Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

MANAGEMENT DISCUSSION & ANALYSIS

Vasundhara Rasayans Limited was incorporated in the year 1987. During the year 1990, the Company entered into the business of Antacid API facility offering product in paste, powder and micronised grade of powder. The shares of the Company were listed on Stock Exchanges w.e.f 2011. The Company has steadily grown over the years with a continued focus on customer satisfaction, evolving itself into country's one of the most promising mid cap Companies.

The Company is the leading manufacturer and exporter of Antacids therapeutic category of Active Pharm Ingredients with annual capacity of about 1500 MT of powder or its equivalent products.

A) INDUSTRIAL STRUCTURE AND DEVELOPMENTS :

Antacid API being used mostly in combination, we offer wide range consistent high quality products under one roof with strong technical and logistic customer support. Some of the competitors have improved their plant standards hence the gap in quality between their product and our products has been reduced which has impacted the sales and we have tried to make this up by find new markets. Also the norms of environment as well as the standard of pharma industries are becoming stringent which also impacting business.

B) OPPORTUNITIES AND THREATS:

We are continuing our progress in business with Russia due to sanctions from European union and hopefully having established there presume that even when the war get over we would hopefully retain this market. However we have now competitors who are getting into our non-pharma business as well due to which there is price pressure which might impact profitability.

C) SEGMENT-WISE OR PRODUCT WISE PERFORMANCE :

During the year under review, the Company has recorded revenue of Rs. 3399.01 Lakhs and made a net profit of Rs. 424.62 Lakhs against revenue of Rs. 3701.84 Lakhs and net profit of Rs. 585.93 Lakhs in the previous financial year 2023-24.

VASUNDHARA RASAYANS LIMITED

The following segment wise turnover in percentage wise during the financial year 31.03.2025:

Sale of product: 3399.01 Lakhs

D) BUSINESS OUTLOOK:

WHO GMP has become major requirement of most of the overseas customer and the current plant requires a major revamp which would need not only large investment but also closure of the plant for several weeks. We are in discussion with the Lessor to workout arrangement of investment as well as long term leasing of the site for either them to take up the required improvement or we do this with our investment based on a long term leasing. In case this does not workout then we might have to find an alternate site or a contract manufacturing facility meeting the norms which also have to be cost effective. Not to waste time we have already started short listing of possible contract manufactures.

E) RISKS AND CONCERNS:

As the FDA have already had observations on the plant which requires major revamp without which it would be difficult to continue the Pharma business at this site. Also the Lessor also seems to expanding their activity and which might need space and we are already suffering due to shortage of storage space of raw material and intermediate products. Though we have 3 months notice period time clause from lessors and if the lessor decides on this this might impact the overall operations as even if we make fast arrangement with another plant not all the customers would be able to change or accept the change the site that fast. We are looking out for a new site where we can put up a new plant or go to a contract manufacturer with modern plant with possibly better location in terms of environmental compliances and minimum operating cost.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2025;
- b) in the case of the Statement of Profit and Loss , of the Profit for the year ended on that date.

Basis of Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

"We have determined that there are no key audit matters to communicate in our report"

Responsibility of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an Audit in accordance with SA's, We exercise professional judgement and maintain professional skepticism throughout the Audit. We also :

Identify and assess the risk of material misstatement of the Financial Statements, whether due to fraud or error, design and perform, audit procedures responsive to those risk, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentations, or the override of internal control.

Obtain an understanding of internal financial controls relevant to the audits in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has

VASUNDHARA RASAYANS LIMITED

adequate internal financial controls system in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Companies ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors report to the related disclosure in the financial statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the Audit evidence obtained upto the date of our Auditors report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underline transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatement in the financial statements that, individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our Audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significance deficiency in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the Audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors report unless law or regulations precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences for doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure-B**Report on the Internal Financial Controls under clause (i) of sub-section 3 of the Companies Act, 2013 ('the Act')**

We have audited the internal financial controls over financial reporting of VASUNDHARA RASAYANS LIMITED ("the company") as of 31st March, 2025 in conjunction with our audit of financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under the Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the frequency of the internal financial controls system over financial reporting and their effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide

VASUNDHARA RASAYANS LIMITED

a basis of our audit opinion on the Company's internal financial control system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable details, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of the management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Controls over Financial Reporting

Because of inherent limitations of internal controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the company has, in all material respects, an adequate financial controls system over financial reporting and such internal financial controls system over financial reporting were operating effectively as at 31st March 2024, based on the internal financial control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Company has established the following fair value hierarchy that categorizes the values into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:

Level 1: This hierarchy uses quoted (unadjusted) prices in active markets for identical assets or liabilities. The fair value of all bonds which are trade in the stock exchanges is valued using the closing price or dealer quotation as at reporting date.

Level 2: The fair value of financial instruments that are not traded in as active market (For example trade bonds, over the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on company specific estimates. The mutual fund units are valued using the closing Net Asset Value. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

The Group actively monitors how the duration and the expected yield of instruments are matching the expected cash outflows arising from the gratuity obligations. The gratuity scheme is funded with LIC which has good track record of managing fund.

VASUNDHARA RASAYANS LIMITED

(v) Sensitivity Analysis	As at 31 March, 2025		As at 31 March, 2024	
Discount Rate - Gratuity	Decrease by 1%	51.56	Increase by 1%	42.51
Salary escalation Rate	Decrease by 1%	42.48	Increase by 1%	51.49
Withdrawal rate	Decrease by 1%	46.77	Increase by 1%	46.60

Method used for sensitivity analysis:

The sensitivity results above determine their individual impact on the plan's end of year Defined Benefit Obligation. In reality, the plan is subject to multiple external experience items which may move the Defined Benefit Obligation in similar opposite directions, while the plan's sensitivity to such changes can vary over time.

(vi) Risk Exposure

Through its defined benefit plans, the Group is exposed to some risks, the most significant of which are detailed below:

- 1 Interest rate risk : The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
- 2 Salary Inflation risk : Higher than expected increases in salary will increase the defined benefit obligation.
- 3 Demographic risk : This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.
