Sugar Prices shot up from the third quarter of Sugar Season 2016 on anticipated decline in domestic sugar production in Sugar Season 2017 owing to deficient rainfall. The "Annexure-B" referred to in paragraph E-2 of the Our Report of even date to the members of Rana Sugars Limited on the accounts of the Company for the period ended 31st March, 2017.

Report on the Internal Financial Controls

Under Section 143(3)(i) of the Companies Act, 2013 ("The Act")

We have audited the internal financial controls over financial reporting of Rana Sugar Limited ("The Company") as of 31st March, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information as required under the companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on auditing, issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements to external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the

company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The preparation of the financial statements in conformity with GAAP requires that the management of the company makes estimates and assumptions that affect the reported amounts of income and expenses of the year, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. Examples of such estimates include the useful life of fixed assets and intangible assets, provisions for doubtful debts/advances, future obligations in respect of retirement benefit plans, etc. Actual results could differ from these estimates.

2. Revenue Recognition

Revenue is recognized, based on the nature of activity, when consideration can be reasonably measured and there exists reasonable certainty of its recovery.

- (a) Revenue from sale of goods is recognized when the substantial risks and rewards of ownership are transferred to the buyer under the terms of the contract.
- (b) Sale of power to Punjab State Power Corporation Limited (PSPCL), Uttar Pradesh Power Corporation Limited (UPPCL) & merchant power purchasers is accounted for based on the meter reading as per metering equipments of PSPCL and UPPCL installed at the Power Grid.
- (c) Other income is accounted for on accrual basis as and when the right to receive arises.

3. Inventories

Inventories of Finished Goods are valued at lower of cost and net realizable value. Inventories of by-products are valued at net realizable value. Cost of inventories is determined using Weighted Average Cost method. In respect of finished goods and work in process appropriate overheads are considered.

4. Fixed Assets

Fixed assets are stated at cost, net of Excise Duty, less accumulated depreciation and impairment loss, if any. All costs directly related to the acquisition and installation of fixed assets are capitalized and added to the respective assets. Borrowing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

5. Depreciation

Depreciation is provided on all the fixed assets using the straight-line method over its useful life as provided in accordance with and in the manner specified in Schedule II of the Companies Act, 2013.

6. Foreign Currency Transactions

Transactions denominated in foreign currency are normally recorded at the exchange rates prevailing at the time of the transactions. Monetary items denominated in foreign currencies at the year end are translated at the year end exchange rates. Any income or expenses on account of exchange difference either on settlement or on translation is recognized in the Statement of Profit & Loss.

7. Expenditure on new projects & substantial expansions

Expenditure directly relating to construction/substantial expansion activity is capitalized. Indirect expenditure incurred during construction period is capitalized as part of the indirect construction cost to the extent to which the expenditure is indirectly related to construction or is incidental thereto. Income earned during the construction period is deducted from the total of the indirect expenditure.

As regards indirect expenditure on expansion, only that portion is capitalized which represents the marginal increase in such expenditure involved as a result of capital expansion. Both direct and indirect expenditure are capitalized only if they increase the value of the asset beyond its original standard of performance.

8. Impairment of Assets

At each balance sheet date, the carrying amount of fixed assets are reviewed by the management to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss (recoverable amount is the higher of an asset's net selling price or value in use). In assessing the value in use, the estimated future cash flow expected from the continuing use of the assets and from their disposal are discounted to their present value using a pre discounted rate that reflects the current market assessment of time value of money and risks specific to the asset. Reversal of impairment loss is recognized immediately as income in the Statement of Profit and Loss.

9. Government Grants and Subsidies

Grants and subsidies from the government are recognized when there is reasonable assurance that the grant/subsidy will be received and all attaching conditions will be complied with.

When grant or subsidy relates to an expense item, it is recognized as income over the periods necessary to match them on a systematic basis with the related cost, which it is intended to compensate. Where grant/subsidy relates to an asset, its value is deducted in arriving at the carrying amount of the related asset against which grant/subsidy has been received and further where the grant/subsidy is in the nature of promoters contribution the amount of grant/subsidy is accounted for as a capital reserve.

10. Investments

Investments that are readily realizable and intended to be held for less than one year are classified as current investments. Current investments are carried at lower of cost and fair value, whereas long term investments are carried at historical cost. Deferred tax assets are recognized only to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized. If the company has carry forward of unabsorbed depreciation and tax losses, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that such deferred tax assets can be realized against further taxable profits. Unrecognized deferred tax assets of earlier years are re-assessed and recognized to the extent that it has become reasonably certain that further taxable income will be available against which such deferred tax assets can be realized.

The weighted average numbers of equity shares outstanding during

the year are adjusted for events such as bonus issue, bonus element in a right issue to the existing shareholders, share split and consolidation of shares.
