely on-site assistance

Global Service Network

Revival in the Domestic market with increased **Brand Recognition** globally for TDPS products

Revival in the Domestic market

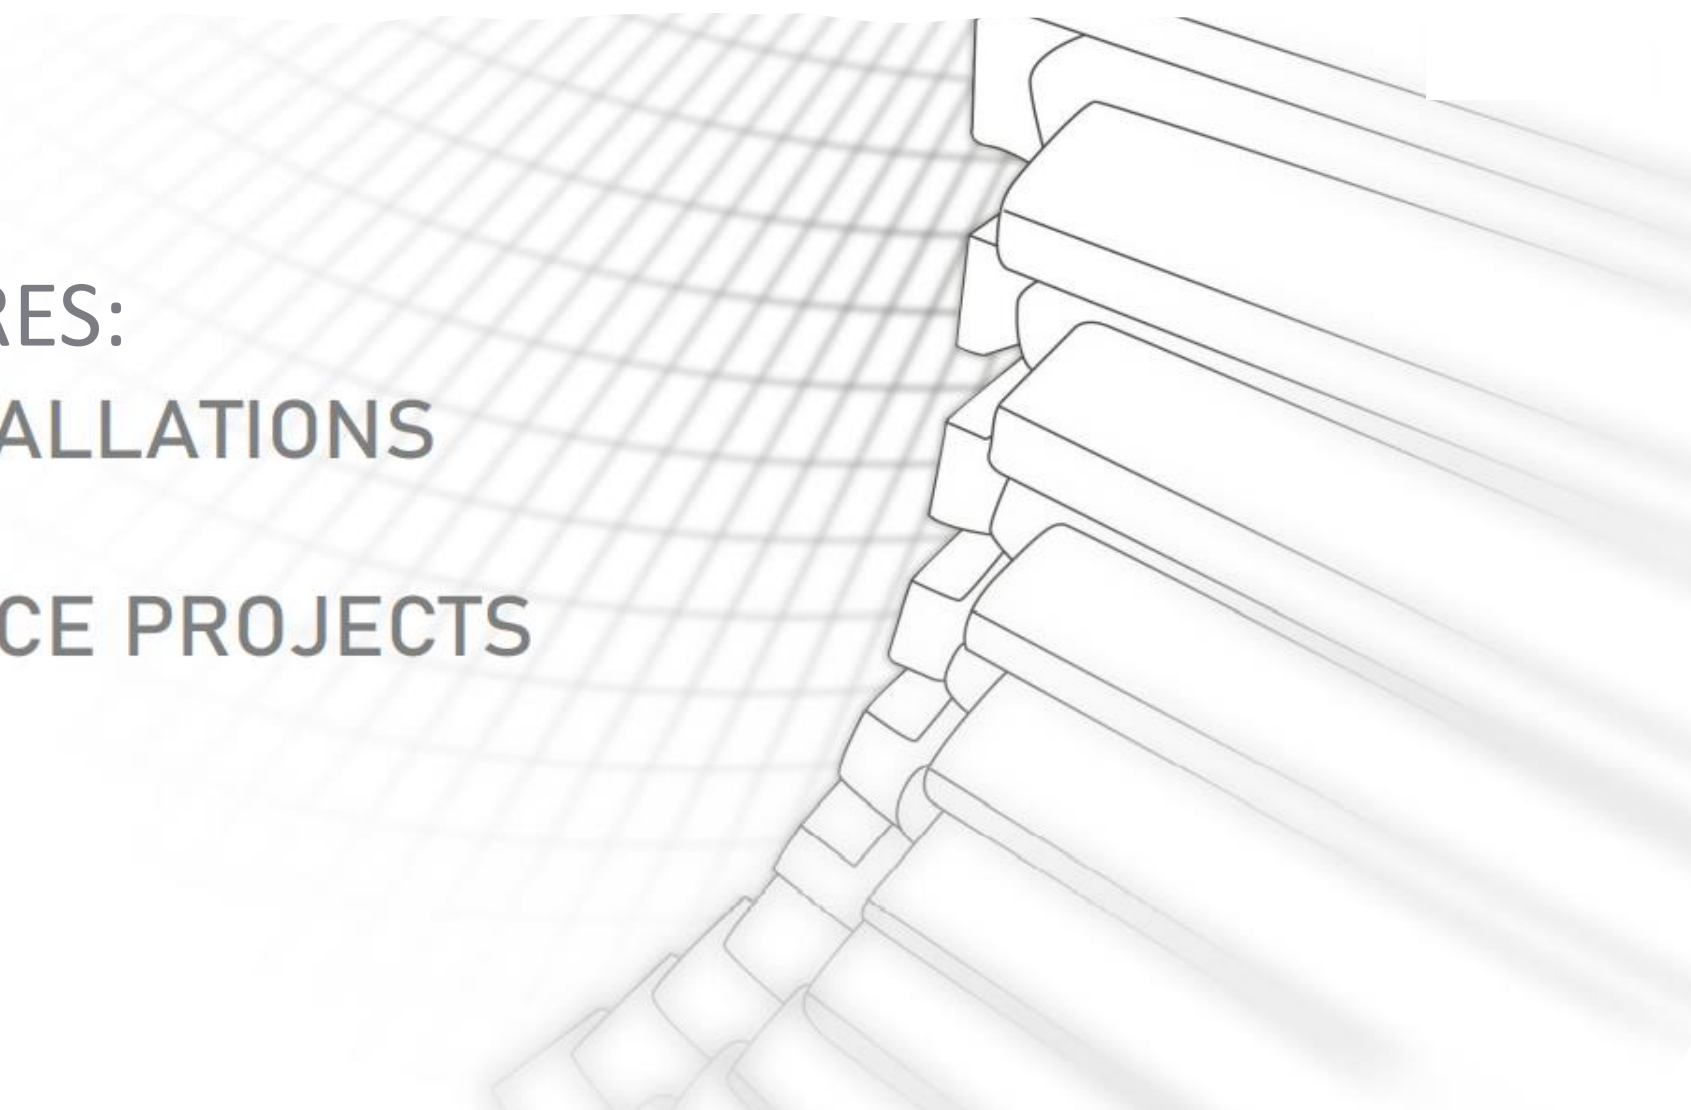

TDPS is an approved supplier for all major **OEM's & EPC Contractors** across the globe

Approved Suppliers

Continuous replacement demand for Generators installed over the years in existing plants

Continuous Replacement Demand

A large, stylized graphic in the background. It features a grid of thin, light gray lines that curve and warp, creating a sense of depth and perspective. On the right side, there are several overlapping, rounded rectangular shapes that resemble a stack of books or a series of architectural elements, rendered in a light gray, wireframe style.

ANNEXURES:
SITE INSTALLATIONS
AND
REFERENCE PROJECTS

- ❖ TDPS has supplied more than 500 Gas Engine Generators to a Major Engine Manufacturer for their J612 (2.5MVA), J616 (2.5MVA), J620 (4.5MVA), J624 (6.36MVA) and J920 (15MVA) series
- ❖ Gas engine generators need stringent design requirements which has to accommodate high vibrations arising from the engines

- ❖ The picture on the left from a Geo Thermal Power Plant of capacity 29.7MVA installed in Turkey
- ❖ Geo Thermal Generators are specially designed for outdoor installation and to withstand H₂S content at site
- ❖ TDPS has supplied several Geo Thermal Generators to a major Geo-Thermal OEM in the world

- ❖ TDPS has supplied Nine Generators of 8.586MVA in UAE
- ❖ The generators are coupled with Engines manufactured by a Major Engine manufacturer
- ❖ These generators are installed in a barge and are used for desalination purposes in order to provide drinking water

BIOCEL PASKOV

- ❖ 22MVA Generator, installed in Czech Republic

MAXAU

- ❖ This 67.5MVA Generator, installed in Maxau, Germany, is the largest 4 pole Generator manufactured by TDPS.

Mobile Powe Units

- ❖ 5.25MVA Generator coupled to Turbine manufactured by a major turbine manufacturer installed in Mobile Power Units.
