Letter from the Chairman

Dear Members,

It is my pleasure to welcome you all to the 107th Annual General Meeting and present the Annual Report of your company. The year under consideration covers a period of 18 months (Oct 14 – Mar 16) in order to comply with the provisions of the Companies Act, 2013.

While there has definitely been an improvement in the overall business sentiment in the domestic economy, there is bound to be a time lag for the same to translate into tangible investments and progress of stalled projects especially in the core sectors. However there are significant opportunities in strategic sectors like Defence, Nuclear and Aerospace (DNA).

Your Company has ended the Financial Year 14-16 with revenue of ₹ 807.37 Crore and a Net Loss of ₹ 71.68 Crore. Notwithstanding the net loss, the much improved performance of our DNA business especially over the last 3 quarters of Financial Year 14-16 gives us confidence about the Company's potential in such niche business areas. The encouraging sign is that the current order book position has almost 50% orders for DNA/Manufacturing business which would steadily go up in the current Financial Year. Hence your company looks at sectors like Defence, Nuclear and Aerospace (DNA) as high potential areas for the future growth and a clearly defined growth strategy for the same has already been put in place. With clarity emerging in the area of Nuclear Power Program in India, your company is also fully geared up to leverage all possible opportunities that would open up.

Another focus area would be to significantly ramp up the product business i.e. Gear Boxes and Centrifugal Machines. With a stronger marketing push and also by leveraging opportunities in the exports markets, your company is confident of profitable growth in this segment also.

We are sure that conducive business environment coupled with emphasis on DNA business and organizational alignment would enable your Company to deliver much improved results in the years going ahead.

I take this opportunity to place on record my sincere thanks for your continued support and expect similar confidence from the shareholding fraternity in the years to come.

Thank You,

A handwritten signature in black ink, appearing to read 'Chakor L. Doshi'.

ANNEXURE 'B' TO THE DIRECTORS' REPORT MANAGEMENT DISCUSSION AND ANALYSIS

Economic Overview

Amidst the gloomy global economic landscape, India stands out as a haven of stability and an outpost of opportunity. With a stable macro-economic scenario, government's commitment to fiscal consolidation and low inflation, its rate of economic growth is amongst the highest in the world. A genuine attempt at "broad-basing" the benefits of growth has been made via the Union Budget 2016-17 with special focus on the rural and agriculture sectors. This comes in the backdrop of the strong global headwinds and two years of deficient rainfall.

The global economic scenario has been quite challenging with low to tepid growth in the major world economies. With weak growth in US, Japan and Euro Zone (with the looming fear of Brexit), China has seen a period of slowing economic growth along with Brazil wherein the decline has been quite severe. Even the cash surplus economy of Saudi Arabia has been under severe strain due to low oil prices. Though low energy prices have been a boon for the Indian economy, what is worrying is the fall in global demand which has negatively impacted Indian Exports over the last year.

As far as domestic drivers of economic growth in India over the past year are concerned, it has been a mixed bag. While there have been positives in the form of lower energy import bill, stable exchange rate, relatively low inflation the downsides have been in the form of low farm output, slow growth in Industrial Production, lack of expected big-bang reforms (e.g. GST, Land Acquisition Act, etc.), constraints faced by banks due to capital adequacy issues and lack of new investments in the industrial sector (especially capital goods).

However, there is definitely hope for economic revival going ahead owing to a number of factors which include better monsoon predictions for 2016 and a host of encouraging policy level decisions taken and initiatives put in place by the government. With sustained focus on the "Make in India" philosophy, opening up of critical sectors like Defence to domestic private players, efforts to remove roadblocks in the Nuclear Energy domain, encouragement to new and renewable forms of energy generation, programs like Digital India, Skill Development, etc it is hoped that 2016-17 would be a more wholesome year for the Indian economy in terms of economic revival.

As an organization, WIL is fully poised to leverage the opportunities that the growing economy is likely to throw up. With increased focus on strategic sectors like Defence, Nuclear and Aerospace (DNA), WIL would target further cementing its partnerships with its esteemed customers in these domains and continue to play its role in nation building. With relentless focus on quality, engineering, capability enhancement and execution, it would be our effort to achieve customer satisfaction and increase our footprint in these strategic sectors going ahead.

Financial Performance

Sales & Profitability

Following is the summary of sales & profitability for the fiscal 2014-16 compared with previous year.

Particulars	FY 2014-16 (18 months)	FY 2013-14 (12 months)
Total Income	80,737	64,608

Profit / (Loss) After Tax (PAT)	(7,168)	(1,237)
Cash Profit / (Loss)	(3,784)	489
Fully diluted EPS	(18.83)	(3.25)

All figures ₹ in Lakhs except EPS, which is an absolute number

Business Segment-wise Order Book, Performance & focus areas

The order book as on 31st March 2016 stood at ₹ 999 Crore. The Manufacturing and EPC businesses are evenly balanced with 50 % share each in the overall order book. The overall direction would be to further grow (both in terms of absolute value and % share) the manufacturing order book especially "Defence Business Group". WIL's strong legacy in this domain as well as its current track record of order execution puts us in a strong position to do so. In fact over the period of 6 quarters, the share of Manufacturing in the overall Revenue has grown from 20 % in Q1 to 70 % in Q6. As far as EPC Projects are concerned, the approach would be to remain selective with due emphasis on profitability and customer profile. Focus would also be given on certain specific segments like Centrifugal Machines, Process Equipment and General Engineering with emphasis on the exports market.

Key Events

- Supply of critical equipment for India's Defence Program.
- Supply of critical equipment for India's Nuclear Program.
- Reached final phases of completion of Sodium Piping work in India's Fast Breeder Reactor (FR) project at BHAVINI, Kalpakkam.
- Supply of key equipments for India's Space Program, the most recent one being for ISRO PSLV C-33, also bagged orders for diversified offerings in this field.
- Achieved enhanced output (in terms of no of integrated sets per month) for India's Missile Program (SAM AKASH).
- Reached final phase of execution of Tendaho-ph 1 project (Sugar + Co-generation) being carried out in Ethiopia.

- Successfully Commissioned the Chengalrayan site which is part of the Tamil Nadu Electricity Board sugar Modernization and Co-generation project.
- Attained highest market share in the domestic market in Centrifugal Machines Sales

Risk Management

Your Company follows a conservative Risk Management policy. Whilst the broad framework of the Risk remains more or less same, the priorities do change in line with the changing business profile, economic scenario etc. The business profile of your company is evolving in line with the current market trends and conditions wherein going ahead there would be a fine balance between project execution in the EPC domain as well as niche manufacturing. Established presence in the Sugar & Co-Generation business, Cement Equipment manufacturing as well as supply of critical manufactured components for Aerospace, Defence and Nuclear sectors enables us to understand the dynamics and cyclicity of such businesses and largely mitigate all associated risks. With a function dedicated to Contract Performance and a constituted body in the form of a Risk Management Committee, your company assures all its shareholders of a conservative and prudent Risk Mitigation framework.

Execution excellence is the key to profitable growth and your company's management clearly realizes this golden rule. Your company has made the necessary changes in its organization structure so as to ensure faster and more decisive project execution. One of the key steps taken in this direction is to decentralize its procurement function and give more autonomy to each individual division. Upgradation of skills through specialized project management training programs, creation of a second line of young project managers as well as a systematic review mechanism are some initiatives which we feel would bring about far reaching improvement in Project Management and execution.

Exposure to Retention Monies and Guarantees is an inherent part of the business of your company which is especially pronounced in the case of long gestation projects. In order to systematically protect your company's interests and ensure sustainability, the following processes have been adequately strengthened:

- Estimation Process – This has been made more robust with a combination of technical and commercial assessment.
- Effective Project and Contract Management – Exhaustive monitoring of customers and vendors contractual obligations vis-à-vis our respective contracts with them concomitant to project progress.

Liquidity & Financial Prudence

Management of liquidity assumes even more importance when the size of the projects being handled goes up. This is to ensure adequate supply of funds for execution of the projects and entails the complete management of net working capital. Your Company is giving significant emphasis on this aspect with specific efforts to track receivables, inventories and payment to supply base.

Further, your Company firmly believes that financial prudence is the key to survival in difficult times as well as sustained growth.

Foreign Exchange Risk Management

Your Company's fundamental policy on the exchange risk management still continues to be conservative where the Company does not enter into any exotic, leveraged or embedded, long term structures of hedging. The only instrument, if used for hedging, is a Forward contract strictly against the underlying asset or liability. Further, your Company has created significant natural hedge between the exports outstanding and import and loan liability in foreign exchange terms.

Technology Upgradation

The key to sustained competitiveness is the availability of contemporary technologies. Your Company, over the years, has entered into collaboration arrangements with some of the world's renowned technology providers in its core field of activities. In domains like Co-generation, Cement Equipment Manufacturing and Gear Design, your company has benefited from such technical collaborations. Increased thrust on strategic sectors like Defence would definitely increase the need to have the right technology collaborations and references. In its quest to grow in this domain, your company would ensure the necessary technology Upgradation at appropriate stages.

Demand Cyclicity: part of the industry structure

Demand cyclicity is a generic risk applicable almost across the market spectrum especially in the capital Goods Industry. In case of your Company, this risk assumes significance since most of the end users of your Company follow an economic cycle of their own. This results in variation in the revenue drawn from different end user segments from year to year. Your Company's approach to mitigate this risk continues to be:

- Technology up-gradation and moving up the value chain
- Diverse yet synergistic revenue model – fine balance between EPC and Manufacturing
- Focus on core & less cyclical industries such as Missiles, Defence and Aerospace
- More focus on product business like Gears and Centrifugal Machines
- More focus going ahead on Spares, Refurbishment & Repairs and O&M activities
- Growing focus on overseas business in order to hedge against domestic cyclicity

Internal Control Systems

The internal audit function of the Company can be broadly divided into the following:

- Risk Based Internal Audit (RBIA) wherein the focus is given on End to End processes and control points from the point of view of Systems, Processes and awareness of people.

- Transaction audit covering all individual transactions on a granular basis to check the accuracy, accounting, propriety and controls.
- Audit of various sub processes in SAP. This entails identification of process gaps in SAP and correcting them from time to time.
- The findings of the audit are discussed in each audit committee meeting as well as in the internal meetings at a regular interval.

Human Resources

- Your company has been one of the pioneers in Indian Industry in the development of a dedicated and skilled technical workforce in the area of Heavy Engineering. We believe that this is our single biggest strength which has to be nurtured and constantly developed.
- Management and Workmen relations have been cordial.
- Various initiatives have been taken to encourage younger talent to develop and take up bigger responsibilities – job rotation, GET program, etc.
- Training programs intended to hone both technical and managerial skills are conducted throughout the year as part of an on-going skill development process
- Regular Communications Sessions with top management ensure that employees at all levels are kept abreast of the latest developments within the organization and also of the business climate in general.

Business Outlook – leveraging the available opportunities

The Company is confident of a much improved performance in the next year because of the following:

- Balanced order book
- Strong business outlook in strategic sectors like Defence & Aerospace.
- Marked improvement in the progress of long gestation EPC projects.

- Increased focus on overseas markets and further capitalizing upcoming opportunities.
- Ongoing efforts towards cost-rationalization.
- Likely positive impact of general macro-economic conditions in the domestic economy and government's thrust on "Make in India".

Further, your Company has strong fundamentals for a sustainable growth:

- Well diversified yet synergistic business model.
- Strong manufacturing capability.
- In house design engineering capability.
- Project management capability.
- Technology tie-ups in critical areas.

This would augur well for your Company's long term sustainable growth.

Long term competitiveness

Your Company believes that it has taken steps to attain long term growth and competitiveness and has significant resilience to sustain through the periods of economic cyclicity and adversities. The key to this lies in the conservative, synergistic and technology focussed strategies adopted by your Company.

INDEPENDENT AUDITORS' REPORT

To the Members of Walchandnagar Industries Limited.

Report on the Financial Statements

We have audited the accompanying financial statements of **Walchandnagar Industries Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss and the Cash Flow Statement for the eighteen months period then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud and error. In making those risk assessments, the auditor considers internal financial

control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2016, and its loss and its cash flows for the eighteen months period ended on that date.

Emphasis of Matter

We draw attention to

- a) Note No. 14.1 to the Financial Statements regarding old Trade Receivables of ₹ 847.50 Lakhs which are currently under arbitration/ litigation. Pending the ultimate outcome of these matters, which is presently unascertainable, no provision has been made in respect of these dues.
- b) Note No. 34 (a)(j) to the Financial Statements regarding deductions of liquidated damages imposed by certain customers during the current period amounting to ₹ 620.09 Lakhs due to delays in supplies/ services on the part of the company. The Company contends that the delays are not attributable to it and has submitted the waiver applications. No provision has been made against these liquidated damages as based on the past experience, the company is confident of getting these liquidated damages waived.
- c) Note No. 16 to the Financial Statements regarding non moving inventory of work in progress amounting to ₹ 2567.69 Lakhs on account of orders which have been cancelled/ put on hold. The Company contends that this stock will either be liquidated or diverted to other projects without any loss arising there from.

Our report is not qualified in respect of the above matters.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India – Ministry of Corporate Affairs, in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the said Order.

2. As required by Section 143 (3) of the Act, we report that:

- (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- (b) in our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books and proper returns adequate for the purpose of our audit have been received from divisions at Zambia and Ethiopia not visited by us. The divisions' overseas Auditors' Reports have been forwarded to us and appropriately dealt with;
- (c) the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account and with the audited returns from the divisions at Zambia and Ethiopia;

ANNEXURE B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Walchandnagar Industries Limited ("the Company") as of 31st March, 2016 in conjunction with our audit of the financial statements of the Company for the eighteen months period ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR 18 MONTHS PERIOD ENDED MARCH 31, 2016

1 SIGNIFICANT ACCOUNTING POLICIES

1.1 METHOD OF ACCOUNTING

The Company maintains its accounts under the historical cost convention, except for certain fixed assets which are revalued, on an accrual basis and complies in all material respects with Generally Accepted Accounting Principles in India. The Company has prepared these financial statements to comply in all material respects with Accounting Standards notified under the Companies (Accounting Standards) Rules, read with Rule 7 to the Companies (Accounts) Rules, 2014 in respect of Section 133 to the Companies Act, 2013.

1.2 USE OF ESTIMATES

The presentation of the financial statements, in conformity with the Generally Accepted Accounting Principles, requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Such estimates and assumptions are based on management's evaluation of relevant facts and circumstances as on the date of the financial statements. The actual outcome may diverge from these estimates.

1.3 REVENUE RECOGNITION

A –Product Sales

- (a) Domestic sales of manufactured items are recognized on dispatch and are stated net of returns, discounts and rebates. Sales are recorded exclusive of sales tax.
- (b) Export sales are recognized on date of bill of lading/ airway bill and/or passing of rights to the customer, whichever is earlier and initially recorded at the relevant exchange rates prevailing on the date of transaction.
- (c) Income on items delivered directly by suppliers/sub-contractors to the client is recognized on dispatch and receipt of suppliers'/sub-contractors' invoices.
- (d) Income on account of price variation is recognized on the acceptance of the claim by the client and on certainty of its realization.

B - Contract Revenue

- (a) In case of certain long term contracts, revenue is recognized on 'Percentage of Completion Method.' Percentage of completion is determined as a proportion of costs incurred to date to the total estimated contract costs. Contract costs include costs that relate directly to the specific contract and costs that are attributable to contract activity and allocable to the contract. Costs that cannot be attributed or allocable to contract activity are expensed as and when incurred.
- (b) When the final outcome of a contract cannot be reliably estimated, contract revenue is recognized only to the extent of costs incurred that are expected to be recovered. Expected loss is recognized immediately when it is probable that the total estimated contract costs will exceed total contract revenue.
- (c) Variations and claims for escalation are recognized as a part of contract revenue to the extent it is probable that they will result in revenue and are capable of being reliably measured.
- (d) Difference between costs incurred plus recognized profit/less recognized losses and the amount of invoiced sales is disclosed as Contracts-in-progress.

C - Service Revenue

Revenue from services are recognized as and when the services are performed.

D – Interest and Dividend Income

- (a) Interest Income on deployment of surplus funds is recognized using the time proportion method, based on the underlying interest rates.
- (b) Dividend is accrued in the year in which it is declared whereby the right to receive is established.

E – Export Benefits

Export benefits in the form of Duty Drawback (All Industry Rate) and DEPB are recognized on accrual basis.

NOTES TO FINANCIAL STATEMENTS FOR 18 MONTHS PERIOD ENDED MARCH 31, 2016

1.4 TANGIBLE FIXED ASSETS

Fixed Assets are stated at cost, net of tax/duty credits availed less depreciation/amortization to date and impairment, if any, except in the case of certain items of land, buildings, plant and machinery and roads, water works and drainage, which are stated on the basis of revalued cost less depreciation/ amortization to date and impairment, if any.

1.5 INTANGIBLE ASSETS

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

1.6 DEPRECIATION/AMORTIZATION

- (a) Depreciation is computed on Straight Line Method on certain Buildings and Plant and Machinery of Heavy Engineering Division and Foundry Division and all the fixed assets of Instrumentation Division, in the manner prescribed in Schedule II to the Companies Act, 2013 based on useful life of the asset.

Depreciation on the value written-up on revaluation, is calculated on straight line method over the residual technical life assessed by the valuer. Premium on leasehold land is amortized over the period of lease. Depreciation on all other fixed assets is computed on Written Down Value method in the manner prescribed in Schedule II to the Companies Act, 2013 based on useful life of the asset.

In respect of sites, which are integral foreign operations, depreciation is provided in the manner prescribed by local laws so as to write off the assets over their useful life.

- (b) Intangible assets are amortized on a Straight Line Method over the estimated useful economic life and in particular:

- i) Patents are amortized on the basis of life of Patents as specified in the Patent Documents;
- ii) Technical Know-how is amortized over a period of six years; and
- iii) Computer Software, included in intangible assets, is amortized over a period of three years.

- (c) Depreciation on additions to/ deletions from the fixed assets during the year is calculated on pro-rata basis from/ to the date of addition/ deletion.

1.7 CAPITAL WORK-IN-PROGRESS(INCLUDING INTANGIBLE ASSETS UNDER DEVELOPMENT)

Projects under commissioning and other Capital Work-in-Progress (Including Intangible Assets under Development) are carried at cost, comprising direct costs and related incidental expenses.

1.8 IMPAIRMENT OF ASSETS

Impairment is ascertained at each balance sheet date in respect of Cash Generating Units. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discounting factor.

1.9 INVESTMENTS

Investments of long term nature are stated at cost less provision for diminution in value, if such decline is other than temporary. Current investments are stated at lower of cost or fair value.

1.10 EMPLOYEE BENEFITS

- (a) Short term employee benefits are those which are payable within twelve months of rendering service and are recognized as expense in the period in which the employee renders the related service.
- (b) Contributions to Provident Fund and Superannuation Fund, ESIC and Labour Welfare Fund which are defined contribution schemes are recognized as an expense in the Statement of Profit and Loss in the period in which the contribution is due.
- (c) Gratuity liability is a defined benefit obligation and is provided for on the basis of actuarial valuation using the projected unit credit method at the end of each financial year. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss.

NOTES TO FINANCIAL STATEMENTS FOR 18 MONTHS PERIOD ENDED MARCH 31, 2016

- (d) Long term compensated absences including leave encashment are provided for on the basis of actuarial valuation. Accumulated leave, which is expected to be utilized within next twelve months, is treated as short term employee benefits. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

1.11 TAXES ON INCOME

Tax expenses comprise of current and deferred tax.

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961. The tax rates and tax laws used to compute the amounts are those that are enacted or substantively enacted.

Deferred tax is recognized on timing differences between the accounting income and taxable income that originate in one period and are capable of reversal in one or more subsequent periods and is quantified using the tax rates and tax laws enacted or substantively enacted as on the Balance Sheet date. Deferred tax assets (representing unabsorbed depreciation or carried forward losses) are recognized to the extent that there is a virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized.

1.12 BORROWING COSTS

Borrowing costs attributable to the acquisition, construction or production of qualifying assets are capitalized as part of such asset till the time the asset is ready for its intended use or sale. All other borrowing costs are recognized as an expense in the Statement of Profit and Loss in the period in which they are incurred.

1.13 INVENTORIES

Inventories are valued after providing for obsolescence, if any, as under:

- a) Raw materials, Components, Stores and Spares are valued at lower of cost or net realizable value. The cost includes freight inward, direct expenses, duties and taxes, other than those subsequently recoverable. In case of Heavy Engineering Division, it is arrived at on "FIFO Method" and other divisions on "Weighted Average Method".
- b) Costs of Dies, Jigs, Tools and Patterns purchased/ manufactured are charged off in relevant year, at lower of cost or net realizable value, arrived at after providing for suitable diminution/ amortization.
- c) Goods-in-transit are valued at costs incurred till the Balance Sheet date.
- d) Work-in-progress is valued at lower of cost or net realizable value. The cost includes direct material, direct labour, and appropriate overheads booked on normal level of activity. The expenditure on uncompleted contracts is amortized over the period of the contract on the basis of sales booked.
- e) Finished goods are valued at lower of cost or net realizable value. Cost includes related overheads and wherever applicable, excise duty.

1.14 Liquidated damages-

As per the accounting policy adopted by the company, liquidated damages imposed by the customers and are outstanding for more than two years as at the reporting date are fully provided for net of reversals on account of subsequent waivers/ recovery.

1.15 FOREIGN CURRENCY TRANSLATION

- a) Initial recognition

Foreign currency transactions are reported in the reporting currency by applying to the foreign currency amount, the exchange rate between reporting currency and the foreign currency at the date of the transaction.

- b) Conversion

Foreign currency monetary items are re-instated using the exchange rate prevailing at the reporting date. Non-monetary items which are measured in terms of historical costs denominated in a foreign currency are reported using the exchange rate at the date of transaction. Non-monetary items which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

The financial statements of overseas sites of the company which are integral foreign operations are translated as if the transactions of the foreign operations have been those of the company itself.

NOTES TO FINANCIAL STATEMENTS FOR 18 MONTHS PERIOD ENDED MARCH 31, 2016

c) Exchange differences

The Company has opted to avail the option provided under Paragraph 46A of Accounting Standard 11 – The Effects of Changes in Foreign Exchange Rates, inserted vide Notification dated December 29, 2011. Accordingly, exchange differences on long term foreign currency monetary items are being dealt with in the following manner:

Foreign exchange difference on account of a depreciable asset is adjusted in the cost of the depreciable asset, which would be depreciated over the balance life of the asset. In other cases, the foreign exchange difference is accumulated in Foreign Currency Monetary Item Translation Difference Account and amortized over the balance period of such long term asset/liability.

All other exchange differences are recognized as income or as expense in the period to which they relate.

d) Premium or discount on forward exchange contracts for hedging an underlying asset/ liability, is recognized in the Statement of Profit and Loss over the period of the contract.

1.16 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions are recognized for liabilities that can be measured by using a substantial degree of estimation, if:

- (a) the Company has a present obligation as a result of past event;
- (b) a probable outflow of resources is expected to settle the obligation; and
- (c) the amount of the obligation can be reliably estimated.

Contingent Assets are neither recognized nor disclosed. Contingent Liabilities are not recognized, but are disclosed in Notes to Accounts. Provisions, Contingent Liabilities and Contingent Assets are reviewed at each balance sheet date.

1.17 LEASES

Assets acquired under leases where the significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases and lease rentals are charged to the Statement of Profit and Loss on accrual basis.

1.18 SEGMENT REPORTING

The accounting policies adopted for segment reporting are in line with the accounting policies of the company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenues, expenses, assets and liabilities which relate to the company as a whole and are not allocable to segments on reasonable basis have been included under unallocated revenues/expenses/assets/liabilities.

Information given, is in accordance with the requirements of Accounting Standard 17 on Segment Reporting, notified under the Companies (Accounting Standards) Rules, read with Rule 7 to the Companies (Accounts) Rules, 2014 in respect of Section 133 to the Companies Act, 2013. The Company has identified business segments as the primary segment and geographical segment as secondary segment. Segments have been identified after taking into account the nature of the products, differential risk and returns, organizational structure and internal reporting system.

The Company's Primary business segments are organized on product lines as follows:

- (i) Heavy Engineering (also known as Industrial Machinery Division) - engaged in engineering, fabrication and manufacturing of Machinery for Sugar Plants, Cement Plants, Boilers and Power Plants, Industrial and Marine Gears, Mineral Processing and EPC, Petro-chemicals and Space, Defense and Nuclear Power Business;
- (ii) Foundry and Machine Shop - Manufacturing of Grey and Ductile Iron Castings required by various industries and machining of components; and
- (iii) Others - Non Reportable Segment includes units manufacturing Precision Instruments such as pressure and temperature gauges.

1.19 EARNINGS PER SHARE

The company reports basic and diluted earnings per share in accordance with Accounting Standard 20 - Earnings Per Share notified under the Companies (Accounting Standards) Rules, read with Rule 7 to the Companies (Accounts) Rules, 2014 in respect of Section 133 to the Companies Act, 2013. Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year.

NOTES TO FINANCIAL STATEMENTS FOR 18 MONTHS PERIOD ENDED MARCH 31, 2016

For the purpose of calculating Diluted Earnings per share, the net profit or loss for the period attributable to equity share holders and weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.
