NOTES:

1. A member entitled to attend and vote at the Annual General Meeting is entitled to appoint a proxy to attend and vote instead of himself/herself, and that a proxy need not be a member of the company. A proxy can vote on behalf of the member only on a poll but shall not have the right to speak at the meeting (Section 105 of Companies Act, 2013) and the proxy need not be a member of the company. A person can act as proxy on behalf of members not exceeding fifty (50) and holding in the aggregate not more than 10% of the total share capital of the company carrying voting rights. A member holding more than 10% of the total share capital of the company carrying voting rights may appoint a single person as proxy, who shall not act as a proxy for any other person or shareholder. The appointment of proxy shall be in the Form No. MGT.11 annexed herewith
2. The instrument appointing the proxy, in order to be effective, must be deposited, duly completed and signed, at the registered office of the company not less than (48) Forty-Eight Hours before the commencement of the AGM. Proxies submitted on behalf of the companies, societies etc., must be supported by an appropriate resolution/authority, as applicable.
3. Corporate Members intending to send their authorized representatives to attend the meeting are requested to send a certified true copy of the board resolution/power of attorney authorizing their representative(s) to attend and vote on their behalf at the meeting.
4. In order to enable us to register your attendance at the venue of the Annual General Meeting, we hereby request members/ proxies/ authorized representative that they should bring the duly filled attendance slip enclosed herewith, to attend the meeting and to quote their Folios/Client ID & DP Nos. in all correspondence. Members are requested to bring their copies of Notice to the Meeting as the same will not be redistributed at the venue of Annual General Meeting.
5. Only bonafide members of the Company whose names appear on the Register of Members/Proxy holders, in possession of valid attendance slips duly filled and signed will be permitted to attend the meeting. The Company reserves its right to take all steps as may be deemed necessary to restrict non-members from attending the meeting.
6. In case of joint holders attending the meeting, only such joint holder who is higher in the order of their names as mentioned in the register of members will be entitled to vote.
7. The Register of Members and Share Transfer Books of the Company shall remain closed during the book closure period i.e **from September 24, 2018 to September 29, 2018 (both days inclusive)**.
8. The voting rights of shareholders shall be in proportion to their shares of the paid up equity share capital of the Company as on **September 22, 2018, being the cut-off date**. Members are eligible to cast vote electronically only if they are holding shares as on that date.
9. Members holding shares in dematerialized form are requested to intimate all changes pertaining to their bank details, National Electronic Clearing Service (NECS), Electronic Clearing Service (ECS), mandates, nominations, power of attorney, change of address, change of name and e-mail address, etc., to their Depository Participant only and not to the Company's Registrars and Transfer Agents, M/s. Beetal Financial & Computer Services Private Limited.
10. Changes intimated to the Depository Participant will then be automatically reflected in the Company's records which will help the Company and M/s. Beetal Financial & Computer Services Private Limited to provide efficient and better services. Members holding shares in physical form are requested to intimate such changes to M/s. Beetal Financial & Computer Services Private Limited.
11. **Members holding shares in physical form are advised to submit particulars of their bank account, viz. name and address of the branch of the bank, MICR code of the branch, type of account and account number to our Registrar and Share Transfer Agent, M/s. Beetal Financial & Computer Services Private Limited.**
12. Pursuant to Section 72 of Companies Act, 2013, member(s) of the Company may nominate a person in whom the shares held by him/them shall vest in the event of his/their unfortunate death. Member(s) holding shares

in physical form may file nomination in the prescribed Form SH-13 with the Company's RTA. In respect of shares held in dematerialized form, the nomination form may be filed with the respective Depository Participant.

13. With the aim of curbing fraud and manipulation risk in physical transfer of securities, SEBI has notified the SEBI (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2018 on June 8, 2018 to permit transfer of listed securities only in the dematerialized form with a depository. In view of the above and the inherent benefits of holding shares in electronic form, we urge the shareholders holding shares in physical form to opt for dematerialization on or before December 05, 2018.
14. In accordance with the Companies Act, 2013 read with the Rules and in support of the '**Green Initiative in Corporate Governance**' the notice of the meeting along with explanatory statement is sent by electronic mode to those members whose shareholding is in dematerialised format and whose email ids are registered with the Depository for communication purposes. The members holding shares in physical form and who have not registered their email ID are requested to register their email ID addresses with M/s Beetal Financial & Computer Services Private Limited, the Company's Registrars and Share Transfer Agents. We urge members to support our commitment to environment protection by choosing to receive their shareholding communication through email. You can do this by updating your email addresses with your depository participants.
15. The Company has appointed M/s. S. Khurana & Associates, Practicing Company Secretary (Membership Number-35297) to act as the Scrutinizer for conducting the e-voting process/ ballot process in a fair and transparent manner.
16. During the period beginning 24 hours before the time fixed for the commencement of the meeting and ending with the conclusion of meeting, a member would be entitled to inspect the proxies lodged during the business hours of the Company, provided that not less than three days notice in writing is given to the Company.
17. Details as required in sub-regulation (3) of Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") and Secretarial Standard on General Meeting (SS-2) of ICSI in respect of the Directors seeking appointment/re-appointment at the AGM, forms integral part of the Notice of the AGM. The details of the Directors seeking re-appointment at the Annual General Meeting are provided in Annexure A of this Notice. The Company has received the necessary consents/declarations for the Appointment/re-appointment under the Companies Act, 2013 and the rules thereunder.
18. At the 28th Annual General Meeting of the Company held on September 28, 2017, pursuant to the provision of Section 139 of the Companies Act, 2013 and other applicable provisions of the Companies Act, 2013, the members approved appointment of M/s Raj Gupta & Co., Chartered Accountants (Firm Registration No. 000203N), as Statutory Auditors of the Company to hold office for a period of five years from the conclusion of that Annual General Meeting till the conclusion of the 33rd Annual General Meeting, subject to ratification of their appointment by members at every Annual General Meeting. Vide notification dated May 7, 2018, the Companies Act, 2013 get amended by Companies (Amendment) Act, 2017 and the Ministry of Corporate Affairs via this amendment has done away with the requirement of seeking ratification of members for appointment of auditors at every Annual General Meeting. Accordingly, final ratification resolution up to 33rd Annual General Meeting is being proposed for ratification of appointment of statutory auditors at the 29th Annual General Meeting for good governance.
19. The Route Map to the AGM Venue is provided as a part of this Notice as required under Secretarial Standards.
20. A statement pursuant to Section 102(1) of the Companies Act, 2013 relating to certain ordinary business and the special business to be transacted at the Annual General Meeting is annexed hereto. All documents referred to in the accompanying notice and the explanatory statement shall be open for inspection at the Registered Office of the Company during business hours except on holidays, up to and including the date of the Annual General Meeting.
21. The Notice of the Annual General Meeting is also uploaded on the website of the Company (www.aiml.in). The Notice of Annual General Meeting is being sent to all the members whose names appear in the Register of Members as on **August 17th, 2018**.

22. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Member(s) holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to the Company/RTA. SEBI has also mandated that for registration of transfer of securities, the transferee(s) as well as transferor(s) shall furnish a copy of their PAN card to the Company /RTA for registration of transfer of securities.
23. In case of any queries, members may write to alliance.intgd@rediffmail.com to receive an email response.
24. Pursuant to provisions of Section 108 of the Companies Act, 2013 and Rule 20 of the Companies (Management and Administration) Rules, 2014, the e-voting period commences on **Wednesday, September 26, 2018 (9:00 a.m. IST) and ends on Friday, September 28, 2018 (5:00 p.m. IST)**. During this period, members holding share either in physical or dematerialized form, as on the cut-off date, i.e. September 22, 2018 may cast their vote electronically. The e-voting module will be disabled by CDSL for voting thereafter. A member will not be allowed to vote again on any resolution for which the vote has already been cast. The voting rights of members shall be proportionate to their share of the paid-up equity share capital of the Company as on the cut-off date, i.e **September 22, 2018**. E-voting rights cannot be exercised by a proxy, though corporate and institutional shareholders shall be entitled to vote through their authorized representatives with proof of their authorization.
25. **Voting through electronic means (e-voting):** Pursuant to provisions of Section 108 of the Companies Act, 2013 and Rule 20 of the Companies (Management and Administration) Rules, 2014 substituted by the Companies (Management and Administration) Amendment Rules, 2015 read with Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company has provided a facility to the members to exercise their right to vote electronically through electronic voting (e-voting) service facility provided/made available by the Central Depository Services (India) Limited (CDSL). The facility for voting through ballot paper will also be made available at the venue of the Annual General Meeting (AGM) and the members who have not already cast their votes by remote e-voting shall be able to exercise their right to vote at the said AGM. Members who have cast their votes by remote evoting prior to the AGM may attend the AGM but shall not be allowed to vote again. The instructions for e-voting are annexed to the Notice. In case of joint holders attending the meeting, only such joint holder, who is higher in the order of names, will be entitled to vote. Since the resolutions set out in this Notice are being conducted through e-voting, the said resolutions will not be decided on show of hands at the AGM in terms of Section 107 of the Companies Act, 2013.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. GLOBAL ECONOMIC OVERVIEW

Global economic activity continues to firm up. Global output is estimated to have grown by 3.7 percent in 2017, which is 0.1 percentage point faster than projected in the fall and ½ percentage point higher than in 2016. The pickup in growth has been broad based, with notable upside surprises in Europe and Asia. Global growth forecasts for 2018 and 2019 have been revised upward by 0.2 percentage point to 3.9 percent. The revision reflects increased global growth momentum and the expected impact of the recently approved U.S. tax policy changes.

2. INDIAN ECONOMIC OVERVIEW

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organisation (CSO) and International Monetary Fund (IMF) and it is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships. India's GDP is estimated to have increased 6.6 per cent in 2017-18 and is expected to grow 7.3 per cent in 2018-19.

Market size

India's gross domestic product (GDP) at constant prices grew by 7.2 per cent in September-December 2017 quarter as per the Central Statistics Organisation (CSO). Corporate earnings in India are expected to grow by 15-20 per cent in FY 2018-19 supported by recovery in capital expenditure, according to JM Financial.

The tax collection figures between April 2017- February 2018 show an increase in net direct taxes by 19.5 per cent year-on-year and an increase in net direct taxes by 22.2 per cent year-on-year.

India has retained its position as the third largest start up base in the world with over 4,750 technology start-ups, with about 1,400 new start-ups being founded in 2016, according to a report by NASSCOM.

India's labour force is expected to touch 160-170 million by 2020, based on rate of population growth, increased labour force participation, and higher education enrolment, among other factors, according to a study by ASSOCHAM and Thought Arbitrage Research Institute.

India's foreign exchange reserves were US\$ 422.53 billion in the week up to March 23, 2018, according to data from the RBI.

Government Initiatives

The Union Budget for 2018-19 was announced by Mr Arun Jaitley, Union Minister for Finance, Government of India, in Parliament on February 1, 2018. This year's budget will focus on uplifting the rural economy and strengthening of the agriculture sector, healthcare for the economically less privileged, infrastructure creation and improvement in the quality of education of the country. As per the budget, the government is committed towards doubling the farmers' income by 2022. A total of Rs 14.34 lakh crore (US\$ 225.43 billion) will be spent for creation of livelihood and infrastructure in rural areas. Budgetary allocation for infrastructure is set at Rs 5.97 lakh crore (US\$ 93.85 billion) for 2018-19. All-time high allocations have been made to the rail and road sectors.

3. INDIAN INFRASTRUCTURE SECTOR

The infrastructure sector has become a focus area of the Government of India. Under Union Budget 2017-18, US\$ 61.92 billion was allocated to the sector.

Increased impetus to develop infrastructure in the country is attracting both domestic and international players. Private sector is emerging as a key player across various infrastructure segments, ranging from roads and communications to power and airports. In order to boost the construction of buildings in the country, the Government of India has decided to come up with a single window clearance facility to accord speedy approval of construction projects.

Significant allocation to the infrastructure sector in the 12th Five-Year Plan, and investment requirement of US\$ 1 trillion is expected to create huge demand for construction equipment in India. The country needs around 55 new airports by 2030 with an investment of US\$ 36-45 billion. In the road's sector, the government's policy to increase private sector participation has proved to be a boon for the infrastructure industry with a large number of private players entering the business through the public-private partnership (PPP) model. During the next five years, investment through PPP is expected to be US\$ 31 billion. India has a requirement of investment worth Rs 50 trillion (US\$ 777.73 billion) in infrastructure by 2022 to have sustainable development in the country.

Sectors like power transmission, roads & highways and renewable energy will drive the investments in the coming years. In October 2017, road projects worth Rs 6.92 trillion (US\$ 107.64 billion) were approved to build an 83,677 km road network in the country. In August 2017, a new Metro Rail Policy was announced to boost private investment in the sector. In January 2018, the National Investment and Infrastructure Fund (NIIF) partnered with UAE-based DP World to create a platform that mobilise investments worth US\$ 3 billion into ports, terminals, transportation, and logistics businesses in India. The Government is also working on improving energy infrastructure in the country and investment opportunities worth US\$ 300 billion will be available in the sector in the coming 10 years.

4. INDIA POWER SECTOR

Power is one of the most critical components of infrastructure crucial for the economic growth and welfare of nations. The existence and development of adequate infrastructure is essential for sustained growth of the Indian economy.

In May 2018, India ranked 4th in the Asia Pacific region out of 25 nations on an index that measures their overall power.

Total installed capacity of power stations in India stood at 343.79 Gigawatt (GW) as on April, 2018.

Investment Scenario

Between April 2000 and December 2017, the industry attracted US\$ 12.97 billion in Foreign Direct Investment (FDI), accounting for 3.52 per cent of total FDI inflows in India. Some major investments and developments in the Indian power sector are as follows:

- Energy Efficiency Services Ltd (EESL) has raised US\$ 454 million from Global Environment Facility (GEF) for its energy-efficiency projects in an attempt to boost India's move towards becoming a low carbon economy.
- IL&FS Financial Services Ltd has partnered with Jammu and Kashmir (J&K) Bank Ltd to finance nine hydropower projects in J&K with a total capacity of 2,000 MW, which require financing of around Rs 20,000 crore (US\$ 3.12 billion).
- Sterlite Power has won one of the largest 1,800 km power transmission project worth US\$ 800 million in Brazil, the company's third project in Brazil and the largest ever project won by an Indian company in Latin America.
- In April 2018 Renew Power made the largest M&A deal by acquiring Ostro Energy for US\$ 1,668.21 million.

Government Initiatives

- The Government of India has identified power sector as a key sector of focus so as to promote sustained industrial growth. Some initiatives by the Government of India to boost the Indian power sector:

The Government of India has released its roadmap to achieve 175 GW capacity in renewable energy by 2022, which includes 100 GW of solar power and 60 GW of wind power. The Union Government of India is preparing a 'rent a roof' policy for supporting its target of generating 40 gigawatts (GW) of power through solar rooftop projects by 2022.

5. INDIA STEEL FABRICATION INDUSTRY

Fabrication applies to the building of machines, super structures and other equipment, by cutting, shaping and assembling components made from raw materials by using various mechanical processes such as welding, soldering, forging, brazing, forming, pressing, bending and stress removal. The steel fabrication industry has traditionally been fragmented, labour intensive, and low on quality.

The demand for high quality and precision steel fabricated structures has resulted in the need for automated and high quality precision manufacturers. AIML here has a huge opportunity to present itself as a organised sector backed by latest technology, experienced Engineering team, proven track record of performing to customer expectations.

AIML doesn't have much completion in organised sector and has potential to capture the business of small players and turn it to its advantage winning new customers every quarter. Today AIML is already become established player in Large projects by executing Eastern Periphery Expressway ROBs. All Major ROBs in this Expressway have been completed by AIML in record time.

In infrastructure applications such as road/rail/metro bridges and spans, safety during and after erection of heavy structures has come into focus due to certain recent mishaps. This has led to an increasingly greater preference for factory made structures, as opposed to site fabrication, as the former are made in a quality controlled environment.

6. OPPORTUNITIES & STRENGTHS

AIML has positioned itself as a premium supplier for Steel Bridges & power sector and has won orders from a number of the major power and infrastructure companies in the recent past including very prestigious projects of MG Setu over Ganga river Patna in Bihar, Chenab Bridge in J&K, and All ROBs of Eastern Periphery of NCR from NHAI.

In Power segment we have bagged Substantial orders from BHEL to be executed in 2018-19 and have catered to projects of **Doosan, BGR, L&T and ISGEC**.

With the announcement of measures by the Indian Government such as the cancellation and the subsequent e-auctioning of coal blocks in the country, signing off of FSA with Coal users, coal will start to be available more easily in the medium to long term. This development presents significant opportunities in the power sector for power generators and subsequently for power equipment manufacturers and ancillaries.

AIML is in a position to fulfil the supply gap with its specialized knowledge and technical expertise required for manufacture and supply of heavy structures and equipment related to power plants, roads & railways, bridges, steel plants and the oil and gas sector.

Furthermore, AIML's location is ideally suited for the large infrastructure projects being developed in the northern part of India.

With a renewed thrust on reforms and the announcement of 'Smart Cities', the need for more roads, bridges and metro & rail lines is certain, thereby potentially opening up numerous opportunities for AIML.

The Company has adopted best in class manufacturing standards using high end European Equipment of latest technology and is constantly seeking to improve productivity to the highest levels. With opportunities now emerging in many of our targeted markets, the Company is focussed on improving capacity utilisation and fulfil the incremental demand for our products and services.

The Company has now graduated from making simple Plate girders to Complex Bridges like Truss bridge and Cable stay bridges and remains focused on the following growth areas.

Steel Bridges for

Metro Projects

- More and More Indian cities are already in process of Expanding its Metro network, cities like Jaipur, Ahmedabad, Kotchi, Nagpur, Lucknow, Pune, Patna, are setting up new metro lines or in process of expanding.
- AIML is most favoured supplier of steel bridges to Delhi Metro (DMRC). Management is confident of replicating similar success in other metro projects in country.

Indian Railways

- Indian Railways has huge demand for its ever expanding new rail routes.
- Apart from that Govt has set up a new Department which is Monitoring the Health of the Existing Bridges and as per latest findings many rail bridges needs immediate replacement due to either bad bridge health or its lower capacity to support higher axle loads.
- Indian Railways is Expanding its reach to J&K which will need about 70,000 tons of steel superstructures.
- States of Eastern UP and Bihar were declared for major revamp in Bridges adding approx. 3,00,000 Mt requirements this region Alone
- Govt has also special Emphasis on seven sister states in Eastern India, one Bogibeel Bridge is commissioned Rail network will open up all new opportunity in state of Assam and Arunachal Pradesh

Dedicated Freight corridor

- GOI initiated 2 Major projects of DFCC from Delhi and Northern dry ports to Mumbai and Kolkata These are greenfield projects parallel to Existing Major rail connections
Estimated Steel bridges demand of both DFCC combined itself is approx. 80,000 tons to be served in period of 2017-2022, AIML already has 3500 MT Bridges order for eastern DFCC in hand, expects more orders from this segment.

Road Projects

- With More and More Expressways being announced or expansion of carriage ways being done, there is Huge demand of ROB / RUBs by Road making EPC
- GOI has announced by 2020 all Railway Level Crossing where National Highways crosses it , will be having elevated ROB, thus adding to demand of Steel Super structures.
- NHAI in one of its decision has mandated that all NH shall have FOBs at regular intervals and near Hospitals and Schools its now mandatory to Build and FOB.
- Lucknow Balia Expressway + Mumbai Delhi Corridor + Delhi Merrut Expressway are few projects which will have huge demand of Steel bridges in coming time

Smart City Projects

- With 64 cities earmarked for SMART CITY developments, demand for Steel FOB has increased, Each City getting funds for Smart city project has separate funds allocation for new FOBs to be put in place for Convenience and safety of its citizens.

Thermal Power Plant Projects

- TPP are still in slowdown despite BHEL picking up High MW power plants in neighbouring countries. The demand for Power plant structures is still consistent considering many customers are now preferring Indian supplier over Chinese suppliers With NTPC declaring NO FABRICATION at power plant + Procurement from reputed Fabricators with CNC and Automated sets ups, new opportunities have develop for existing Factory made supplier like AIML. Telangana, UP, Bihar which are power starved states are having many new projects in pipeline

Infrastructure markets (Construction)

- This segment has been very slow in last one decade despite many good steel structures making companies but in recent years many high rise buildings are being built using Steel structures specially for their Speed and NAV at the end of life.

This segment is yet to take off properly in India, once demand starts coming in there will no end of it as steel structure building are being more and more reliable in entire developed world and developing countries follow the same growth storey.

6. AIML: STRATEGY AND OUTLOOK

AIML is a world class steel structures fabrication company delivering high levels of quality and performance. It has set up a state of the art, fully automated (including robotic processes) plant for steel structures fabrications ranging from medium to heavy projects.

The Company operates in a wide range of markets from heavy steel structures for infrastructure projects including road and rail and power projects to steel structures for building projects, with special focus on Steel Superstructures.

There is renewed optimism in all of these target customer segments - road, rail., power and Infra.

The Union Budget 2018-19 announced a number of measures to boost investments, which will provide opportunities for infrastructure and construction companies, specially rail and road sector Innovative funding structures have also been unveiled to improve availability of funds. While the budget provisions are positive, measures addressing land acquisition and other clearances may further enable an increase in investments in the sector.

AIML's growth strategy for next 1-2 years will centre on:

AIML with its already 22000 tons orders in hand will adopt following strategy for its growth

OPERATIONS

1. Process – Since orders are repetitive, operations strategy will be changed from batch production to line production with some technological fixtures and processes in place
2. No Trial Assly – Cutting down Trial assembly time by switching to Mark No inspection and clearing
3. New Equipment – New low cost small equipment's will be added to supplement the CNC lines, thus balancing the capacities of critical processes

MARKETING

1. With its credentials of Large Steel spans , AIML will target Large Volume or Bigger projects
2. Try and participate in Small EPC projects, where Steel superstructure is 80-90% of tender value
3. Work out with EPC from Pre bidding stage itself to lock tentative Orders
4. New orders to be negotiated with more assures Payment terms like LC or PDC
5. For Improving of CASH Flow stage payments to be negotiated.

The Company is currently addressing the following risks and concerns through appropriate risk mitigation measures and strategies:

Strategic Risks: Strategic risks refer to those associated with the long-term strategy and plans of the Company, including risks related to the macro environment in which the Company operates. However, the Company has adopted a focused approach and has employed various means to mitigate the risk. The risk of a rebound in steel prices is one of the key risks that the Company faces at this stage. To hedge the same in 2018 the order being booked are more of free issued steel by customers or those with own Steel are being accepted with Price variation clauses where possible.

Operational Risks: Operational risks refer to risks impacting the operations of the Company. These include risks associated with the supply chain, employee productivity, health and safety of employees and environmental impact, and risks to business reputation. The Company is exposed to various risks which may impact the Company's reputation such as labour relations, product mix, innovations and effective deployment of technology. The Company closely monitors the developments in the supply chain and takes effective steps to mitigate all operational risks.

Financial Risks: Liquidity constraint, which arose due to unfavourable market conditions in infrastructure space has affected the Company's performance. This has resulted in the Company not being able to meet its to its lenders as also non-availability of adequate non -fund based working capital lines has impacted in exploring new avenues for orders. This industry having long gestation period requires huge working capital facilities.

To rectify the situation, the Company has approached its lenders for restructuring of its debt and sanction of additional non fund based working capital facilities, which is expected to be approved in the near future. Once approved, the Company's operations are likely to improve substantially.

Legal and Compliance Risks: Legal and Compliance risks refer to risks arising from the outcome of legal proceedings and government and/ or regulatory action, which could result in additional costs. The Company is subject to various laws, regulations and contractual commitments. AIML has policies, systems and procedures to enforce substantial compliance in this respect.

9. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company understands that with expanding operations and a constant evolution of technology, an effective internal control system is very important. AIML is committed to maintaining the highest standards of corporate governance and believes that a strong internal control framework is one of the most important pillars of corporate governance.

In-line with its philosophy and tenets, the Company has put in place adequate systems of internal control commensurate with its size and the nature of its operations. The systems have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information complying with applicable statutes, safeguarding of assets, executing transactions with proper authorisations and ensuring compliance of corporate policies.

AIML ensures that internal audit is conducted by a reputed firm having considerable experience in the sector on a regular basis. These audit reports are submitted to the Audit Committee which reviews it and takes note of the remedial measures taken by the concerned departmental heads with reference to the audit observations.

10. FINANCIAL OVERVIEW

During the annual ended 31st March, 2018, the Company generated revenues of Rs. 8275.92 Lacs as compared to 10456.64.90 Lacs in the previous financial year. EBITDA stood at Rs. 2023.33 Lacs as compared to Rs. 826.71 in previous financial year.

A number of the major Indian infrastructure projects, in the markets served by AIML, have been stalled for the last few years. The decline in the Company's revenues and EBITDA is a direct consequence of this slowdown. However, there is renewed optimism owing to a growing number of approved projects, a trend that is likely to lead to a recovery in AIML's revenues in times to come.

AIML monitors its financial position regularly and deploys a robust cash management system. The Company has also been able to arrange adequate liquidity at an optimum cost to meet its business and liquidity requirements. AIML would like to thank the financial institutions, shareholders and other stakeholders for their continuous support.

12. DEBT POSITION

As of 31st March, 2018, the Company had total debt of Rs. **30891.31** Lacs.

13. CAPITAL EMPLOYED

The capital employed in the business stood at **Rs. 25563.70** Lacs as on 31st March, 2018 as compared to Rs 45185.39 Lacs as on 31 Mar, 2017. Decline in the capital employed in current financial year from previous period is mainly due to Provision for diminution in value of investments made.

14. SHAREHOLDERS' FUNDS AND NET WORTH

The authorized share capital of the Company as at 31st March, 2018 stood at Rs. 10,000 Lacs divided into 3,00,00,000 equity shares of Rs. 10 each and 7,00,00,000 Preference shares of Rs. 10/- each. The paid up share capital as of 31st March, 2018 was Rs. 1,161.25 Lacs divided into 1,16,12,500 equity shares of Rs. 10/- each.

During the period under review there was no change in the authorized and paid up capital of the Company. As at 31st March, 2018 the net worth stood at Rs. 5640.67 Lacs.

15. HUMAN RESOURCES AND INDUSTRIAL RELATIONS

During the year, the Company delivered value to its customers and investors. This was made possible by the relentless efforts of each and every employee. The Company has developed a robust and diverse talent pipeline which enhances AIML's organizational capabilities for future readiness, further driving greater employee engagement. Our human resource program is focused on attracting the right talent, providing excellent on the job training opportunities, and finally giving them the growth opportunities consistent with their aspirations. In addition, the trust our employees place in us is evident in our ability to retain key employees and senior executives during FY2018 and work load has been readjusted for improved performance of employees at all levels.

AIML has always enjoyed strong industrial relations. The company has a systematic grievance redressal system to further strengthen these relationships. This system encourages employees to share their views and opinion with the management. The Company reflects on this feedback and incorporates relevant changes into the existing policies, systems and processes.

The Company had more than 485 employees as on 31st March, 2018 which includes contractor, departmental, contractual, trainees and staff executives. Industrial relations remained cordial during the year. The Directors would like to place on record their appreciation and recognition towards all its employees who continue to exude confidence and commitment toward the Company.

16. STATUTORY COMPLIANCE

The Whole Time Director makes a declaration to the Board of Directors every quarter regarding compliance with provisions of various statutes as applicable. The Company Secretary ensures compliance with the Companies Act, 2013, SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and compliance with the guidelines on insider trading for prevention of the same.

17. CAUTION STATEMENT

The above mentioned statements are only 'forward looking statements' based on certain assumptions and expectations. The Company's actual performance could differ materially from those expressed/projected depending upon changes in various factors. The Company does not assume any responsibility to any change(s) in forward looking statements', on the basis of subsequent developments, information or events etc.

Important developments that could affect the Company's operations include a downward trend in the domestic automotive industry, competition, rise in input costs, exchange rate fluctuations, and significant changes in the political and economic environment in India, environmental standards, tax laws, litigation and labour relations.

Annexure – B to the Independent Auditors’ Report

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Alliance Integrated Metaliks Limited** (“the Company”) as of 31st March 2018 in conjunction with our audit of the standalone IND AS financial statements of the company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“the Guidance Note”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the standalone IND AS financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements

1. Company Overview and Significant Accounting Policies

M/s. Alliance Integrated Metaliks Limited (hereinafter referred to as “AIML” or “the Company”) was established in the year 1989 by the name of B. S. Holdings and Credit Limited. The name of the company was changed to its present name in the year 2004.

The company has its production facility in Punjab to serve the Government and Private sector companies setting up power plants in India. The company intends to contribute its integrated facility to all major companies engaged in setting up power project by manufacturing and supplying heavy structures and equipment's related to power plants.

The customer list of the company includes Delhi Metro Rail Corporation [DMRC], L & T, BHEL, AFCONS, HCC, Doosan Power Systems, BGR Energy Systems Limited, Gyatri Projects Ltd, Ashoka Bulcons Ltd, Sadbhav Engineering Ltd etc.

The registered office of the company is situated at 910, Ansal Bhawan, 16, K. G. Marg, New Delhi – 110001. The shares of the company are listed on Bombay Stock Exchange.

2. Significant Accounting Policies

2.1 Basis of preparation of financial statements

These financial statements are prepared in accordance with Indian Accounting Standards (IND AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values; the provisions of the Companies Act, 2013 ('Act') (to the extent notified and applicable); and guidelines issued by the Securities and Exchange Board of India (SEBI). The IND AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 the relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly issued Indian accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Financials for the year ended March 31st, 2017 were audited by previous auditors – A.C. Gupta & Associates.

As the year-end figures are taken from the source and rounded to the nearest lacs.

2.2 Use of estimates

The preparation of the financial statements in conformity with IND AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

2.2.1 Useful lives of property, plant and equipment

The company reviews the useful life of property, plant and equipment at the end of each reporting period. The reassessment may result in change in depreciation expenses in future periods.

2.2.2 Valuation of deferred tax assets / liabilities

The company reviews the carrying amount of deferred tax assets / liabilities at the end of each reporting period.

2.2.3 Provisions and contingent liabilities

A provision is recognized when the company has a present obligation as a result of past event and it is probable than an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date adjusted to reflect the

current best estimates. Contingent liabilities are not recognized in the financial statements. A contingent asset is neither recognized nor disclosed in the financial statements. However, the realization is virtually certain then the related asset ceases to be a Contingent asset and therefore recognized. However the detail of existing contingencies Liabilities as on 31st March, 2018 is provided Note no. 3.25.4.

2.3 Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivables. Amounts disclosed as revenue are exclusive of excise duty/GST and net of returns, trade allowances, rebates, discounts, value added taxes.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below.

Sale of goods

Sales are recognised when substantial risk and rewards of ownership are transferred to customer as per the terms of the contract, there is no continuing managerial involvement with the goods. The Company retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. In case of domestic customer, sales take place when goods are dispatched or delivery is handed over to Customer.

All Expenses and income are accounted on accrual basis.

2.4 Employee benefits

● Long - Term Employee Benefits

The liability for gratuity & leave encashment is determined using Projected Unit Credit [PUC] Method and is accounted for on the basis of actuarial valuation in Accordance with IND AS - 19. The company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Actuarial Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income. The current service cost is included in the employee benefit expense in the statement of profit & loss account. The interest cost calculated by applying the discount rate to the net balance of defined benefit obligation, is included in the finance cost in the statement of profit & loss account.

● Short-Term Employee Benefits

Short-term employee benefits include performance incentive, salaries & wages, bonus and leave travel allowance. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the services.

2.5 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the interest costs. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset.

Processing fee paid for borrowings is amortized over the term of long term loan through statement of profit & loss. All other borrowing costs are expensed in the period in which they occur.

Preference Shares are separated into equity and liability components based on the terms of the issue / contract. Interest on liability component of preference shares is determined using amortized cost method and is charged to the statement of profit & loss.

2.6 Depreciation & amortization

The company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. Depreciation methods, useful lives and residual values are reviewed at each reporting period. Depreciation on additions/deductions to property, plant and equipment is provided on pro-rata basis from the date of actual installation or up to the date of such sale or disposal, as the case may be.

2.7 Impairment of Assets

i) Financial assets (other than at fair value)

The company assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The company recognizes lifetime expected losses for all contract assets and/or all trade receivables that do not constitute a financing transaction.

2.8 Income taxes

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternative Tax [MAT] paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the company will pay normal income tax in future periods. Accordingly, MAT is recognized as an asset in the balance sheet when it is probable that future economic benefits associated with it flow to the company and the asset can be measured reliably.

2.9. Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation /amortization and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. The cost of property, plant & equipment also includes initial estimates of dismantling cost and restoring the site to its original position, on which the site is located. For transition to IND AS, the company has elected to continue with carrying value of all its property, plant and equipment recognized as on 01.07.2015 measured as per the previous GAAP in accordance with the principles of Part B of Schedule II of the Companies Act, 2013.

2.10 Financial instruments

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets (Except Net Investments) and financial liabilities (Except Borrowings) are recognized at fair value on initial recognition, except for trade receivables and security deposits, which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination, which is subsequently measured at fair value through profit and loss.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts are approximately at fair value due to the short maturity of these instruments.

De-recognition of financial instruments

The company de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under IND AS 109. A financial liability (or a part of a financial liability) is de-recognized from the company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.11 Borrowings

Borrowings are initially measured at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method.

Preference shares are separated into liability and equity components based on the terms of the issue / contract. On issuance of the preference shares, the fair value of the liability component is determined using a market rate for an equivalent instrument. This amount is classified as financial liability and is measured at amortized cost (net of transaction costs) until it is extinguished on conversion or redemption. The remainder of the proceeds is recognized and included in equity. Transaction costs are deducted from equity, net of associated income tax. The carrying amount of the equity component is not re-measured in subsequent years.

2.12 Investments

a) Investment in subsidiaries

Investment held by the company in subsidiaries as on the date of transition date i.e. 01.07.2015 is valued at cost. Investments made in subsidiaries, after the transition date, have been valued at Fair Value through Other Comprehensive Income [FVTOCI].

b) Investment in associates / Joint Ventures

Investment held by the company in associates / joint ventures as on the date of transition date i.e. 01.07.2015 is valued at cost. Investments made in associates / joint ventures, after the transition date, have been valued at Fair Value through Other Comprehensive Income [FVTOCI].

c) Investment - Others

Current Investments

Quoted financial assets have been classified as FVTOCI and unquoted financial assets have been classified as Fair Value Through Profit & Loss [FVTPL].

Non-Current Investments

Quoted long term investments have been classified as FVTOCI and unquoted long term investments are have been classified as FVTPL.

2.13 Inventories

- Raw Materials , Goods under process and Finished Goods are valued at cost (Net of provision for diminution) or *Net Realizable value, whichever is lower.
- Waste and Scrap is valued at Net Realizable Value.
- Cost of inventories of Raw Materials and stores and Spares is ascertained on FIFO basis.
- Cost of goods under process comprise of cost of materials and proportionate production overhead. Cost of material for this purpose is ascertained on FIFO basis.
- Provision for obsolescence in inventories is made, whenever required.
- *Net Realizable Value is the estimated selling price in the ordinary course of business less any applicable selling expenses.

2.14 Earnings per equity share

Basic earnings per equity share are computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued

at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

2.15 Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, together with other short term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

2.16 Cash Flow Statement

- Cash flows are reported using the indirect method, except in case of dividend which has been considered on the basis of actual movement of cash with corresponding adjustments of assets and liabilities and whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.17 Dividends

- Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

2.18 Leases

- Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower.
- Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the Statement of Profit and Loss over the lease term.

2.19 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.20 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is Unobservable

For assets and liabilities that are recognized in the Consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period or each case.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- * Disclosures for valuation methods, significant estimates and assumptions
- * Quantitative disclosures of fair value measurement hierarchy
- * Investment in unquoted equity shares
- * Financial instruments

2.21 Current versus non-current classification

All assets and liabilities have been classified as current or non current as per company's normal operating cycle and other criteria set out in the Schedule III to the Act.

Independent Auditor's Report

To
The Members of
Alliance Integrated Metaliks Limited,
New Delhi

Report on the Consolidated Ind AS financial statements

We have audited the accompanying Consolidated IND AS financial statements of **Alliance Integrated Metaliks Limited** ('the holding Group') and its associates (collectively referred to as "the Group") which comprise the consolidated balance sheet as at 31st March 2018, the consolidated statement of profit and loss [including other comprehensive income], the consolidated statement of cash flows and the consolidated statement of changes in equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (herein after referred to as Consolidated Ind AS financial statements")

Management's Responsibility for the Consolidated Ind AS financial statements

The holding company's management and board of directors are responsible for the matters specified in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated IND AS financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance [including other comprehensive income], consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian accounting standards [Ind AS] prescribed under section 133 of the Act, read with companies (Indian Accounting Standards) rules 2015.

The holding company's management and board of directors and the respective Board of directors/management of the associates included in the Group are responsible for design, implementation and maintenance of adequate internal financial control relevant to the preparation and presentation of the Consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. Further, in terms of the provisions of the Act the respective Board of directors/management of the associates included in the Group are responsible for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of consolidated financial statements of the holding company as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these Consolidated IND AS financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under and the Order issued under section 143(11) of the Act.

We conducted our audit of the Consolidated IND AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated IND AS financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Consolidated IND AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated IND AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding company's preparation of the Consolidated IND AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the

appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding company's management and directors, as well as evaluating the overall presentation of the Consolidated IND AS financial statements.

We believe that the audit evidence, we have obtained, is sufficient and appropriate to provide a basis for our **audit opinion** on the Consolidated IND AS financial statements.

Our Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements/consolidated financial statement and on other financial information of associates, the aforesaid Consolidated IND AS financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the IND AS, of the consolidated state of affairs of the company as at March 31, 2018 and its consolidated Profit and loss account for the year ended March 31, 2018, total comprehensive income, its consolidated cash flows and consolidated the changes in equity for the year ended on that date.

Emphasis of Matter

Notwithstanding nothing contained in the Consolidated IND AS financial statements of **Alliance Integrated Metaliks Limited** as on 31.03.2018, affects the true & fair opinion over the same, but we draw your attention on the following:

Since the accounts of the holding company with the banks declared NPA and restructuring plan has been initiated. In the absence of information on interest on outstanding dues to the banks, in respect of NPA accounts, bank balances are subject to confirmation from the bank statement.

A corporate insolvency resolution process ("CIRP") has been initiated against ARGL Limited (**the associate Company**) vide an order of Delhi bench of the National Company Law Tribunal (NCLT) dated March 16, 2018 under the provisions of the insolvency and bankruptcy code 2016 (Code). Pursuant to the order, the power of the Board of directors stands suspended and are exercisable by Mr Dinkar T. Venkatasubramanian, who was appointed as interim resolution professional (IRP) by the NCLT vide order dated March 16, 2018 and was consequently confirmed as Resolution Professional (RP) by the Committee of Creditors (CoC) in its meeting held on April 11, 2018.

Accounts of the ACIL Limited (**the associate company**) with the banks declared NPA.

The Consolidated financial statements have not been signed by Company secretary which is required under sec 134 of companies act.

Trade receivables, loans and advances and Trade payables which includes related party balances are subject to confirmation.

The consolidated financial statements for the year ended 31 March 2017 was carried out and reported by A.C. Gupta & Associates whose report has been furnished to us by the management and which has been relied upon by us for the purpose of our audit.

Report on other Legal and Regulatory Requirements

1. As required by section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (b) In our opinion, proper books of account as required by law relating to preparation of aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the report of other auditors;
- (c) The consolidated balance sheet, the consolidated statement of profit and loss [including other comprehensive income], the consolidated cash flow statement and the consolidated statement of changes in equity dealt with by this report are in agreement with the relevant books of account;

- (d) In our opinion, the aforesaid Consolidated IND AS financial statements comply with the Indian Accounting Standards specified under section 133 of the Act, read with the relevant rules there under;
- (e) On the basis of the written representations received from the director of Holding company and taken on record by the board of directors of the Holding company and the report of other statutory auditors of its associate companies covered under the act , none of the directors are disqualified as on March 31, 2018, from being appointed as a director in terms of Section 164 (2) of the Act; and
- (f) with respect to the adequacy of the internal financial controls over financial reporting of the Holding company and its associate companies covered under the Act and the operating effectiveness of such controls, refer to our separate report in “Annexure A”.
- (g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of other auditors on separate financial statements/consolidated financial statements as also the other financial information of the associates:
- i. The Consolidated IND AS financial statements disclose the impact of pending litigations on consolidated financial position of the Group, its associates [Refer Note no. 3.25.4].
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group.

Annexure – A to the Independent Auditors’ Report

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”).

We have audited the internal financial controls over financial reporting of Holding company as of 31st March 2018 in conjunction with our audit of the Consolidated IND AS financial statements of the Holding company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Group’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“the Guidance Note”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Group’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Consolidated IND AS financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the Consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors of its associates have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the holding company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The registered office of the company is situated at 910, Ansal Bhawan, 16, K. G. Marg, New Delhi – 110001.

2. Significant Accounting Policies

2.1 Basis of preparation of consolidated financial statements

These financial statements are prepared in accordance with Indian Accounting Standards (IND AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values; the provisions of the Companies Act, 2013 ('Act') (to the extent notified and applicable); and guidelines issued by the Securities and Exchange Board of India (SEBI). The IND AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 the relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly issued Indian accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Financials for the year ended March 31st, 2017 were audited by previous auditors – A.C. Gupta & Associates.

As the year-end figures are taken from the source and rounded to the nearest lacs.

2.2 Use of estimates

The preparation of the consolidated financial statements in conformity with IND AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

2.2.1 Useful lives of property, plant and equipment

The group reviews the useful life of property, plant and equipment at the end of each reporting period or more frequently. This reassessment may result in change in depreciation expense in future periods.

2.2.2 Valuation of deferred tax assets / liabilities

The group reviews the carrying amount of deferred tax assets / liabilities at the end of each reporting period. The policy for the same has been explained under Note 2(i).

2.2.3 Provisions and contingent liabilities

A provision is recognized when the company has a present obligation as a result of past event and it is probable than an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. Contingent liabilities are not recognized in the financial statements. A contingent asset is neither recognized nor disclosed in the financial statements. However, the realization is virtually certain then the related asset cease to be a Contingent assets and therefore recognized. However the detail of existing contingencies Liabilities as on 31st March, 2018 is provided Note no. 3.25.4.

2.3 Principles of Consolidation and Equity Accounting

Consolidated financial statements are the financial statements of the group in which assets, liabilities, equity, income, expenses and cash flows of the parent and its subsidiaries are presented as those of a single economic entity.

(i) Subsidiaries

Subsidiaries are all entities (including structured entities) over which the group has control. The group controls the entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date, the control seizes.

The group companies the financial statements of the parent and its subsidiaries line by line, adding together like items of assets, liabilities, equity, income and expenses. Inter-company transactions, balances and unrealized gains all transactions between group companies are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of impairment of the transferred assets. Accounting policies of subsidiaries have been changed wherever considered necessary to ensure consistency with the policies adopted by the group.

Non- controlling interest in the results and equity of subsidiaries are shown separately in the consolidated statement of the profit and loss, consolidated statement of changes in equity and balance sheet respectively.

(ii) Associates

Associates are all entities over which the group has significant influence but does not have control or joint control. This is generally a case where the group holds between 20%-50% of the voting rights. Investments in associates are accounted for using the equity method of accounting after initially being recognized at cost.

(iii) Joint Ventures

Interests in Joint ventures are accounted for using the equity method, after initially being recognized at cost in the consolidated balance sheet.

2.4 Foreign currency translations

(i) Functional and Presentation Currency

The Group's consolidated financial statements are presented in INR, which is also the parent company's functional currency. For each entity, the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in profit or loss. A monetary item for which settlement is neither planned nor likely to occur in the foreseeable future is considered as part of the entity's net investment in that foreign operation.

(iii) Group Companies

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Company's foreign operations that have a functional currency other than Indian rupees are translated into Indian rupees using exchange rates prevailing at the reporting date. Income and expense items are translated at the average exchange rates for the period. Exchange differences arising, if any, are recognized in other comprehensive income and held in foreign currency translation reserve (FCTR), a component of equity, except to the extent that the translation difference is allocated to non-controlling interest.

2.5 Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivables. Amounts disclosed as revenue are exclusive of excise duty/GST and net of returns, trade allowances, rebates, discounts, value added taxes.

The Company recognizes revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below.

Sale of goods

Sales are recognized when substantial risk and rewards of ownership are transferred to customer as per the terms of the contract, there is no continuing managerial involvement with the goods. The Company retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. In case of domestic customer, sales take place when goods are dispatched or delivery is handed over to Customer.

All Expenses and income are accounted on accrual basis.

2.6 Employee benefits

- ***Long - Term Employee Benefits***

The liability for gratuity, leave encashment, pension, superannuation and other benefits is determined using Projected Unit Credit [PUC] Method and is accounted for on the basis of actuarial valuation in accordance with IND AS - 19. The company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Actuarial Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income. The current service cost is included in the employee benefit expense in the statement of profit & loss account. The interest cost calculated by applying the discount rate to the net balance of defined benefit obligation, is included in the finance cost in the statement of profit & loss accounts.

- **Short-Term Employee Benefits**

Short - term employee benefits include performance incentive, salaries & wages, bonus and leave travel allowance. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the services.

2.7 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the interest costs. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset.

Processing fee paid for borrowings is amortized over the term of long term loan through statement of profit & loss. All other borrowing costs are expensed in the period in which they occur.

Preference Shares are separated into equity and liability components based on the terms of the issue / contract. Interest on liability component of preference shares is determined using amortised cost method and is charged to the statement of profit & loss.

2.8 Depreciation & amortization

The group depreciates property, plant and equipment over their estimated useful lives using the straight-line method. Depreciation methods, useful lives and residual values are reviewed at each reporting period. Depreciation on additions/deductions to property, plant and equipment is provided on pro-rata basis from the date of actual installation or up to the date of such sale or disposal, as the case may be.

2.9 Impairment of Assets

i) Financial assets (other than at fair value)

The group assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The group recognizes lifetime expected losses for all contract assets and/or all trade receivables that do not constitute a financing transaction.

2.10 Income taxes

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

The group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternative Tax [MAT] paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the company will pay normal income tax in future periods. Accordingly, MAT is recognised as an asset in the balance sheet when it is probable that future economic benefits associated with it flow to the company and the asset can be measured reliably.

While preparing consolidated financial statements the accounting treatment for tax is given on the basis of local laws applicable in respective countries.

2.11 Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation /amortization (applied as per local laws of respective countries) and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. The cost of property, plant & equipment also includes initial estimates of dismantling cost and restoring the site to its original position, on which the site is located. For transition to IND AS, the company has elected to continue with carrying value of all its property, plant and equipment recognized as on 01.07.2015 measured as per the previous GAAP.

2.12 Financial instruments

The group recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets (Except Net Investments) and financial liabilities (Except Borrowings) are recognized at fair value on initial recognition, except for trade receivables and security deposits, which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination, which is subsequently measured at fair value through profit and loss.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts are approximately at fair value due to the short maturity of these instruments.

De-recognition of financial instruments

The group de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under IND AS 109. A financial liability (or a part of a financial liability) is de-recognised from the group's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.13 Borrowings

Borrowings are initially measured at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method.

Preference shares are separated into liability and equity components based on the terms of the issue / contract. On issuance of the preference shares, the fair value of the liability component is determined using a market rate for an equivalent instrument. This amount is classified as financial liability and is measured at amortised cost (net of transaction costs) until it is extinguished on conversion or redemption. The remainder of the proceeds is recognised and included in equity. Transaction costs are deducted from equity, net of associated income tax. The carrying amount of the equity component is not re-measured in subsequent years.

2.14 Investments

a) Investment in subsidiaries

Investment held by the group in subsidiaries as on the date of transition date i.e. 01.07.2015 is valued at cost. Investments made in subsidiaries, after the transition date, have been valued at Fair Value through Other Comprehensive Income [FVTOCI].

b) Investment in associates / Joint Ventures

Investment held by the group in associates / joint ventures as on the date of transition date i.e. 01.07.2015 is valued at cost. Investments made in associates / joint ventures, after the transition date, have been valued at Fair Value through Other Comprehensive Income [FVTOCI].

c) Investment - Others

Current Investments

Quoted financial assets have been classified as FVTOCI and unquoted financial assets have been classified as Fair Value through Profit & Loss [FVTPL].

Non-Current Investments

Quoted long term investments have been classified as FVTOCI and unquoted long term investments are have been classified as FVTPL.

2.15 Inventories

- Raw Materials, Goods under process and finished goods are valued at cost (Net of provision for diminution) or *Net Realizable value, whichever is lower.
- Waste and Scrap is valued at Net Realizable Value.
- Cost of inventories of Raw Materials and stores and Spares is ascertained on FIFO basis.
- Cost of goods under process comprise of cost of materials and proportionate production overhead. Cost of material for this purpose is ascertained on FIFO basis.
- Provision for obsolescence in inventories is made, whenever required.
- *Net Realizable Value is the estimated selling price in the ordinary course of business less any applicable selling expenses.

2.16 Earnings per equity share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

2.17 Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the company's board of directors.

2.18 Leases

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower.

Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the Statement of Profit and Loss over the lease term.

2.19 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.20 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is Unobservable

For assets and liabilities that are recognized in the Consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period or each case.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- * Disclosures for valuation methods, significant estimates and assumptions
- * Quantitative disclosures of fair value measurement hierarchy
- * Investment in unquoted equity shares
- * Financial instruments

2.21 Current versus non-current classification

All assets and liabilities have been classified as current or non current as per company's normal operating cycle and other criteria set out in the Schedule III to the Act.
