LETTER TO THE SHAREHOLDERS

Dear Shareholders,

It gives me immense pleasure to write to you to present the Annual Report for FY2021-22. I hope this letter finds you and your families well and safe.

Recent history has been relentless with the global pandemic, military conflict, growing inequality, supply chain shortages and more. As economies across the world are gradually coming out of the pandemic induced inertia, and gathering momentum, we are taking all relevant initiatives to increase production capacity and efficiency to enhance its market share.

During the year under review Company has marked its steps in new Industry by manufacturing and fabricating heavy structures related to Defence Industry directly and indirectly. Company has established Plant in Chakan area for manufacturing of heavy fabricated structures and machinery. Company has also bagged work orders with reputed players in market which affirms a growth for company in upcoming financial year.

FY 2021-22 was a challenging year for the Company as Company stepped into new business avenue. Revenue from operations was Rs. 2,124.37 Lacs in FY 2021-22 against revenue from operations in FY 2020-21 which was Rs.251.32 lacs. The Company managed to record profit of Rs.21.25 Lacs in FY 2021-22. Now company has accommodated with changes and has a vision of growing manifold in upcoming financial year.

Your Company is taking concerted actions to be future ready and create a virtuous cycle of growth and returns for our shareholders. I would like to welcome you on this journey. While the near-term outlook is fluid with multiple challenges that I outlined above, the business is taking the right actions to navigate them, and I am confident that we will emerge stronger.

I would like to take this opportunity to thank all our employees for their immense contributions in these trying times. I would also like to thank you shareholders for your continued trust and support.

From desk of Managing Director

Ganesh Nibe

NOTICE OF 17TH ANNUAL GENERAL MEETING

NOTICE is hereby given that the 17th (Seventeenth) Annual General Meeting of NIBE LIMITED (**Company**) will be held on Saturday, 30th July, 2022 at the registered office of the Company situated at Plot No. A-3/B in the Chakan Industrial Area Phase– II, Village: Khalumbre, Taluka – Khed, Pune, Maharashtra, India - 410 501 at 3:00 P.M. to transact the following business:

Item 3:

Based on the recommendation of the Nomination and Remuneration Committee ('NRC'), the Board appointed Mr. Manish Purshottamdas Kella (DIN: 06603231) as an Additional Director of the Company and also an Independent Director not liable to retire by rotation, for a term of five years, i.e., from 12th October 2021 upto 12th October 2026 (both days inclusive), subject to approval by the Members.

Pursuant to the provisions of Section 161(1) of the Act and the Articles of Association of the Company, Mr Manish Purshottamdas Kella (DIN: 06603231) shall hold office up to the date of this AGM and is eligible to be appointed as a Director. The Company has, in terms of Section 160(1) of the Act, received in writing notice from a Member, proposing his candidature for the office of Director. The profile and specific areas of expertise of Mr. Manish Purshottamdas Kella (DIN: 06603231) are provided as in this Notice in Explanatory Statement above.

Mr. Manish Purshottamdas Kella (DIN: 06603231) has given his declaration to the Board, inter alia, that (i) he meets the criteria of independence as provided under Section 149(6) of the Act and Regulation 16(1)(b) of the SEBI Listing Regulations, (ii) is not restrained from acting as a Director by virtue of any Order passed by SEBI or any such authority and (iii) is eligible to be appointed as a Director in terms of Section 164 of the Act. He has also given his consent to act as a director in form DIR-2 as required under provision of Companies Act, 2013.

In the opinion of the Board, Mr. Manish Purshottamdas Kella (DIN: 06603231) is a person of integrity, possesses relevant expertise / experience and fulfills the conditions specified in the Act and the SEBI Listing Regulations for appointment as an Independent Director and he is independent of the management. Given his experience, the Board considers it desirable and in the interest of the Company to have Mr. Manish Purshottamdas Kella (DIN: 06603231) on the Board of the Company and accordingly the Board recommends the appointment of Mr. Manish Purshottamdas Kella (DIN: 06603231) as an Independent Director as proposed in the Resolution set out at Item No. 3 of the accompanying Notice for approval by the Members.

As an Independent Director, he is entitled to get sitting fee for Board Meetings and Board Level Committee Meetings attended by him.

Except for Mr. Manish Purshottamdas Kella (DIN: 06603231) and/or his relatives, no other Director, Key Managerial Personnel or their respective relatives are, in any way, concerned or interested, financially or otherwise, in the said Resolution.

ITEM NO.4:

In terms of Section 180(1)(c) of the Companies Act, 2013, the Board of Directors of a Company, shall exercise the power to borrow money, where money to be borrowed, together with the money already borrowed by the Company will exceed aggregate of its paid up share capital and free reserves, apart from temporary loans obtained from the Company's bankers in the ordinary course of business only with the consent of the Company by passing a Special Resolution. In view thereof, it is proposed to obtain approval of Shareholders by a Special Resolution.

The relevant resolutions proposed for the Member's approval is specified at item No.4. The Board of Directors recommend the Special Resolution as set out in item No. 4 of the Notice for the approval of the Shareholders.

None of the Directors and Key Managerial Personnel of the Company or their respective relatives are concerned or interested in the passing of the Resolution.

ITEM NO.5:

The Company is expected to render support for the business requirements of other companies in the group, from time to time. In the light of amendments notified effective May 7, 2018, inter-alia replacing the provisions Section 185 of Companies Act, 2013, the Company with the approval of members by way of special resolution, would be in a position to provide financial assistance by way of loan(s) in one or more tranches including loan represented by way of book debt (the "Loan") and/or give guarantee or provide security in respect of loans taken by any entity which is a Subsidiary or Associate or Joint Venture or group entity of the Company or any other person in which any of the Director of the Company is deemed to be interested (collectively referred to as the "Entities").

The members may note that board of directors would carefully evaluate proposals and provide such loan, guarantee or security proposals through deployment of funds out of internal resources / accruals and / or any other appropriate sources, from time to time, only for principal business activities of the entities.

Hence, in order to enable the Company to advance loan and/or give guarantee or provide security in respect of loans taken by any entity which is a Subsidiary or Associate or Joint Venture or group entity of the Company or any other person in which any of the Director of the Company is deemed to be interested directly or indirectly, under section 185 of the Act, it requires approval of members by way of a Special Resolution.

The relevant resolutions proposed for the Member's approval is specified at item No.5. The Board of Directors recommend the Special Resolution as set out in item No. 5 of the Notice for the approval of the Shareholders.

None of the Directors and Key Managerial Personnel of the Company or their respective relatives are concerned or interested in the passing of the Resolution.

ITEM NO.6:

In order to make optimum use of funds available with the Company and also to achieve long term strategic and business objectives, the Board of Directors of the Company proposes to make use of the same by making investment in other bodies corporate or granting loans, giving guarantee or providing security to other persons or other body corporate as and when required. Members may note that pursuant to Section 186 of the Companies Act, 2013 ("Act"), the Company can give loan or give any guarantee or provide security in connection with a loan to any other body corporate or person and acquire securities of any other body corporate, in excess of 60% of its paid up share capital, free reserves and securities premium account or 100% of its free reserves and securities premium account, whichever is more, with approval of Members by special resolution passed at the general meeting.

In view of the aforesaid, it is proposed to take approval under Section 186 of the Companies Act, 2013, by way of special resolution, up to a limit of Rs. 50 Crores, as proposed in the Notice. The above proposal is in the interest of the Company.

The Board recommends the Resolution as set out at Item No.6 for approval by the members of the Company. None of the Directors or Key Managerial Personnel or their relatives are in any way concerned with or interested, financially or otherwise in the resolution at Item no. 6 of the

accompanying notice. The Board recommends the resolution at Item no.6 to be passed as Special Resolution.

Item 7

The present Authorized Share Capital of the Company is Rs. 10,50,00,000/- (Rupees Ten Crore Fifty Lakh) comprising of 1,05,00,000 (One Crore Five Lakh) Equity Shares of Rs. 10/- each.

Considering the increased fund requirements of the Company, the Board at its Meeting held on July 04, 2022 had accorded its approval for increasing the Authorized Share Capital from Rs. 10,50,00,000/- (Rupees Ten Crore Fifty Lakh) to Rs. 30,00,00,000/- (Rupees Thirty Crore) by creation of 19,50,000 additional equity share of Rs.10/- each, subject to shareholders approval.

Consequently, Clause V of the Memorandum of Association would also require alteration so as to reflect the revised Authorized Share Capital.

The proposal for increase in Authorized Share Capital and amendment of Memorandum of Association of the Company requires approval of members at a general meeting.

A copy of the Memorandum of Association of the Company duly amended will be available for inspection in the manner provided.

None of the Directors or Key Managerial Personnel of the Company or their respective relatives, are in any way concerned or interested, financially or otherwise in the said resolution.

The consent of the members is, therefore, being sought for passing the aforesaid resolution of the notice as an Ordinary Resolution.

Item 8:

M/s Sharp Aarth & Co, Chartered Accountants, have tendered their resignation from the position of Statutory Auditors, with effect from July 04, 2022 resulting into a casual vacancy in the office of Statutory Auditors of the Company as envisaged by section 139(8) of the Companies Act, 2013. As per Section 139(8) of the Companies Act, 2013, the casual vacancy caused by the resignation of Auditors can be filled by the Board within thirty days which is subject to the approval of the members within three months of the recommendation of the Board and such auditor shall hold office till the conclusion of the next Annual General Meeting.

Based on the recommendation of the Audit Committee, the Board, at its meeting held on July 04, 2022, proposes and recommends that M/s. RT Jain and Co LLP (LLPIN AAI-4279) be appointed as the Statutory Auditors of the Company to fill the casual vacancy caused by the resignation of M/s. Sharp Aarth & Co, Chartered Accountants, who shall hold the office up to the conclusion of the 22nd Annual General Meeting of the Company to be held in the year 2027. The Auditor Firm is an established firm having experience of decades. The Firm has many experienced professionals and hence, Audit Committee and Board recommends appointment of the firm on remuneration of Rs. 2 lakh plus out of pocket expenses and any other charges as may be agreed between the parties.

M/s. RT Jain and Co LLP, Chartered Accountants, being eligible under section 139(1) and other applicable provisions, have consented to act as the Statutory Auditors of the Company and have also confirmed that their appointment, if made, would be within the limits prescribed under the Companies Act, 2013.

The Board of Directors recommends the resolution for the approval of members of the Company as set out in Item No.8 of the Notice as Ordinary Resolution.

None of the Directors, Key Managerial Personnel of the Company and their respective relatives is, in any way, concerned or interested, in the proposed Resolution set out at Item No. 8 of this Notice.

MANAGEMENT DISCUSSION AND ANALYSIS

Industry structure and developments

The Indian steel industry is considered as one of the few bright spots in the global steel industry. The market has transformed to a great extent over the past few years. The technological developments, though the adoption rate is low in the sector, have not only improved the delivery times, but also helped the industry in producing accurate designs of steel structures.

The rising demand for goods and services across various sectors in India, combined with the fact that global manufacturing companies focus to diversify their production by setting-up low-cost plants in countries, like China and India, is expected to drive the Indian manufacturing sector.

Company is running objects included manufacturing and fabrication of heavy structures related to Defence Industry directly and indirectly in Plant 1 at Chakan, Pune. The Company had been striving to work on those objects during this year. However, with the pandemic situation being disruptive in the usual business cycle. It was challenging for the Company to establish foot in this new industry.

The Company has established Plant in Chakan area for manufacturing of heavy fabricated structures and machinery. Company has also bagged work orders with reputed players in market which affirms a positive growth for Company in upcoming financial year.

This Chakan Plant 1 is exclusively work for L&T Defence only.

Opportunities and Threats

Metal fabrication holds a prominent place in the manufacturing industry, where it involves building metal components for various applications. With the latest technological advancements, such as IoT and automation, the metal fabrication industry is undergoing rapid changes. Metal Fabrication has a huge market, where the fabricators are introducing strategies to cut down on their production costs, while tapping on new approaches, like the adaptation of control systems, etc. This equipment have several industries as end-users, with many processes involved in metal fabrication that include milling, forming, welding, machining, stamping, finishing, etc. The metal fabrication equipment market is expected to grow at a remarkable rate, as the world moves toward industrialization, owing to the growing population.

The increasing construction sector and the preference toward pre-engineered buildings are expected to further increase the competition within the market and provide ample of opportunities.

The India metal fabrication market is fragmented in nature, with the presence of a large number of small- and medium-sized companies and Engineering, Procurement and Construction (EPC) companies.

Operational Performance

Revenue from operations was Rs. 2,124.37 Lacs in FY 2021-22 against revenue from operations in FY 2020-21 which was Rs.251.32 lacs. The Company managed to record profit of Rs.21.25 Lacs in FY 2021-22.

Company has bagged work orders with reputed players in market which affirms a growth for company in upcoming financial year.

Outlook

The global pandemic has thrown a wrench into the global supply chain. Reshoring trends will continue, and so will customers' demand for fabricators to respond quickly. Steel industry and its associated mining and metallurgy sectors have seen major investments and developments in the recent past. According to the data released by Department for Promotion of Industry and Internal Trade (DPIIT), the Indian metallurgical industries attracted Foreign Direct Investment (FDI).

The India fabrication market is expected to grow at 5.5% over the forecasted period. This is owing to factors, such as the increasing demand from the manufacturing sector, the rising preference toward pre-engineered buildings and components, and government initiatives toward infrastructure development activities.

Additionally, the Indian manufacturing sector is expected to register a growth of more than six times than the current value, by 2025, to USD 1 trillion. This growth in the Indian manufacturing sector, in turn, is likely to increase the number of manufacturing facilities in the country, which is, thus, expected to drive the demand in the market studied.

Adequacy of Internal Control System

The Company has adequate internal control systems for the business processes in respect of all operations, financial reporting, compliance with laws and regulations etc. The management information system forms an effective and sound tool for monitoring and controlling all operating parameters. Regular internal audits ensure that responsibilities are executed effectively. The Audit Committee reviews the adequacy of internal controls on regular basis.

Human Resource Development

The Company recognizes that its human resource is its strength in realizing its goals and objectives.

Cautionary Statement

Statements in this report on Management Discussion and Analysis, describing the Company's objectives, projections, estimates, expectations or predictions may be forward looking, considering the applicable laws and regulations. These statements are based on certain assumptions and expectation of future events. Actual results could, however, differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include finished goods prices, raw materials costs and availability, global and domestic demand-supply conditions, fluctuations in exchange rates, changes in Government regulations and tax structure, economic developments within India and the countries with which the Company has business contacts. The Company assumes no responsibility in respect of the forward looking statements herein, which may undergo changes in future on the basis of subsequent developments, information or events.

As regards the appointment and tenure of Independent Directors, following is the policy adopted by the Board:

- The Company has adopted the provisions with respect to appointment and tenure of Independent Directors which are consistent with the Companies Act, 2013 and Listing Regulations.

The Company would not have any upper age limit of retirement of Independent Directors from the Board and their appointment and tenure will be governed by provisions of the Companies Act, 2013 and Listing Regulations.

C. Board Meetings

The Board meets at regular intervals to discuss and decide on Company / business policy and strategy apart from other Board business. The notice of Board meeting is given well in advance to all the Directors. Meetings of the Board are held at Registered Office of the Company. The agenda of the Board / Committee meetings is set by the Managing Director of the Company. The agenda is circulated a week prior to the date of the meeting. The agenda for the Board and Committee meetings cover items set out as per the guidelines in Listing Regulations to the extent it is relevant and applicable. The agenda for the Board and Committee meetings include detailed notes on the items to be discussed at the meeting to enable the Directors to take an informed decision.

During the financial year ended 31st March, 2022, Five Board meetings were held on 28.06.2021, 10.08.2021, 12.10.2021, 29.10.2021 and 07.02.2022. The maximum interval between any two meetings was well within the maximum allowed gap of 120 days.

Attendance of each Director at the Board Meetings and the last Annual General Meeting:

Independent Auditor's Report

To the Members of
Nibe Limited (formerly known Kavita Fabrics Limited)

Report on the Audit of Ind AS Standalone Financial Statements

Opinion

We have audited the accompanying Ind AS Standalone Financial Statements of **Nibe Limited (formerly known Kavita Fabrics Limited)** ("the Company"), which comprise the balance sheet as at March 31, 2022, the Statement of Profit and Loss, (including the statement of Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Ind AS & accounting principles generally accepted in India:

- a) in the case of the balance sheet, of the state of affairs of the Company as at March 31, 2022; and
- b) in the case of the statement of profit and loss, of the loss including other comprehensive income for the year ended on that date.
- c) in the case of the statement of cash flows, of the cash flows for the year ended on that date.
- d) in the case of the statement of changes in equity, of the changes in equity share capital and other equity for the year ended on that date.

Basis for Opinion

We have conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing as specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the Ind AS financial statements' section of our report. We are independent of the company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provision of the Act and the Rules thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the ICAI Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the Board of Directors' Report, but does not include the Ind AS financial statements and our Auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors Responsibility for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements,

whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure A**, a statement on the matters specified in the paragraph 3 and 4 of the order.

 - Directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company; or
 - Provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - ii. The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Fund Parties") with the understanding, whether recorded in writing or otherwise that the Company shall:

- Directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party; or
- Provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and

iii. Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause d (i) and d (ii) contain any material misstatement.

e) During the year, the Company has not declared or paid any dividend.

C.) With respect to the matter to be included in the Auditor's Report under Section 197 (16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act.

The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure B to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls over financial reporting of **Nibe Limited (formerly known Kavita Fabrics Limited)** ("the Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's and Board of Directors' Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our

audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to standalone financial statements.

Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes forming part of the Ind AS Financial Statements

CORPORATE INFORMATION

NIBE LIMITED (FORMERLY KNOWN AS KAVITA FABRICS LIMITED) was incorporated in the year 2005 as a private company. Subsequently In 2012, it was converted into a public company. The Company is in the business of trading in electronic components, fabrication materials, job work relating to fabrication works and consultancy in technical project etc. The company is service provider in field of design, supply, erection, testing, commissioning of Low voltage & Medium voltage lines including substations on turnkey basis. The Company has been acquired by new management through open offer of shares in March 2020.

NOTE 1: BASIS OF PREPARATION OF FINANCIAL STATEMENTS

Basis of Measurement

The Ind AS Financial Statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting, except for certain financial assets and liabilities, including financial instruments which have been measured at fair value as described below:

-Certain asset and liabilities measured at fair value.

Fair value measurement

The Company measures financial instruments, such as, equity shares at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either

-In the principal market for the asset or liability, or

-In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. Fair value for measurement and /or disclosure purpose in these financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

The Company has applied following accounting policies in the Ind AS Financial Statement.

a) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable, net of discounts, volume rebates, outgoing sales taxes and other indirect taxes.

Revenue from sales is recognised when all significant risks and rewards of ownership of the commodity sold are transferred to the customer which generally coincides with delivery. Revenues from sale of byproducts are included in revenue.

Dividend income is recognised when the right to receive payment is established.

Interest income is recognised at the agreed rate on time proportion basis.

b) Property, Plant and Equipment

Property, plant and equipment

The initial cost of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, attributable borrowing cost and any other directly attributable costs of bringing an asset to working condition and location for its intended use. It also includes the present value of the expected cost for the decommissioning and removing of an asset and restoring the site after its use, if the recognition criteria for a provision are met.

Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are normally charged to the statements of profit and loss in the period in which the costs are incurred. Major inspection and overhaul expenditure is capitalized if the recognition criteria are met.

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized within other income/other expenses in statement of profit and loss.

An item of property, plant and equipment and any significant part initially recognised is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss, when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Capital work in progress

Assets in the course of construction are capitalized in capital work in progress account. At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs associated with the commissioning of an asset are capitalised when the asset is available for use but incapable of operating at normal levels until the period of commissioning has been completed. Revenue generated from production during the trial period is credited to capital work in progress.

Depreciation

Assets in the course of development or construction and freehold land are not depreciated. Other property, plant and equipment are stated at cost less accumulated depreciation and any provision for impairment. Depreciation commences when the assets are ready for their intended use. Depreciation is calculated on the depreciable amount, which is the cost of an asset less its residual value. Depreciation is provided at rates calculated to write off the cost, less estimated residual value, of each asset on a written down value basis over its expected useful life as provided in the Companies Act, 2013 (determined by the management based on technical estimates), as follows:

Major inspection and overhaul costs are depreciated over the estimated life of the economic benefit derived from such costs. The carrying amount of the remaining previous overhaul cost is charged to the statement of profit and loss if the next overhaul is undertaken earlier than the previously estimated life of the economic benefit.

When significant spare parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Depreciation methods, useful lives and residual values are reviewed at each financial year end and changes in estimates, if any, are accounted for prospectively.

The estimated useful lives are as mentioned below:

Type of Asset	Useful lives
Buildings	30 Years
Plant & Machineries	15 Years
Office Equipments	5 Years
Computer Equipments	3 Years
Servers & Networks	6 Years
Furniture & Fixtures	10 Years

Intangible assets

Intangible assets acquired are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

The useful lives of intangible assets are assessed as either finite or indefinite. The Company currently does not have any intangible assets with indefinite useful life. Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset are reviewed at least at the end of each reporting period. Changes in the expected

useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognized.

Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through statement of profit and loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

Subsequent measurement of financial assets is described below -

Debt instruments at amortised cost

A. Debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

Debt instrument at FVTOCI

Debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent solely payment of principal and interest (herein after referred to as "SPPI").

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method. Debt instrument at

FVTPL. FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has designated its investments in debt instruments as FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits and trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognising impairment loss allowance based on 12-month ECL. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

▣ **Financial assets measured as at amortised cost:** ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

Financial liabilities – Recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through statement of profit and loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments. The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through statement of profit and loss
Financial Liabilities at fair value through statement of profit and loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through statement of profit and loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the statement of profit and loss. Financial liabilities designated upon initial recognition at fair value through statement of profit and loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The Company has not designated any financial liability as at fair value through statement of profit and loss.

Loans and Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate (hereinafter referred as EIR) method. Gains and losses are recognized in statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Financial liabilities - Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Impairment of Non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a post-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators. The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss. An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss.

Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is treated as deferred income and released to the statement of profit and loss over the expected useful lives of the assets concerned. When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to statement of profit and loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

Inventories

Inventories are valued at the lower of cost and net realisable value except scrap and by products which are valued at net realisable value.

Costs incurred in bringing the inventory to its present location and condition are accounted for as follows:

Raw materials: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Finished goods and work in progress: Cost includes cost of direct materials and labour and a portion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Obsolete inventories are identified and written down to net realisable value. Slow moving and defective inventories are identified and provided to net realisable value.

Taxation

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences, except when it is probable that the temporary differences will not reverse in the foreseeable future. Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority. Sales/ value added taxes paid on acquisition of assets or on incurring expenses. Expenses and assets are recognised net of the amount of sales/ value added taxes paid, except: When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable. When receivables and payables are stated with the amount of tax included, the net amount of tax recoverable from, or payable to, the taxation authority is included as part of

receivables or payables in the balance sheet. Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Employee benefit schemes

Short-term employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, performance incentives and compensated absences which are expected to occur in next twelve months. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

Post-employment benefits

Defined benefit plans –Provident fund

Provident Fund

Eligible employees of the Company receive benefits from a provident fund, which is a defined benefit plan. Both the eligible employee and the Company make monthly contributions to the provident fund plan equal to a specified percentage of the covered employee's salary.

Provision for liabilities and charges, Contingent liabilities and contingent assets

The assessments undertaken in recognising provisions and contingencies have been made in accordance with the applicable Ind AS.

Provisions represent liabilities to the Company for which the amount or timing is uncertain. Provisions are recognized when the Company has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in the statement of profit and loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

The Company has significant capital commitments in relation to various capital projects which are not recognized on the balance sheet. In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Guarantees are also provided in the normal course of business. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as contingent liabilities and disclosed in the notes but are not reflected as liabilities in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Company involved, it is not expected that such contingencies will have a material effect on its financial position or profitability. Contingent assets are not recognised but disclosed in the financial statements when an inflow of economic benefits is probable.

Foreign currency transactions

In the financial statements of the Company, transactions in currencies other than the functional currency are translated into the functional currency at the exchange rates ruling at the date of the transaction. Monetary assets and liabilities denominated in other currencies are translated into the functional currency at exchange rates prevailing on the reporting date. Non-monetary assets and liabilities denominated in other currencies and measured at historical cost or fair value are translated at the exchange rates prevailing on the dates on which such values were determined. All exchange differences are included in the statement of profit and loss except any exchange differences on monetary items designated as an effective hedging instrument of the currency risk of designated forecasted sales or purchases, which are recognized in the other comprehensive income. The Company has applied paragraph 46A of AS 11 under Indian GAAP. Ind AS 101 gives an option, which has been exercised by the Company, whereby a first-time adopter can continue its Indian GAAP policy for accounting for exchange differences arising from translation of long-term foreign currency monetary items recognised in the Indian GAAP financial statements for the period ending immediately before the beginning of the first Ind AS financial reporting period. Hence, foreign exchange gain/loss on long-term foreign currency monetary items recognized upto March 31, 2016 has been deferred/capitalized. A long-term foreign currency monetary item is an item having a term of 12 months or more at the date of its origination.

Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit and loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit and loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares.

Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. Revenue and expenses are identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue are accounted for based on the cost price. Revenue, expenses, assets and liabilities which are not allocable to segments on a reasonable basis, are included under "Unallocated revenue/ expenses/ assets/ liabilities".

Cash Flow Statement

Cash flows are reported using indirect method as set out in Ind AS -7 "Statement of Cash Flows", whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date at fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

Use of Estimates and Judgments

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates under different assumptions and conditions. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

(ii) Valuation technique used to determine fair value

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

- Fair value for financial investments are valued using closing NAV.
- Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Long-term fixed-rate and variable-rate receivables / borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values.
- The fair value of the remaining financial instruments is determined using discounted cash flow analysis.

(iii) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are: (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table:

Financial assets and liabilities measured at fair value-recurring fair value measurements	At March 31, 2022			
	Level 1	Level 2	Level 3	Total
Financial assets at amorised Cost				
Non Current Investment in Shares	-	-	-	-
Financial investments at FVTOCI				
Current Investment in Units of Mutual Fund	389	-	-	389
Total financial assets	389	-	-	389

Financial assets and liabilities measured at fair value-recurring fair value measurements	At March 31, 2021			
	Level 1	Level 2	Level 3	Total
Financial assets at amorised Cost				
Non Current Investment in Shares	-	-	-	-
Financial investments at FVTOCI				
Current Investment in Shares	-	-	-	-
Total financial assets	-	-	-	-

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over the counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument are included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in Level 3.

The Company's policy is to recognise transfers into and transfer out in fair value hierarchy levels at the end of the reporting period.

Note 34 : Financial Risk Management

Financial Risk Factors

The Company's principal financial liabilities comprise borrowings and trade payables. The main purpose of these financial liabilities is to manage finances for the Company's operations. The Company has loan, trade and other receivables, cash and short-term deposits that arise directly from its operations. The Company's activities expose it to a variety of financial risks:

i) Credit Risk

Credit risk arises from cash and cash equivalents and deposits with bank(s) / other company, as well as credit exposure to counter party that will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

Expected credit loss for trade receivables

Particulars	As at March 31, 2022	As at March 31, 2021
Trade Receivables		
Gross carrying amount	28,066.22	14,743.64
Expected loss rate	0.00%	0.00%
Expected credit losses (Loss allowance provision)	-	-
Carrying amount of trade receivables (net of impairment)	28,066.22	14,743.64

ii) Market Risk

The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligations provisions and on the non-financial assets and liabilities. The sensitivity of the relevant Statement of Profit and Loss item is the effect of the assumed changes in the respective market risks. The Company's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rates.

(a) Foreign Exchange Risk

The Company transacts business in Indian National Rupee (INR). The Company does not have any foreign currency financial instruments and therefore is not exposed to foreign exchange risk.

(b) Price Risk

During the financial year, the company engaged into trading of electronic components and providing consultancy services on technical projects. The price volatility of the commodities in domestic and international markets does not generally affect the operating activity of the Company.

iii) Liquidity Risk

The Company considers factors such as track record, size of the institution, market reputation and service standards to select the banks with which balances and deposits are maintained. Generally, the balances are maintained with the institutions with which the Company has also availed borrowings. The Company does not maintain significant cash and deposit balances other than those required for its day to day operations subject to the compliance with loan facilities. Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions.

The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company relies on a mix of borrowings, capital infusion and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.
