* Dividend @ Rs. 75/- per equity share was declared by the Company's subsidiary, VE Commercial Vehicles Limited (VECV) in its shareholders' meeting held on January 31, 2013, is not included in the financial results for the year ended December 31, 2012. This is due to change in Schedule VI of Companies Act, 1956. Hitherto in terms of the earlier Schedule VI to the Companies Act, 1956, the Company was recognising income from dividend declared by its subsidiary company, i.e. VE Commercial Vehicles Limited (VECV) pertaining to the period on or before the Balance Sheet date. This requirement no longer exists in the revised Schedule VI. Accordingly, the Company as per AS - 9 'Revenue Recognition' has recognised dividend from subsidiary companies as income only when the right to receive dividends is established as on the Balance Sheet date. **Had the Company recognised dividend from VECV as income as per old Schedule VI, the profit for the year 2012 would have been higher by Rs. 40.80 crores.**

Total exports in 2012 were 3,532 units, a growth of 10.4% over previous year.

Net Sales of spare parts and services grew to Rs. 100.14 crores in 2012 from Rs. 74.50 crores in the previous year, registering a growth of 34.4%.

This year, your Company launched the all new Thunderbird 500 and Thunderbird 350 motorcycle. These were received by customers with an overwhelming response. The Thunderbird range with its unique 360-degree design language and higher powered engine that has Royal Enfield's signature flat torque curve, is poised to be the ultimate highway cruiser on the Indian roads. Along with the Thunderbird range of motorcycles, Royal Enfield also launched a range of well-crafted, meticulously detailed, purpose-built riding apparel, marking the brand's entry into the motorcycle accessories business.

Your Company continued to expand its sales, distribution and after-market network in India and abroad. Royal Enfield products are now sold through 249 outlets (last year 190 outlets) in India and exported to 48 countries (last year 36 countries).

MARKET AND FUTURE PROSPECTS

The Indian motorcycle industry slowed down in year 2012. However, your Company's Royal Enfield unit continued its growth trend in 2012. The exciting variants of Classic models such as Desert Storm and Chrome have expanded the consumer base that look for distinctive style and leisure riding. The New Thunderbird 500 and Thunderbird 350, positioned for long distance riding with value added features, are attracting a wider section of followers and very effective media launches have generated a healthy order book and brand recall. With the market evolving towards motorcycling and leisure riding activities, this growth trend is likely to continue.

ENERGY CONSERVATION, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO UNDER SECTION 217(1)(e) OF THE COMPANIES ACT, 1956, READ WITH THE COMPANIES (DISCLOSURE OF PARTICULARS IN THE REPORT OF BOARD OF DIRECTORS) RULES, 1988

CONSERVATION OF ENERGY

The following new initiatives were taken to conserve energy during the year 2012:

1. Reducing the compressor capacity by 18.65 KWH using 125 HP compressors that resulted in savings of 64,454 KWH per annum.
2. Reduction in power consumption during idle time by using Variable Frequency Drive (VFD) in compressors resulted in savings of 51,564 KWH per annum.
3. Reduction of running time of hydraulic power pack for fixture clamping from 8 hours per shift to 1.2 hours per shift by modifying electrical circuit that resulted in a saving of 23,950 KWH per annum.
4. Reduction in motor running hours in Three Spindle Drilling machine from 8 hours per shift to 2 hours per shift by introducing the Sensor that resulted in a saving of 15,952 KWH per annum.

5. Reduction in fixed power consumption using Star rate split A/c in place of window A/c that resulted in a saving of 6,359 KWH per annum.

TECHNOLOGY ABSORPTION, ADAPTATION AND INNOVATION

In the following areas, we have designed and developed new systems:

1. Projection headlamp: Vertically stacked twin headlamp with projection system for better illumination on-road.
2. LED tail lamp: LED-based tail lamp for better life, light output and significant power savings. It also serves as an identity of the vehicle when seen from the rear.
3. Improved handlebar mounting arrangements and mirror design help to reduce vibration level felt by the rider as a vibration reduction.
4. New thicker front suspension (41mm diameter) with friction reduction bushes for improved stability of the vehicle.
5. Anti-skip gear shift system to avoid false neutral experienced during gear shifting.
6. TPS (Throttle Position Sensor) in carburettor: Precise control of ignition timing with air/fuel mixture delivery which enhances better drivability, performance and control in emission of the vehicle.
7. Digital Instrument cluster with LED and added tell tales. Wheel speed deduction changed from mechanical to electronic sensor.
8. Introduction of stainless steel exhaust guards instead of chrome plating as an eco friendly measure.

VECV posted a creditable 6.7% growth in net revenue. This is a result of VECV's success in gaining market share in tough market conditions that saw a sharp drop in the industry's sales volume. Segment wise industry and VECV's performance is explained below. Apart from gaining market share and improving the topline, VECV posted a strong financial performance in tough market conditions. It did so by sharp focus on managing costs and working capital.

AN OVERVIEW OF SUBSIDIARY COMPANY'S BUSINESSES

Eicher Trucks and Buses (ETB):

After a good 2011, wherein the Commercial Vehicle industry (5 Tonne and above) grew by 10.1% over the previous year, the industry declined by 11.7% during 2012. Slowdown in new investments and overall industrial production marked the year 2012. As a result, the domestic industry sales volume ended at 3,60,813 units as against 4,07,338 units in 2011, a decline of 11.4%. The total CV industry (including exports) recorded sales of 3,95,180 units as against 2011 sales of 4,47,472 units, a decline of 11.7%.

ETB recorded total sales of 48,262 units against 48,337 units in 2011, a decline of only 0.2% while gaining market share (including exports) from 10.8% in 2011 to 12.2% in 2012.

Within the domestic CV Industry, the Light and Medium duty truck segment of 5 to 14 Tonne (L&MD), where ETB is a strong player, ended the year 2012 with sales of 94,187 units during 2012, a drop of 8.4% over 2011. ETB sold 29,541 units in L&MD segment as against 31,381 units during 2011 thus recording a drop of 6.2%. This however was better than industry's performance and ETB's market share in this segment grew from 30.5% in 2011 to 31.2% in 2012.

The industry's heavy duty truck segment of 16 Tonne and above (HD) sale also dropped from 237,239 units in 2011 to 195,140 units in 2012, a drop of 17.8% in 2012 as against 12% growth in the previous year. However, ETB continued to grow in the HD truck segment, riding on the success of the VE series fuel efficient trucks and ended the year with a growth of 4.7% in the domestic market over 2011. ETB sold 7,699 trucks in 2012 as against 7,352 trucks in 2011 in the domestic market. ETB continues to follow sharply focussed strategy of targeting specific geography and segments with the right fit products in order to ensure superior value delivery to its customers.

ETB continued to build on its strong performance in the Bus segment. It recorded its all time high sale of 8521 units, a growth of 31.2% over previous year. This is a result of its efforts to widen its customer base and maintain superior product quality.

ETB exported 2,501 units in 2012 registering a drop of 19.5 % over 2011. This is against the industry drop of 13.2 % in exports.

Volvo Trucks India (VTI)

Volvo Trucks are marketed in niche segments dominated mainly by mining tippers and over dimensional cargo carrying prime movers. Over the years, Volvo Trucks has established a dominant position in this segment. Despite intense competition and pricing pressure in a weakening market due to mining issues, Volvo Trucks has maintained its supremacy through differentiated products and after market offerings driving high customer satisfaction.

Volvo Trucks recorded total sales of 569 units against 706 units in 2011, a decline of 19.3%.

Eicher Engineering Components (EEC)

The domestic components industry witnessed a tough period with slowdown in the automobile industry. Specifically, all the segments to which EEC is supplying components i.e. Tractors, Commercial Vehicles, Three Wheelers, etc. witnessed lower demand.

The construction of a new plant at Dewas was completed in December 2012. This plant has a capacity of 1,20,000 gears per month and will become fully operational by early 2013.

Eicher Engineering Solutions (EES)

This business is operated through an Engineering Design Centre at Gurgaon (EESG) along with Eicher Engineering Solution Inc., (USA) and its two subsidiaries viz. Hoff Auto Design (Shanghai) Co. Ltd. and Hoff Auto Design (Beijing) Co. Ltd.

The overall business revenue grew 6.5% over last year. EES successfully generated business from strategic customers and group companies.

MARKET AND FUTURE PROSPECTS OF SUBSIDIARY COMPANY'S BUSINESSES

VE Commercial Vehicles Limited, Eicher Motors 50:50 Joint Venture with AB Volvo, will complete five years in 2013. The journey has been very eventful and the symbiosis has been very clearly experienced by all stakeholders: dealers, suppliers, employees and shareholders. Since its inception in 2008, VECV has made capital investments of more than Rs. 1,300.00 crores in developing new manufacturing facilities, progressively upgrading of industrial capacity, developing new products and setting up world class systems and processes in all areas of the business.

VE Powertrain (VEPT) is the world class engine manufacturing facility with modern design and frugal engineering approach. VEPT is the first plant in India capable of producing Euro 6 engines, with variants of Euro 3/4 and 5. It has state-of-the-art technology with the highest level of automation in India. It has immense strategic importance as it will meet the requirements of Volvo Group's automotive medium duty engine and Eicher branded HD commercial vehicles. The terminal capacity of the plant would be 1,00,000 engines, to be achieved gradually. The production will commence in the second half of 2013.

The recently installed CED Paintshop is a giant leap in quality. It will ensure best cabin painting finish in the contemporary trucks in India. The corrosion resistance is significantly enhanced. The plant will have a capacity of 72,000 units/year production in the first phase expandable to 1,00,000 units/year in the second phase. ETB's new state-of-the-art Parts Distribution Centre has become operational. This will significantly enhance ETB's ability to provide a distinctly superior customer service. The new bus body plant will be completed in the first half of 2013. Increasing ETB's ability to provide superior product and better value to its customers. ETB continues to make excellent progress on developing new LMD and HD product platforms.

EEC created additional capacities for Transmission Gears by setting up its fourth manufacturing plant at Dewas. This new plant will cater to the requirements needed for increased volumes of ETB, VEPT, Royal Enfield and increased share of business from existing customers.

Eicher Trucks and Buses (ETB)

The year 2012 has been quite an eventful year for ETB. Apart from the excellent progress in various projects, ETB further consolidated its position with gain in market shares in all the segments.

Overall, CV growth in 5 Tonne and above category declined in 2012 as compared to last year. All categories in the heavy duty truck segment witnessed decline as the HD segment contracted by 17.8% in 2012. The high sale of vehicles in 2010 and 2011 in anticipation of high continuing growth has resulted in excess capacity coupled with the postponement of replacement demand owing to the current economic situation. Buses saw a moderate growth of 6.3% in 2012.

ETB recorded an excellent overall performance in 2012 with substantial increase in market share across all product segments. In 2013, the L&MD vehicles are expected to continue their strong contribution. It is also expected that the increasing acceptability and positive customer response to the 'VE' series of Heavy Duty trucks and increasing penetration of Heavy Duty buses would provide incremental volumes in 2013 and lead to improved growth prospects in the future. The new product platforms of both L&MD and HD commercial vehicles will provide a significant opportunity to ETB to enhance its customer value proposition.

There is emerging competition but ETB is in a strong position with the large number of products in its portfolio, the population base it has for its vehicles and also a strong, committed and expanding dealer network.

Volvo Trucks India (VTI)

2012 witnessed tough competition with pressure on price realisation. VT FM 480 10x4, the innovative Dump Truck launched from the Volvo stable in October 2012 has evinced

strong customer interest. VTI has launched extensive country-wide customer engagement activities focussing on the Value enhancers with the complete new range in Volvo Trucks.

Eicher Engineering Components (EEC)

Growth in business with domestic Original Equipment Manufacturers (OEMs) will be in line with the manufacturing plans of the domestic OEMs. However, owing to a higher share of business with OEMs, development of new products, upgradation of technology and meeting the increasing requirements of new strategic customers would be key for the long term success of EEC.

Eicher Engineering Solutions (EES)

The Engineering Services market continues to be an area of high opportunity and potential for growth. In 2012, EES improved its business from strategic customers and group companies and also deployed global resources for project execution.

MANAGEMENT DISCUSSION AND ANALYSIS

I INDUSTRY STRUCTURE AND DEVELOPMENT

In 2012, the two wheeler industry's growth rate lowered to 5.2%, after having grown 17.2% in 2011. Within the two wheeler industry, the motorcycle industry grew by 2.0% in 2012, as compared to 16.6% in 2011. The slowdown was witnessed across the two wheeler industry except for the scooter market which grew by 20.6% in 2012.

The volume and growth of the two wheeler and motorcycle industry are as below:

	2012	2011	Growth
Two Wheeler Industry (Nos.)	1,57,49,843	1,49,70,591	5.2%
Motorcycles (Nos.)	1,19,66,968	1,17,28,487	2.0%

Within all motorcycle segments, the growth momentum slowed down in 2012 as compared to 2011.

Segment	Growth in 2012 over 2011	Growth in 2011 over 2010
Economy segment (≤ 125 cc)	2.9%	15.0%
Executive segment (Above 125cc & ≤ 250 cc)	-12.2%	20.0%
Premium segment (Above 250cc)	56.5%	71.0%

While the two wheeler industry witnessed a muted growth in last year, the premium segment within the category continued with its upward swing. The trend of leisure motorcycling is evolving across the country, with its adoption by a growing customer population who are aspirational and have increased brand consciousness. This provides the premium motorcycle segment a significant potential for future growth.

Your Company's Royal Enfield unit has an extremely rich global heritage of practical leisure motorcycling of over a hundred years. Royal Enfield is a cult brand globally and has pioneered the leisure motorcycling culture in India. The brand's positioning and related marketing activities have both delighted the current customers and opened up avenues for attracting new customers. Royal Enfield's biggest connect with its customers and admirers is through its marquee rides that are organised throughout the year. These rides see participation from a cross-section of its customers and enthusiasts who take time off from their regular routines to ride out on their Royal Enfields to some of the most scenic locales within and outside the country. Riding is also promoted actively at the dealership levels.

Royal Enfield has also substantially expanded and upgraded its network across the country. In 2012 it added 63 new dealerships taking the total dealership network to 249. The Company plans to continue to expand its distribution aggressively over the next few years, so that it is more convenient for Royal Enfield customers to purchase a bike and have it repaired and increasingly so to purchase accessories and apparel as well. The Company's focus is

on providing a very unique, friendly and technically adept experience at its dealerships so that the customer truly appreciates every contact with the Company.

2. OPPORTUNITIES, THREATS AND OUTLOOK

The mega trends of India's economic growth will present tremendous opportunities for growth in the motorcycle segment and in leisure biking. Your Company's healthy

customer order book provides a clear indication of future growth. In spite of the slowdown across the automobile industry, Royal Enfield has achieved strong growth compared to 2011 and also achieved the record mark of 1,00,000 motorcycles in production and sales in a year for the first time.

2013 will witness the commercialisation of Royal Enfield's second manufacturing facility at Oragadam, Chennai. Upon completion it will be a state-of-the-art plant in terms of technology, equipment, material work flow and work practises. Your Company's management has planned and executed not only the construction of the facilities but also focussed on upgrading its supply chain to make it more robust and reliable and worked extensively with suppliers to improve the quality of input supplies.

Your Company continues to enlarge and enrich its product portfolio. At the 2012 Auto Expo, Royal Enfield previewed its new motorcycle Thunderbird 500 along with a range of well crafted, meticulously detailed and purpose built riding gear, apparels and accessories. These products were subsequently launched in October 2012 across key markets in the country. Along with the Thunderbird 500, Royal Enfield also launched the all new Thunderbird 350 that rides on the same design principle as that of the Thunderbird 500. These products were received exceedingly well by the customers. Both the Thunderbird 500 and the Thunderbird 350 were awarded the 'Bike of the Year' in their respective categories by ET Zigwheels and NDTV respectively. Royal Enfield was also recognised as the 'Two wheeler manufacturer of the year' and the 'Bike maker of the year' by NDTV and ET Zigwheels respectively.

The Royal Enfield Café Racer

For Royal Enfield, 2013 will also have some exciting products in store. The much awaited Café Racer motorcycle that was showcased at the Auto Expo 2012 will be launched in the second half of 2013. The new Bullet 500 will also be launched in early 2013.

In addition, your Company continues to build infrastructure and resource capability in product development. It is working on new platforms and models for its future range of motorcycles.

3. BUSINESS PERFORMANCE

Please refer section on 'Business Performance' in the Directors' Report.

4. RISKS AND CONCERNS

The Company regularly conducts a study to develop a comprehensive 360° view on the opportunities, risks and threats to the business. These include areas such as market trends, new competition, changing customer preferences, disruptions in supplies, product development, talent management, etc.

Key risks identified for the Royal Enfield unit are as follows:

1. Inability to timely ramp-up production to meet market demand and planned growth.
2. Entry of new players in the premium segment may pose (indirect) competition.
3. Loss of customer satisfaction and brand image due to quality issues.
4. Inability to grow exports volumes with current distributor model, current products and perceived quality.

The management has put in place a comprehensive 'Risk Management Mechanism' to manage these risks. To manage and mitigate the same, these risks are embedded in the various initiatives that the management will execute in 2013 and beyond. These plans are reviewed periodically with the Board of Directors of the Company.

5. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has a comprehensive system of internal control to safeguard the Company's assets against the loss from unauthorised use and ensure proper authorisation of financial transactions.

The Company has internal control systems commensurate with the size and nature of the business and has experienced personnel positioned adequately in the organisation to ensure internal control process and compliances. The Company takes abundant care in designing, reviewing and

monitoring regularly the working of inter control systems and internal control compliances for all important financial internal control processes. The Audit findings are reported on quarterly basis to the Audit Committee of the Board headed by a Non-executive Independent Director.

The Company has robust ERP systems based on SAP platform. This ensures a high degree of systems-based checks and controls.

The Company maintains a system of internal controls designed to provide a high degree of assurance regarding the effectiveness and efficiency of operations, the reliability of financial controls and compliance with laws and regulations.

6. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The details of the financial performance of the Company appear in the Balance Sheet, Statement of Profit and Loss and other financial statements appearing separately. Please refer the Directors' Report for highlights.

7. HUMAN RESOURCES

Industrial relations were cordial throughout the year and the Company has initiated many programmes on up-skilling its manpower. As an ongoing exercise, the Company has continued to look at, identify, create and execute seamlessly, initiatives which enhance productivity and efficiency.

The Company continues to invest in people through various initiatives which enable the workforce to meet out the production requirements and challenges related thereto and to infuse positive enthusiasm towards the organisation.

The Company's talent base (full time), as on December 31, 2012 stands at 927.

8. CAUTIONARY STATEMENT

Certain statements in the Management Discussion and Analysis describing the Company's view about the Industry, objectives and expectations, etc. may be considered as 'forward looking statements' within the meaning of applicable laws and regulations. Actual results may differ substantially or materially from those expressed or implied in the statement. The Company's operations may be affected with supply and demand situation, input prices and their availability, changes in government regulations, tax laws and other factors such as industrial relations and economic developments, etc. Investors should bear the above in mind.

AUDITORS' REPORT TO THE MEMBERS OF EICHER MOTORS LIMITED

1. We have audited the attached Balance Sheet of **EICHER MOTORS LIMITED** ("the Company") as at December 31, 2012, the Statement of Profit and Loss and the Cash Flow Statement of the Company for the year ended on that date, both annexed thereto. These financial statements are the responsibility of the Company's Management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and the disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by the Management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies (Auditor's Report) Order, 2003 (CARO) issued by the Central Government in terms of Section 227(4A) of the Companies Act, 1956, we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.
4. Further to our comments in the Annexure referred to in paragraph 3 above, we report as follows:
 - (a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this report are in agreement with the books of account;
 - (d) in our opinion, the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this report are in compliance with the Accounting Standards referred to in Section 211(3C) of the Companies Act, 1956;

In our opinion and to the best of our information and according to the explanations given to us, the said accounts give the information required by the Companies Act, 1956 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

 - (i) in the case of the Balance Sheet, of the state of affairs of the Company as at December 31, 2012;
 - (ii) in the case of the Statement of Profit and Loss, of the profit of the Company for the year ended on that date; and
 - (iii) in the case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.
5. On the basis of the written representations received from the Directors as on December 31, 2012 and taken on record by the Board of Directors, none of the Directors is disqualified as on December 31, 2012 from being appointed as a director in terms of Section 274(1)(g) of the Companies Act, 1956.

ANNEXURE TO THE AUDITORS' REPORT **(Referred to in paragraph 3 of our report of even date)**

Having regard to the nature of the Company's business/activities/result, clauses 4 (xiii) and (xiv) of the CARO are not applicable.

- (i) In respect of its fixed assets:
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of the fixed assets.
 - (b) As explained to us, the Company has a programme of physically verifying all of its fixed assets over a period of three years and in accordance therewith, physical verification of certain fixed assets of the Company was carried out during the year. In our opinion, the frequency of physical verification is reasonable having regard to the size of the Company and the nature of its fixed assets. The discrepancies noticed on such verification were not material and have been properly dealt with in the books of account.
 - (c) The fixed assets disposed off during the year, in our opinion, do not constitute a substantial part of the fixed assets of the Company and such disposal has, in our opinion, not affected the going concern status of the Company.
- (ii) In respect of its inventory:
 - (a) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals except for inventories lying with third parties at the end of the year for which confirmations have been obtained in most of the cases. In our opinion, the frequency of the verification was reasonable.
 - (b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventories followed by the Management were reasonable and adequate in relation to the size of the Company and the nature of its business.
 - (c) In our opinion and according to the information and explanations given to us, the Company has maintained proper records of its inventories and the discrepancies noticed on physical verification of inventories as compared to book records were not material and have been properly dealt with in the books of account.
- (iii) The Company has neither granted nor taken any loans, secured or unsecured, to/from companies, firms or other parties listed in the Register maintained under Section 301 of the Companies Act, 1956.
- (iv) In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business with regard to purchases of inventories and fixed assets and the sale of goods and services. During the course of our audit, we have not observed any major weakness in such internal control system.
- (v) In respect of contracts or arrangements entered in the Register maintained in pursuance of Section 301 of the Companies Act, 1956, to the best of our knowledge and belief and according to the information and explanations given to us:
 - (a) The particulars of contracts or arrangements referred to in Section 301 that needed to be entered in the Register maintained under the said Section have been so entered.
 - (b) Where each of such transaction is in excess of Rs.5 lakhs in respect of any party, the transactions have been made at prices which are prima facie reasonable having regard to the prevailing market prices at the relevant time.
- (vi) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 58A and 58AA or any other relevant provisions of the Companies Act, 1956 and the Companies (Acceptance of Deposits) Rules, 1975 with regard to the deposits accepted from the public. According to the information and explanations given to us, no order has been passed by the Company Law Board or the National Company Law Tribunal or the Reserve Bank of India or any Court or any other Tribunal.
- (vii) In our opinion, the Company has an adequate internal audit system commensurate with the size and the nature of its business.

- (viii) We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Accounting Records) Rules, 2011 prescribed by the Central Government under Section 209(1)(d) of the Companies Act, 1956 and are of the opinion that prima facie the prescribed cost records have been maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (ix) According to the information and explanations given to us in respect of statutory dues:
- (a) The Company has been regular in depositing undisputed dues, including Provident Fund, Investor Education and Protection Fund, Employees' State Insurance, Income-tax, Sales Tax, Wealth Tax, Service Tax, Customs Duty, Excise Duty, Cess and other material statutory dues applicable to it with the appropriate authorities. We are informed that there are no undisputed statutory dues as at the year end outstanding for a period of more than six months from the date they become payable.
- (b) According to the information and explanations given to us and the records of the Company examined by us, there are no disputed dues of Customs Duty, Wealth Tax and Cess matters.

According to the information and explanations given to us and the records of the Company examined by us, the details of disputed dues of Excise Duty, Sales Tax, Service Tax and Income Tax not deposited/deposited under protest as at December 31, 2012 are as follows:

*Amount as per demand orders including interest and penalty wherever indicated in the order.

The details of matters decided in favour of the Company where the department has preferred appeals at higher levels have not been considered in the above table.

- (x) The Company does not have any accumulated losses at the end of the financial year and has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xi) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of dues to banks. The Company has not taken any loan from financial institutions and has not issued debentures during the year.
- (xii) According to the information and explanations given to us, the Company has not granted any loans and advances during the year on the basis of security by way of pledge of shares, debentures and other securities.
- (xiii) According to the information and explanations given to us, the Company has not given any guarantee during the year for loans taken by others from banks or financial institutions.
- (xiv) In our opinion and according to the information and explanations given to us, the term loans have been applied for the purposes for which they were obtained.
- (xv) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet, we report that funds raised on short-term basis have not been used during the year for long-term investment.
- (xvi) As the Company has not made any preferential allotment of shares during the year, paragraph 4(xviii) of CARO is not applicable.
- (xvii) As the Company has not issued any debentures during the year, paragraph 4(xix) of CARO is not applicable.
- (xviii) Since the Company has not raised any money by way of public issue during the year, paragraph 4(xx) of CARO is not applicable.
- (xix) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

I. SIGNIFICANT ACCOUNTING POLICIES

(i) Basis of accounting

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

(ii) Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/ materialise.

(iii) Inventories

Inventories are valued at the lower of cost and moving weighted average price and the net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty.

(iv) Depreciation and amortisation

Depreciation has been provided on the straight-line method as per the rates prescribed in Schedule XIV to the Companies Act, 1956.

Assets costing less than Rs. 5,000 each are fully depreciated in the year of capitalisation.

Depreciation on addition to fixed assets is provided on pro-rata basis from the month the assets are put to use.

Depreciation on sale/deduction from fixed assets is provided for up to the previous month of sale, deduction, discardment as the case may be.

Intangible assets comprising of product design, prototypes, etc., either acquired or internally developed are amortised over a period of ten years, the estimated minimum useful life of the related products. Cost of software is amortised over a period of 5 years or less depending on the estimated useful life of asset.

The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern.

(v) Revenue recognition

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the dispatch of goods to customers. Sales include excise duty but exclude sales tax and value added tax. Revenues from maintenance contracts are recognised pro-rata over the period of the contract.

Interest income is recognised on a time proportionate basis taking into account the amount invested and rate applicable. Dividend income is accounted for when the right to receive it is established.

(vi) Tangible fixed assets

Fixed assets are carried at cost less accumulated depreciation and impairment losses, if any. The cost of fixed assets includes interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date. Subsequent expenditure relating to fixed assets is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Fixed assets acquired and put to use for project purpose are capitalised and depreciation thereon is included in the project cost till commissioning of the project.

Capital work-in-progress:

Projects under which assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

Pre-operative expenditure (pending allocation):

Expenses directly related to construction activity or incidental thereto, are allocated to fixed assets at the time of completion of the project.

(vii) Intangible assets

Intangible assets are carried at cost less accumulated amortisation and impairment losses, if any. The cost of an intangible asset comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable from the taxing authorities), and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Subsequent expenditure on an intangible asset after its purchase/completion is recognised as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.

(viii) Foreign currency transactions

Transactions denominated in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction.

Monetary items denominated in foreign currencies at the year-end are translated at the exchange rates prevailing on the Balance Sheet date. Non-monetary items denominated in foreign currencies are carried at cost.

Any income or expense on account of exchange differences either on settlement or on translation of transactions are charged to the Statement of Profit and Loss.

(ix) Investments

Long term investments are carried individually at cost, less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments includes acquisition charges such as brokerage, fees and duties.

(x) Employee benefits

Employee benefits includes gratuity, compensated absences and contribution to provident fund, employees' state insurance, superannuation fund.

Defined contribution plans

The Company's contribution to provident fund, employees' state insurance, superannuation fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made. In respect of certain employees, provident fund contributions are made to a Trust where the interest rate payable to the members of such Trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the Company. The remaining contributions are made to a government administered provident fund towards which the Company has no further obligations beyond its monthly contributions.

Defined benefit plans

For defined benefit plans in the form of gratuity, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the Balance Sheet date. The cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date and actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service.

(xi) Leases

Lease rentals in respect of assets that are in the nature of operating leases are expensed with reference to lease terms.

(xii) Borrowing costs

Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction/development of the qualifying asset upto the date of capitalisation of such asset is added to the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

(xiii) Earnings per share

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

(xiv) Income taxes

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. The provision for taxation for the year ended December 31, 2012 comprises the residual tax liability for the assessment year 2012-13 relevant to the year April 1, 2011 to March 31, 2012 and the liability, which has accrued on the profit for the period April 1, 2012 to December 31, 2012, under the provisions of the Income-tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised.

(xv) Research and development expenses

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technological feasibility has been established, in which case such expenditure is capitalised. The amount capitalised comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. Fixed assets utilised for research and development are capitalised and depreciated in accordance with the policies stated for Tangible Fixed Assets and Intangible Assets.

(xvi) **Impairment of assets**

The carrying values of assets/cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss.

(xvii) **Provisions and contingencies**

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

(xviii) **Employee share based payments**

The Company has formulated Employee Stock Option Scheme (ESOS) in accordance with the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999. The Scheme provides for grant of options to employees of the Company and its subsidiaries to acquire equity shares of the Company that vest in a graded manner and that are to be exercised within a specified period. In accordance with the SEBI Guidelines, the Company has constituted an Employee Stock Option Plan – 2006. Employee Stock Options granted by the Company are accounted under the 'Intrinsic Value Method' stated in the Guidance Note on Employee Share Based Payments issued by the Institute of Chartered Accountants of India.

(xix) **Provision for warranty**

The estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures. The timing of outflows will vary as and when warranty claim will arise.

As per the terms of the contracts, the Company provides post-contract services/warranty support to some of its customers. The Company accounts for the post-contract support/provision for warranty on the basis of the information available with the Management duly taking into account the current and past technical estimates.

50. Hitherto in terms of Old Schedule VI to the Companies Act, 1956, the Company was recognising income from dividend declared by its subsidiary company, i.e. VE Commercial Vehicles Limited (VECVL) even after the date of the Balance Sheet if they were pertaining to the period on or before the Balance sheet date. This requirement no longer exists in the Revised Schedule VI. Accordingly, the Company as per AS – 9 'Revenue Recognition' has decided to recognise dividend from subsidiary companies as income only when the right to receive dividends is established as on the Balance Sheet date. Had the Company recognised dividend from VECVL as income as per Old Schedule VI, the profit for the year would have been higher by Rs. 40.80 crores.

51. Figures in brackets represent previous year's figures.

52. The revised schedule VI has become effective for the accounting year commencing on or after 1 April, 2011 for the preparation of financial statements. This has significantly impacted the disclosure and presentation made in the financial statements. Previous year's figure have been regrouped/reclassified wherever necessary to correspond with the current year's classification/disclosure.

AUDITORS' REPORT TO THE BOARD OF DIRECTORS OF EICHER MOTORS LIMITED

1. We have audited the attached Consolidated Balance Sheet of **EICHER MOTORS LIMITED** ("the Company"), its subsidiaries and jointly controlled entity (the Company, its subsidiaries and jointly controlled entity constitute "the Group") as at December 31, 2012, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement of the Group for the year ended on that date, both annexed thereto. The Consolidated Financial Statements include the jointly controlled entity accounted in accordance with Accounting Standard 27 (Financial Reporting of Interests in Joint Ventures) as notified under the Companies (Accounting Standards) Rules, 2006. These financial statements are the responsibility of the Company's Management and have been prepared on the basis of the separate financial statements and other financial information regarding components. Our responsibility is to express an opinion on these Consolidated Financial Statements based on our audit.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and the disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by the Management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We did not audit the financial statements of subsidiaries, viz., Eicher Engineering Solutions, Inc., U.S.A., Hoff Auto Design (Beijing) Co. Ltd. and Hoff Auto Design (Shanghai) Co. Ltd., whose financial statements reflect total assets of Rs.16.17 crores as at December 31, 2012, total revenues of Rs.52.12 crores and net cash inflows amounting to Rs.1.10 crores for the year ended on that date as considered in the Consolidated Financial Statements. These financial statements have been audited by other auditors whose reports have been furnished to us and our opinion in so far as it relates to the amounts included in respect of these subsidiaries is based solely on the reports of the other auditors.
4. We report that the Consolidated Financial Statements have been prepared by the Company's management in accordance with the requirements of Accounting Standard 21 (Consolidated Financial Statements) and Accounting Standard 27 (Financial Reporting of Interests in Joint Ventures) as notified under the Companies (Accounting Standards) Rules, 2006.
5. *As indicated in note 35 of the consolidated financial statements, no provision has been made for MODVAT balance amounting to Rs.8.21 crores which had lapsed. Had such provision been made, the profits for the year and the reserves and surplus would have been lower by Rs.8.21 crores.*

The matter referred to in paragraph above, to the extent covered here above was also the subject matter of qualification in our audit report on the consolidated financial statements for year ended December 31, 2011.

6. Based on our audit and on consideration of the separate audit reports on individual financial statements of the Company, its aforesaid subsidiaries and jointly controlled entity, and to the best of our information and according to the explanations given to us, *Subject to the matter referred to in paragraph 5 above*, in our opinion, the Consolidated Financial Statements give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (i) in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at December 31, 2012;
 - (ii) in the case of the Consolidated Statement of Profit and Loss, of the profit of the Group for the year ended on that date; and
 - (iii) in the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

I. Basis of consolidation and significant accounting policies

(a) Basis of consolidation

The consolidated financial statements relate to Eicher Motors Limited (the Company), its subsidiary companies and joint venture. The Company, its subsidiaries and joint venture constitute the Group.

(i) Basis of preparation

The financial statements are prepared under the historical cost convention on an accrual basis of accounting in accordance with the generally accepted accounting principles, Accounting Standards notified under Section 211 (3C) of the Companies Act, 1956 and the relevant provisions thereof.

(ii) Principles of consolidation

The consolidated financial statements have been prepared on the following basis:

- i. The financial statements of the subsidiary companies and joint venture used in the consolidation are drawn upto the same reporting date as of the Company i.e. year ended December 31, 2012.
- ii. The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses. The intra-group balances and intra-group transactions and unrealised profits have been fully eliminated.
- iii. The financial statements of the joint venture company have been combined by using proportionate consolidation method and accordingly, venturer's share of each of the assets, liabilities, income and expenses of jointly controlled entity is reported as separate line items in the Consolidated Financial Statements.
- iv. The excess of cost to the Company of its investments in the subsidiary companies and joint venture over its share of equity of the subsidiary companies and joint venture, at the dates on which the investments in the subsidiary companies and joint ventures are made, is recognised as 'Goodwill' being an asset in the consolidated financial statements. Alternatively, where the share of equity in the subsidiary companies and joint ventures as on the date of investment is in excess of cost of investment of the Company, it is recognised as 'Capital Reserve' and shown under the head 'Reserves and Surplus', in the consolidated financial statements.
- v. Minority interest in the net assets of consolidated subsidiaries consists of the amount of equity attributable to the minority shareholders at the dates on which investments are made by the Company in the subsidiary companies and further movements in their share in the equity, subsequent to the dates of investments as stated above.

(iii) The following subsidiary companies are considered in the consolidated financial statements:

Name of the subsidiary company	Country of Incorporation	% voting power held as at December 31, 2012	% voting power held as at December 31, 2011
Direct subsidiary			
VE Commercial Vehicles Limited	India	54.4%	54.4%
Indirect subsidiaries*			
Eicher Engineering Solutions, Inc. (EES, Inc.)	U.S.A.	54.4%	54.4%
Hoff Auto Design (Beijing) Co. Ltd. (100% subsidiary company of EES, Inc.)	China	54.4%	54.4%
Hoff Auto Design (Shanghai) Co. Ltd. (100% subsidiary company of EES, Inc.)	China	54.4%	54.4%

*Effective holding % of the Company through its subsidiary.

- (iv) The following joint venture company is considered in the consolidated financial statements:

Name of the subsidiary company	Country of Incorporation	% ownership interest as at December 31, 2012	% ownership interest as at December 31, 2011
Eicher Polaris Private Limited*	India	50%	-

*w.e.f October 10, 2012.

(b) Significant accounting policies

(i) Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialise.

(ii) Inventories

Inventories are valued at the lower of cost and moving weighted average price and the net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty.

(iii) Depreciation and amortisation

Depreciation has been provided on the straight-line method as per the rates prescribed in Schedule XIV to the Companies Act, 1956.

Assets costing less than Rs. 5,000 each are fully depreciated in the year of capitalisation.

Depreciation on addition to fixed assets is provided on pro-rata basis from the month the assets are put to use.

Depreciation on sale/deduction from fixed assets is provided for up to the previous month of sale, deduction, discardment as the case may be.

Intangible assets comprising of product design, prototypes, etc., either acquired or internally developed are amortised over a period of ten years, the estimated minimum useful life of the related products. Cost of software is amortised over a period of 5 years or less depending on the estimated useful life of asset.

The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern.

Depreciation on fixed assets in case of EES Inc., and its subsidiary companies, is charged on the straight line method on a prorata basis from the month the assets are put to use using the estimated lives specified under the Internal Revenue Service. The estimated lives for various categories of the assets are as follows:

Type of Asset	Estimated useful life
Company software	3 years
Office equipment	5 years
Furniture and fixtures	7 years
Plant and machinery	7 years

(iv) Revenue recognition

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the dispatch of goods to customers. Sales include excise duty but exclude sales tax and value added tax. Revenues from maintenance contracts are recognised pro-rata over the period of the contract. Interest income is recognised on a time proportionate basis taking into account the amount invested and rate applicable. Dividend income is accounted for when the right to receive it is established.

(v) Tangible fixed assets

Fixed assets are carried at cost less accumulated depreciation and impairment losses, if any. The cost of fixed assets includes interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date. Subsequent expenditure relating to fixed assets is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Fixed assets acquired and put to use for project purpose are capitalised and depreciation thereon is included in the project cost till commissioning of the project.

Capital work-in-progress:

Projects under which assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

Pre-operative expenditure (pending allocation):

Expenses directly related to construction activity or incidental thereto, are allocated to fixed assets at the time of completion of the project.

(vi) Intangible assets

Intangible assets are carried at cost less accumulated amortisation and impairment losses, if any. The cost of an intangible asset comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable from the taxing authorities), and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Subsequent expenditure on an intangible asset after its purchase/completion is recognised as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.

(vii) Foreign currency transactions

Transactions denominated in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction.

Monetary items denominated in foreign currencies at the year-end are translated at the exchange rates prevailing on the Balance Sheet date. Non-monetary items denominated in foreign currencies are carried at cost.

Any income or expense on account of exchange differences either on settlement or on translation of transactions are charged to the Statement of Profit and Loss.

In case of foreign subsidiary companies, the assets and liabilities have been translated into Indian Rupees at the closing exchange rate at the year end whereas revenues and expenses reflected in the statement of profit and loss have been translated into Indian Rupees at annual average exchange rate for the reporting period. The resultant translation exchange differences are accumulated in "Foreign currency translation reserve" to be recognised as income or expense in the period in which net investment in concerned foreign subsidiary companies is disposed off.

(viii) Investments

Long term investments are carried individually at cost, less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments includes acquisition charges such as brokerage, fees and duties.

(ix) Employee benefits

Employee benefits includes compensated absences, long service awards and contribution to provident fund, employees' state insurance, superannuation fund, gratuity fund.

Defined contribution plans

The Company's contribution to provident fund, employees' state insurance, superannuation fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made. In respect of certain employees, provident fund contributions are made to a Trust where the interest rate payable to the members of such Trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the Company. The remaining contributions are made to a government administered provident fund towards which the Company has no further obligations beyond its monthly contributions.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

Long-term employee benefits

Compensated absences and long service awards which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the Balance Sheet date. The cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date and actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service.

(x) Leases

Lease rentals in respect of assets that are in the nature of operating leases are expensed with reference to lease terms.

(xi) Borrowing costs

Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction/development of the qualifying asset upto the date of capitalisation of such asset is added to the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

(xii) Earnings per share

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

(xiii) Income taxes

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961 and applicable tax laws in case of foreign subsidiary companies. The provision for taxation for the year ended December 31, 2012 comprises the residual tax liability for the assessment year 2012-13 relevant to the year April 1, 2011 to March 31, 2012 and the liability, which has accrued on the profit for the period April 1, 2012 to December 31, 2012, under the provisions of the Income-tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised.

(xiv) Research and development expenses

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technological feasibility has been established, in which case such expenditure is capitalised. The amount capitalised comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. Fixed assets utilised for research and development are capitalised and depreciated in accordance with the policies stated for Tangible Fixed Assets and Intangible Assets.

(xv) Impairment of assets

The carrying values of assets/cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss.

(xvi) Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

(xvii) Employee share based payments

The Company has formulated Employee Stock Option Scheme (ESOS) in accordance with the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999. The Scheme provide for grant of options to employees of the Company and its subsidiaries to acquire equity shares of the Company that vest in a graded manner and that are to be exercised within a specified period. In accordance with the SEBI Guidelines, the Company has constituted an Employee Stock Option Plan - 2006. Employee Stock Options granted by the Company are accounted under the 'Intrinsic Value Method' stated in the Guidance Note on Employee Share Based Payments issued by the Institute of Chartered Accountants of India.

(xviii) Provision for warranty

The estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures. The timing of outflows will vary as and when warranty claim will arise.

As per the terms of the contracts, the Company provides post-contract services/warranty support to some of its customers. The Company accounts for the post-contract support/provision for warranty on the basis of the information available with the Management duly taking into account the current and past technical estimates.

35. Pursuant to the issuance of Notification No. CE(NT)-11/95 dated March 16, 1995 by the Central Government in terms of section 37 of the Central Excise Act, 1944, unutilised MODVAT balance amounting to Rs. 8.21 crores standing to the credit of the Company as on March 16, 1995 was to lapse. Subsequent thereto, on a writ petition filed by the Company, on the grounds that it is discriminatory, unreasonable, arbitrary and ultra vires Article 14 of the Constitution of India and against the principle of promissory estoppel, the Supreme Court struck down the aforesaid notification by its judgement dated January 28, 1999, thus vindicating the Company's stand. The Supreme Court ruled that the said notification and the amended rule 57(f) cannot be applied as it affected the vested rights of the assessee and Government of India does not have powers under section 37 of the Central Excise Act, 1944 to make a rule in this manner. The entire MODVAT balance amounting to Rs. 8.21 crores thus became available to the Company for excise duty payments. However, in spite of the favourable judgment of the Supreme Court, section 37 of the Central Excise Act, 1944 was amended by the Finance Act, 1999, with retrospective effect from March 16, 1995, to validate the said notification issued by the Central Government by providing it necessary powers to lapse the credit of duty lying unutilised with any manufacturer. The Company has utilized an amount of Rs. 0.51 crore between the date of the Order of the Supreme Court, i.e., February 05, 1999 and the date of enactment of the Finance Act, 1999, i.e., May 11, 1999.

Based on favourable legal advice, the Company has along with other affected manufacturers challenged the aforesaid amendment before the Delhi High Court. The Delhi High Court, by its Order dated April 26, 2000, issued notice to Government of India and granted an interim stay on the recovery of the utilised portion of MODVAT credit to the extent of Rs. 0.51 crore. In 2008 the MODVAT balance was transferred to VECVL by the Company under the slump sale of CV business as per Business Purchase Agreement (BPA) with the Company. Pending disposal of the case, no provision is considered necessary in VECVL in respect of the MODVAT balance of Rs. 8.21 crores lying unutilized as on March 16, 1995. The net amount of Rs. 7.70 crores after utilisation of Rs. 0.51 crore has been carried forward under the head "Balances with government authorities" under long term loans and advances in note '14'.

Format of covering letter of the annual audit report to be filed with the stock exchanges

1	Name of the Company	Eicher Motors Limited
2	Annual consolidated financial statements for the year ended	31 st December, 2012
3	Type of Audit observation	Qualified - Audited Consolidated Financial Statements
4	Frequency of observation	The matter was reflected in the Consolidated Financial Statements since financial year ended December 31, 2008.
5	Draw attention to relevant notes in the annual financial statements and management response to the qualification in the directors report	<p>The subject matter of the qualification is the non-provisioning for MODVAT balance of Rs. 8.21 crores in the consolidated financial statements.</p> <p>Note No. 35 of the Consolidated Financial Statements on Page No. 110 -111 of the annual report which explains the accounting treatment is reproduced below for ready reference:</p> <p>"Pursuant to the issuance of Notification No. CE(NT)-11/95 dated March 16, 1995 by the Central Government in terms of section 37 of the Central Excise Act, 1944, unutilised MODVAT balance amounting to Rs. 8.21 crores standing to the credit of the Company as on March 16, 1995 was to lapse. Subsequent thereto, on a writ petition filed by the Company, on the grounds that it is discriminatory, unreasonable, arbitrary and ultra vires Article 14 of the Constitution of India and against the principle of promissory estoppel, the Supreme Court struck down the aforesaid notification by its judgement dated January 28, 1999, thus vindicating the</p>

Company's stand. The Supreme Court ruled that the said notification and the amended rule 57(f) cannot be applied as it affected the vested rights of the assessee and Government of India does not have powers under section 37 of the Central Excise Act, 1944 to make a rule in this manner. The entire MODVAT balance amounting to Rs. 8.21 crores thus became available to the Company for excise duty payments. However, inspite of the favourable judgment of the Supreme Court, section 37 of the Central Excise Act, 1944 was amended by the Finance Act, 1999, with retrospective effect from March 16, 1995, to validate the said notification issued by the Central Government by providing it necessary powers to lapse the credit of duty lying unutilised with any manufacturer. The Company has utilized an amount of Rs. 0.51 crore between the date of the Order of the Supreme Court, i.e., February 05, 1999 and the date of enactment of the Finance Act, 1999, i.e., May 11, 1999.

Based on favourable legal advice, the Company has along with other affected manufacturers challenged the aforesaid amendment before the Delhi High Court. The Delhi High Court, by its Order dated April 26, 2000, issued notice to Government of India and granted an interim stay on the recovery of the utilised portion of MODVAT credit to the extent of Rs. 0.51 crores. In 2008 the MODVAT balance was transferred to VE Commercial Vehicles Limited (VECVL), a subsidiary company, by the Company under the slump sale of CV business as per Business Purchase Agreement (BPA) with the Company. Pending disposal of the case, no provision is considered necessary in VECVL in respect of the MODVAT balance of Rs. 8.21 crores lying unutilized as on March 16, 1995.

The net amount of Rs. 7.70 crores after utilisation of Rs. 0.51 crore has been carried forward under the head "Balances with government authorities" under long term loans and advances in note '14'.

ASD

The above matter has been qualified by the Auditors in their Report dated February 12, 2013 on the Consolidated Financial Statements. Refer paragraph 5 of the Auditors' Report which is reproduced below for ready reference:

"As indicated in note 35 of the Consolidated Financial Statements, no provision has been made for MODVAT balance amounting to Rs.8.21 crores which had lapsed. Had such provision been made, the profit for the year and the reserves and surplus would have been lower by Rs.8.21 crores." (Refer Page No. 83 in the annual report).

In the Directors' Report dated February 12, 2013 with regard to above qualification, it is stated that:

"With reference to para 5 of the Auditors' Report on the Consolidated Financial Statements for the year ended December 31, 2012, please refer Note No. 35 in the Notes to Accounts of the Consolidated Financial Statements for the year ended December 31, 2012, which is self-explanatory." (Refer paragraph "Auditors' Report" on Page No. 22 of the annual report).

Note: Prior to transfer of CV business into VECVL by Eicher Motors Limited, this was a subject matter of qualification in the Auditors' Report on the Standalone Financial Statements of Eicher Motors Limited for the years ended March 31, 1995 to March 31, 2008.

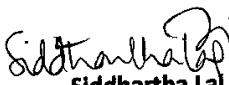

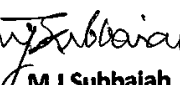

6	Additional comments from the board/audit committee chair	The comments of the Board of Directors and Audit Committee are as stated in Note no. 35 of the Consolidated Financial Statements which has been reproduced in Sr. No. 5 above.
