- 1. Occupancy rate is on the basis of operational beds
- 2. ALOS is excluding Day Care
- 3. All numbers are on Standalone basis

Commenting on performance, Mr. Shanay Shah, President Said:

"The company continues to respond to the pandemic and we are proud of the resiliency and perseverance demonstrated by the Shalby team during these challenging times. During the quarter, we treated over 2,700 Covid-19 patients across our hospital group and total surgeries performed were 1,840, a growth of 13.4% on q-o-q basis.

During the quarter, Shalby delivered robust performance that was in line with our expectations. Total income was at Rs. 1,317 million, an increase of 6.9% y-o-y and 17.8% on a q-o-q basis. This was driven by increased bed occupancy levels of 45% in Q3 FY21 as compared to 38% in the same quarter last year. The occupancy growth was underpinned by an increase in both the number of Covid-19 patients and elective surgeries.

EBITDA for the quarter was Rs. 323 million with margins of 24.5% as compared to 19.7% in Q3 FY20 and 28.0% in Q2 FY21. The y-o-y margin improvement was due to higher occupancy from Covid-19 patients resulting in lower usage of materials and consumables. Overall, net profit was Rs. 163 million with margins of 12.4%. Our balance sheet and cash flow generation remains strong with net cash of Rs. 598 million at the end of December 2020 compared with Rs. 398 million at the end of March 2020.

Looking ahead with a Covid-19 vaccine on the horizon, we are cautiously optimistic that a transition toward normalcy will soon begin although it will take time for the vaccine to have a pronounced effect on the pandemic. Management is fully committed to deliver uninterrupted healthcare services to its patients. We are confident that Shalby is well positioned for long-term success with its patient-focused approach and home care initiatives."

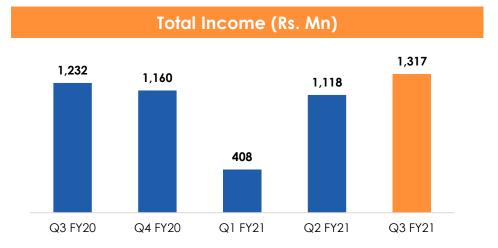

Key Quarter Highlights

- Treated over 2,700 Covid-19 patients in Q3 FY21
- Bed occupancy levels up to 45% in Q3 FY21
- Total income of Rs. 1,317 million, up 17.8% q-o-q
