MESSAGE FROM CHAIRMAN & CEO

Dear shareholders,

It gives me great pleasure to present the annual report for the financial year 2015-16.

The year witnessed a subdued global economic activity contributed by lower growth in emerging markets and slower recovery in advanced economies. The world economy grew by 3.1¹ percent in 2015 which is 0.3¹ percent lower from the previous year. Rebalancing in the Chinese economy and lower oil prices impacted world economy growth.

Chinese economy continued to report slower growth representing weaker investment and manufacturing climate. Commodity prices remained under stress and financial markets saw increased volatility. Oil prices continued to remain at lower level impacting fiscal positions of oil exporting economies. Many of oil exporting

nations experienced currency depreciation and drop in currency reserves. On the other hand, oil importing nations saw a favorable trade deficit.

In spite of challenging global economic environment, Indian economy performed well during last year, GDP grew by 7.6² percent as compared to 7.3² percent for the previous year. This was the fastest growth for Indian economy in last five years. Fiscal deficit showed an improving trend. Headline inflation based on All India consumer price index recorded 4.9³ percent in FY 2015-16 as compared to 5.9³ percent during previous year. Lower global oil prices helped to keep inflation under control though the imports and exports both contracted by about 15³ percent.

The performance of your company during last year was not up to the expectations. The sales declined by 14.3 percent due to drop in polyester chips business and lower raw material prices. Despite drop in sales your company was able to improve EBITDA margin by 1.2 percent.

BOPET film BU continued to witness oversupply situation with global capacity operating at the level around 70%. Lower margin and lower raw material costs caused a drop in overall selling price as compared to the previous year. Your company has been transforming itself into technology driven enterprise to mitigate the impact of commoditization & cyclicity. Last year your company did selective capital investments for enhancing its capability for offering value added products and as a result of these initiatives your company was able to significantly grow its portfolio of its value added products. Last year your company improved its capacity utilization and implemented various cost savings and efficiency improvement initiatives. With the help of these initiatives your company continued to build upon on its strategy of Innovation and Cost Leadership.

After an impressive growth journey for three consecutive years, the Engineering Plastics SBU witnessed a negative sales growth of 10.5% and 4.9% in value and volumetric terms respectively. A significant drop in polymer prices, consequent to declining crude prices, resulted in a greater drop in value terms. Our focused customer acquisition process and new product development initiatives resulted in sustained sales growth of EP compounds – catering to end-use segments such as automotive, electrical & electronics and appliances – despite the sluggish market conditions and increased competition. Sales into the Optical Fiber Cable industry dropped significantly – owing to slowdown in implementation of the BharatNet (earlier NOFN) project – resulting in overall drop in sales. The EP SBU was, however, successful in improving unit contribution levels through concerted supply chain initiatives and enhanced customer mix.

1. World Economic Outlook (WEO) Update January 2016

2. Central Statistics Office

3. RBI Bulletin

We have engaged the services of global consultants to enhance our application development as well as compounding/new product development capability which would help us in further strengthening our OEM relationship. With considerable efforts through the year towards finalising our growth strategy, we would now be focusing on implementation of the same to get back on the growth track in the domestic as well as exports markets.

The Specialty Polymer SBU continues to be the front runner in the company in terms of transformation from being a commodity player to a technology player. The entire focus of the specialty Polymer SBU is to create niche products through extensive R&D to cater to the special needs in terms of properties required by the consuming industries. I am happy to report that the efforts put in by the company over last four years has started yielding results. Last year your company was successful in getting various technical approvals for many of its grades including the pertinent products like Stain Resistant Master Batch and Hot Fill resin. While the volume development has been slower than desired we are happy with the overall acceptance of the products by customers and expect a faster rate of increase in volumes over the next few quarters. We will continue to invest in this business to take advantage of the apparent potential that it promises.

Your company continues to foster an entrepreneurial spirit and create a performance culture which encourages empowerment and ownership in every Esterian. Investing in people through scientific

and focused development programs has always been one of the key enablers to deliver Ester's strategic agenda. During the previous year, cross functional teams of identified high potential employees were created to drive various productivity enhancement and efficiency improvement projects. The benefits of these projects have already started to accrue and would continue to contribute towards increasing Ester's competitiveness in future.

While the profitability of your company has remained below expectations, we are confident of achieving better operational performance in the future. Your company kept its focus on its journey to transform itself from a commodity enterprise to a technology company.

I would like to take this opportunity to thank our dedicated Esterians whose hard work, passion and commitment is the key success factor for creating value for our investors.

I express my sincere gratitude to our shareholders, investors and banks who continue to support us. I wish to express my appreciation to my colleagues on the Board for your continued support and confidence in your company. We solicit your continued support to transform Ester into a robust business.

With regards,
Arvind Singhania
Chairman & CEO

DIRECTORS' REPORT

To The Members

Your directors are pleased to present the Thirtieth Annual Report together with Audited Statement of Accounts of your Company for the year ended 31st March 2016.

FINANCIAL RESULTS

Diluted Earnings Per Share (Rupees)	0.57	0.57

DIVIDEND AND RESERVES

Your directors have not recommended payment of dividend as the Net Profit after Tax earned during the year under review is marginal. Your Company has not transferred any amount of Profit & Loss account to any reserve.

OPERATIONS REVIEW

During the year under review, your Company earned a Net Profit after Tax of Rs. 456.06 lacs as compared to Rs. 383.91 lacs earned during the FY 2014-15. Revenue from Operations during the year under review stood at Rs. 84541.74 lacs as compared to Rs. 98608.68 lacs during FY 2014-15, a reduction of 14.3%

Main reason for reduced revenue from operations was significant reduction in the quantities of sales of Polyester Chips from 19133 MT during 2014-15 to 2940 MT during 2015-16 with corresponding reduction in revenue from operations by Rs. 14526.36 lacs. Reduced sales of Polyester Chips did not have major adverse impact on the profits of the Company as Polyester Chips is an intermediate product that fetches marginal contribution.

Despite depressed market conditions, your Company was successful in improving sales of Polyester Films and Engineering Plastics Compounds – in quantitative terms – by 12.3% and 5.7% respectively. In value terms, sales of Polyester Films reduced by 4.4% while that of Engineering Plastics Compounds improved marginally by 1.5%. Drop in value terms despite increase in quantity of sales was due to fall in feedstock prices consequent to decline in crude oil price. Sales of Engineering Plastics for OFC application, both in quantitative & value terms, reduced by 35% and 26% respectively due to slowdown in implementation of the BharatNet (earlier NOFN) project.

Benefit arising from fall in the price of feedstock caused by fall in the price of Crude Oil could not be realized as sluggish market conditions, coupled with an oversupply situation, resulted in sustained pressure on the Company's product prices and inventory valuation losses.

Sales of Specialty Polymers improved significantly by 186.3%, albeit on a smaller base in quantitative terms while in value terms net sales improved by 231.9% from Rs. 1983.10 lacs during FY 2014-15 to Rs. 6581.65 lacs during FY 2015-16 due to better product mix

To some extent adverse effect of sluggish market conditions and an oversupply scenario was mitigated with significantly improved performance of Specialty Polymers. Company continues to focus towards increasing the proportion of Value Added & Specialty products across all SBUs in its portfolio aligned with its strategic objective.

Various initiatives taken over the last seven years – supported by capacity expansions – have resulted in Net Sales of the Company growing at a CAGR of 10.78% pa, from Rs. 37240.99 lacs in FY2008-09 to Rs. 76239.06 lacs in FY2015-16. This CAGR has been achieved despite significant reduction in the prices of products of the Company due to huge fall in the prices of feedstock that are petrochemical products consequent to fall in the prices of crude oil.

During the year under review, capacity utilization in Polyester Films was about 87%, with production higher at 49430 MT as compared to 43788 MT during the year 2014-15.

Details on operations, a view on the outlook for the current year and various strategies (internal and external) adopted by the Management are provided in the 'Management Discussion & Analysis Report' which forms an integral part of this Annual Report.

AWARDS & RECOGNITION

Your directors are pleased to report that the Company was felicitated at the 6th National Awards for Technology Innovation in Petrochemicals under the category of Innovation in Polymeric Materials. We were selected as Joint Winner in the category of Innovation in Polymeric Materials for Modified Polyester for Hotfill Application by Injection Stretch Blow Molding (ISBM) Process. We were also selected as Joint Runner Up in the category of Innovation in Polymeric Materials for Polyester Masterbatch to Impart Stain Resistance in Nylon for Carpet Application.

PROJECTS UNDER IMPEMENTATION & NEW PRODUCT DEVELOPMENT

Aligned with the strategic objective of increasing the proportion of Value Added & Specialty products, the Company is in the process of modifying its Film Line # 1 by installing a Twin Screw Extruder to enable it to produce various Specialty Films with reduced conversion cost and wastage. This modification – likely to be completed by August 2016 - was originally scheduled to be completed by August 2015. The delay in implementation is on account of a review in design specifications.

Your company has invested towards enhancing its Solid State Polymerization (SSP) capacity by 1800 TPA during FY 2015-16. This would enable us to enhance sales of Specialty Polymers besides exploiting opportunities in Optical Fiber Cable segment upon implementation of Digital India program of Government of India.

Company has entered into agreements with some internationally reputed / renowned companies for collaborative work in the development of innovative products for its Specialty Polymers SBU at its plant in Khatima.

Your Company continues to make investments towards modernization, technical upgradation and debottlenecking initiatives in all the business segments.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Ester Industries Limited** (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

We report that

- a) Maintenance of secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
- b) We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.
- c) We have not verified the correctness and appropriateness of the financial statements of the Company.
- d) Wherever required, we have obtained the Management representation about the compliances of laws, rules, regulations and standards and happening of events etc.
- e) The compliance of the provisions of the Corporate and other applicable laws, rules, regulations and standards is the responsibility of the management. Our examination was limited to the verification of procedures on test basis.
- f) The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Based on our verification of the Company's books, papers, minutes books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31st March, 2016 ("Audit Period") complied with the

statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minutes books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2016 according to the provisions of:

 - Petroleum Act, 1934 and rules & regulations made thereunder.

We have checked the compliance management system of the Company to obtain reasonable assurance about the adequacy of systems in place to ensure compliance of specifically applicable laws and this verification was done on test basis. We believe that the Audit evidence which we have obtained is sufficient and appropriate to provide a basis for our audit opinion. In our opinion and to the best of our information and according to explanations given to us, we

believe that the compliance management system of the Company seems adequate to ensure compliance of laws specifically applicable to the Company.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notices are given to all directors to schedule the Board Meetings. Agenda and detailed notes on agenda are sent in advance of the meetings and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting for meaningful participation at the meeting.

Board decisions are carried out with unanimous consent and therefore, no dissenting views were required to be captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and standards.

We further report that during the audit period, the board of directors of the Company at its meeting held on May 25, 2015 allotted 2,07,50,000 equity shares of Rs. 5/- each fully paid at Rs. 10.10 each including premium of Rs. 5.10 each to Vettel International Limited, a non-promoter entity, pursuant to conversion of 2,07,50,000 Zero Coupon Warrants in compliance with the applicable provisions of Companies Act, 2013 and SEBI Regulations.

ANNEXURE-C

1. Brief outline of the company's CSR policy, including overview of projects or programmes proposed to be undertaken and a reference to the web-link to the CSR policy and projects or programmes :

Ester CSR Policy outlines continuing commitment by the business to contribute towards economic, environmental and social development (a Triple Bottom Line approach) in the vicinity of our facilities/operations with a view to improving the quality of life and fostering sustainable development of the communities as well as our workforce and their families.

Ester intends to pursue its CSR program in a structured manner, making this an integral part of the business to minimize risks and build reputation and competitive advantage, whilst pursuing initiatives covering the following platforms – community, environment, work place & market place. Through this structured approach, Ester intends to enhance involvement of employees in progressing its CSR program, whilst addressing the needs of various stakeholders.

The Board of Directors at the recommendation of CSR Committee has amended the policy to cover all the activities specified in Schedule VII of the Companies Act, 2013. The CSR Policy of company can be accessed under policies section of the Company website at –

http://esterindustries.com/sites/default/files/Corporate_Social_Responsibility_Policy.pdf

2. **The composition of the CSR committee:** The Composition of Committee comprises of Mr. M S Ramachandran, Chairman of the Committee, Mr. Ashok Newatia, Mr. Arvind Singhania and Mrs. Archana Singhania.
3. **Average net profit of the company for last three financial years for the purpose of computation of CSR:** Rs. 373.36 Lacs.
4. **Prescribed CSR Expenditure (two per cent of the amount as in item 3 above):** Rs. 7.47 Lacs.
5. **Details of CSR spent during the financial year:**
 - (a) Total amount to be spent for the financial year 2015-16: Rs. 7.47 lacs .
 - (b) Amount Unspent: Rs. 4.57 Lacs

(c) Manner in which the amount spent during the financial year is detailed below:

S. No.	CSR Project or activity identified	Sector in which the project is covered	Projects or programs (1) Local area or other (2) Specify the State and district where projects or programs was undertaken	Amount outlay (budget) project or programs wise	Amount spent on the projects or programs Sub-heads: (1) Direct expenditure on projects or programs (2) Overheads	Cumulative expenditure upto the reporting period	Amount spent: direct or through implementing agency
1.	Donated School Bags to Students	Promoting Education	Khatima, Distt. Udham Singh Nagar, Uttarakhand and nearby areas	1.12	Direct Exp- 1.12	1.12	Direct
	Helped Government Schools at Khatima by providing Furniture			0.92	Direct Exp- 0.92	0.92	Direct

	Provided Financial assistance for organizing Eye Camp			0.25	Direct Exp- 0.25	0.25	Direct
	Distributed Woolen Blankets			0.20	Direct Exp- 0.20	0.20	Direct

6. In case the company has failed to spend the two per cent of the average net profit of the last three financial years or any part thereof, the company shall provide the reasons for not spending the amount in its Board report :

The Company needs to spend Rs. 7.47 lacs on CSR during FY2015-16, however, the Company has spent Rs. 2.90 lacs on CSR activities as per CSR Policy.

The Company observed that obligated amount of Rs. 7.47 lacs was not large enough to make any worthwhile impact on the society. The Company feels that unspent amount of Rs. 4.57 lacs together with CSR amount of 2016-17, will be large enough to make positive impact on the society and accordingly the Company has decided to spend unspent amount of Rs. 4.57 Lacs during the FY 2016-17 on CSR activities.

7. A responsibility statement of the CSR committee that the implementation and monitoring of CSR policy, is in compliance with CSR objectives and policy of the Company.

We hereby declare that implementation and monitoring of the CSR policy are in compliance with CSR objectives and policy of the Company.

ANNEXURE – D

Disclosure in Board's report as per provisions of Section 197 of the Companies Act, 2013 read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014

I. The ratio of the remuneration of each director to the median remuneration of the employees of the company for the financial year along with percentage increase in remuneration of each director, Chief Financial Officer and Company Secretary

Name of Director	Ratio of Remuneration director to median remuneration	% increase in Remuneration
Executive Director		
Mr. Arvind Singhanian ¹	39:1	-
Mr. Pradeep Kumar Rustagi	21:1	No Increase
Non-Executive Director²		
Mr. Sandeep Dinodia ³	0.21:1	-
Mr. M S Ramachandran	0.26:1	No Increase
Mr. Dinesh Chandra Kothari	0.21:1	No Increase
Mr. P S Dasgupta	0.13:1	20%
Dr. Anand Chand Burman	0.08:1	No Increase
Mr. Ashok Newatia	0.21:1	No Increase
Mrs. Archana Singhanian	0.05:1	No Increase

The percentage increase in remuneration of the Company Secretary is 15% while there was no increase in Remuneration of Chief Financial Officer. The percentage increment of Company Secretary is based on the management appraisal without considering the variable component.

1. Mr. Arvind Singhanian was appointed on 25th May, 2014 and received remuneration for part of the year 2014-15. Therefore his remuneration is not comparable.
2. Only Sitting fee is paid to Non-Executive Directors. Ratio/Increase in remuneration have been derived based on total sitting fees paid during 2015-16 and 2014-15. However there is no increase in sitting fee for per meeting of the Board/Committee.
3. Mr. Sandeep Dinodia was appointed during the year. Therefore no detail of increase in remuneration can be given.

II. The percentage increase in the median remuneration of employees in the financial year – around 29%

III. The number of permanent employees on the rolls of company – 538 as on 31st March, 2016

IV. Average percentile increase already made in the remuneration of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration

Average percentage increase in the remuneration of employees other than Key managerial personal in the last financial year is around 11% (based on management appraisal without considering performance link incentive) while there was no increase in the managerial remuneration during the year. During the year, no increment was given to Managerial Personnel.

V. It is hereby affirmed that the remuneration is as per the remuneration policy of the company

VI. The statement containing particulars of employees as required under Section 197(12) of the Act read with Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, is provided in a separate annexure forming part of this report.

Further, the report and the accounts are being sent to the members excluding the aforesaid annexure. In terms of Section 136 of the Act, the said annexure is open for inspection at the Registered Office of the Company. Any shareholder interested in obtaining a copy of the same may write to the Company Secretary.

A. CONSERVATION OF ENERGY

1. Steps taken or impact on conservation of energy :

- Replaced old Utility Cooling Towers of wooden CT with new one of Pultruded FRP resulting into:
 1. Saving of about 178700 units per annum (Rs. 9.80 lacs)
 2. Saving in TR 132 of Rs. 31.36 lacs.
- Installed high efficient Vapor Absorption Machine of 440TR in place of 350TR resulting into saving of about Rs. 40.00 Lacs per annum.
- Replaced Fluorescent Tube Rod (36W) in plant area with 500 LED (18W) resulting into savings of 65700 units per annum (Rs. 3.61 lacs)
- Replaced CFL Lamps (85W) with 100 LED lamps (25W) resulting into savings of 52650 units per annum (Rs. 2.89 lacs)
- Installed new energy efficient N2 Plant to save 4540 Kg per annum of Ammonia and 12000 units per annum (Total savings of Rs. 3.20 lacs)
- Replaced Thermodynamic Type Steam Trap in FO Mother Tank with Ball Type Steam Trap to save Rs. 2.80 lacs per annum.
- Installed Low/High Level interlocks in between intermediate Silo & Conveying Blower in EREMA # 2 to save 21240 units per annum (Rs. 1.17 lacs)
- Interchanged motor connection from Delta to Star in AHUs of Film Line # 1 to save 20520 units per annum (Rs. 1.12 lacs)
- Replaced old steam trap to save Rs. 0.95 lacs per annum
- Replaced Multi Grade Filter (MGF) of 1.0 bar pressure in DM water plant with MGF of 2.2 bar pressure to save 13600 units per annum (Rs. 0.75 lacs)
- Replaced Wet Scrubber in Husk Fired Boiler with Cyclomax to save 12000 units per annum (Rs. 0.66 lacs)

2. Steps taken by the company for utilizing alternate sources of energy:

As detailed below, since Company is already meeting significant portion of its requirement of energy through alternate sources, it has not taken any additional step during the FY 2015-16 for utilizing alternate sources of energy:

Power Requirement – Mostly met through Hydro-electric power supplied by UPCL.

Steam Requirement – Mostly met through a Bio-mass (Rice Husk) fuelled Steam Boiler

Heating Requirement – Mostly met through a Bio-mass (Rice Husk) fuelled Thermic Fluid Heater

3. The capital investment on energy conservation equipments during 2015-16:

During the year under review, Company has invested Rs. 182.60 lacs as capital investment on energy conservation equipment.

B. TECHNOLOGY ABSORPTION

1. Efforts made towards technology absorption

- a. Installed and commissioned 2 Solid State Polymerization units of 24 cubic meters each
- b. Installed and commissioned one Chiller of 100 TR capacity for providing 4 – 5 Degree Centigrade chilled water to Specialty Polymer plant

2. Benefits derived like product improvement, cost reduction, product development or import substitution

- a. Enhanced Solid State Polymerization capacity
- b. Facilitated development and production of new products in Specialty Polymer division

3. In case of imported technology (imported during the last 3 years reckoned from the beginning of the financial year)- Not Applicable

4. Expenditure incurred on Research and Development – Rs. 58.64 lacs

C. FOREIGN EXCHANGE EARNINGS AND OUTGO

The Foreign Exchange earned in terms of actual inflows during the year and the Foreign Exchange outgo during the year in terms of actual outflows.

	(Rs. in Lacs)	
	2015-16	2014-15
1. Earnings – FOB Value of Exports	22016.45	19057.23
2. Outgo – CIF Value of Imports	11350.73	16312.66

Management Discussion and Analysis

Overview

The world economy contracted by 0.3¹ percent in 2015. The US economy showed signs of slower and steady recovery while China witnessed a faster slowdown. There was a drop in the contribution of emerging economies to the world growth. Oil exporting countries continued to face their fiscal challenges and many of them facing currency fluctuation challenges.

The Indian economy witnessed their highest growth in the last five years making it the fastest growing economy of 2015. Inflation remained under control owing largely to lower energy prices. The continued decline in exports and weak industrial credit demand remained areas of concern in the future.

While the economic scenario remained weak during last year, your company navigated these challenges well and continued to build on its strengths. All the business segments progressed on respective initiatives in the area of new product development, cost efficiencies, global footprint & sustainability. We stood committed to add value to our clients through continuous innovation, development and partnership philosophy.

Operational Performance

Business Segment

Polyester Films Business

The Product

PET is a versatile plastic used to produce a wide spectrum of packaging material for beverages, food, personal and home care, pharmaceuticals, as well as other consumer and industrial products. PET is used for its high tensile strength, chemical & dimensional stability, transparency, reflectivity, gas & aroma barrier properties, thus making an ideal product to protect food, beverages & pharmaceuticals against oxidation and aroma loss to enable longer shelf life. Various Health and Safety conscious agencies around the world have approved PET as a safe material for use in packaging foods and beverages. The PET Film industry comprises of both thin (50 micron and under) and thick films (above 50 microns).

Industry Overview

Global market

BOPET film is used in a wide number of packaging and industrial applications. The world market demand continues to grow 6-8% and capacity is expected to reach 4.7 million tons by end of 2018¹. A large part of this market are commodity films which grow at about 6% whereas specialty films grows at much faster rate. Last year saw selective addition of capacities in few parts of the world (Primarily in China and India) keeping the overall capacity utilization on a global scale below 70%². This situation kept margins under check for the industry and it is expected that such levels of capacity utilisation will continue in the medium term.

The raw material cost for BOPET film is largely dependent on crude oil pricing which remained low during the year. This lower input cost has caused the final price of polyester film to reduce substantially.

Lower finished goods pricing will definitely help in increase in rate of consumption of polyester film and thereby bridging the demand supply mismatch to a certain extent.

International trade in PET film has trade defence measures adopted by many countries. Last year witnessed some changes in international trade practices as well as some trade defence regimes which brought about changes in the competitive scenario in those markets. Lifting of sanctions in Iran has opened a new market and your company has taken effective steps to take advantage of this opportunity.

Indian market

The total installed production capacity in India is ~ 560 KTPA of Thin BOPET films, which is expected to reach 700 KTPA by the end of 2018. Domestic demand continued to grow in single digit and rural demand continued to remain soft. With the prediction of good monsoons in the current year, we expect overall demand specifically from the rural areas to grow at a better pace as compared to previous years.

Per capita consumption of PET film continues to be low as compared to the other developing and developed economies. Aggressive application and product development work is being undertaken by the Industry at large to increase per capita consumption of PET film. Changing demographics in India in terms of continues increase in the middle class population should further help in the increase in demand for PET films in the coming years. The pressure on margins will continue in the short to medium term due to further increase in capacities in the coming months.

This additional capacity will not only put pressure on margins, but also making imports coming to India less attractive. This reduction in margin coupled with limited local demand growth shifted focus of Indian producers towards international markets in an endeavor to place surplus production capacities at a highly competitive prices.

Performance Overview (FY 2015-16)

The overall sales volumes of the Polyester Films SBU grew from 43,593 MT to 48,967 MT, an increase of approx.12%. These increased volumes did not translate into higher revenues or profitability, primarily due to softening of sales prices on account of lower raw material costs coupled with aggressive price competition.

Ester continued to focus on its strategic agenda to develop its value added portfolio and improve operating efficiencies. Your company is working extensively to mitigate the commoditization of PET films by using technology to convert a substantial portion of the total PET film volumes to value added and specialty films. The value added portfolio recorded a growth of 18% in FY 2015-16. It is our target to increase the overall value added and specialty film portfolio to about 35-40% of total PET film volumes in the next two to three years.

Ester continued to work on enhancing efficiencies in the areas of production, energy costs, logistics and procurement. While benefits from energy and logistics have already started accruing, those from production improvements & procurement will start to be visible from FY 2016-17 onwards.

1. PCI – World BOPET Film Market 2013-2018 A Statistical Review

2. PCI – World BOPET Film Market 2013-2018 A Statistical Review

Outlook

While BOPET demand will continue to grow, lower capacity utilisation will keep margins under pressure. Ester will continue to focus on its strategy towards building a robust portfolio of value added products and operational excellence through specific initiatives such as:

- New product development
- Building end-user relationships
- Developing new market segments and
- Improving asset utilisation

Engineering Plastics Business

The Product

Engineering Plastics (such as Polybutylene Terephthalate, Polyamides and Polycarbonate) have enhanced mechanical and/or thermal properties and dimensional stability as compared to commodity plastics (such as Polystyrene, Polypropylene and Polyethylene). Engineering Plastics usually exhibit a combination of properties (such as mechanical strength and heat/impact/abrasion resistance) that make them suitable for applications in various industries such as automotive, electrical & electronics, medical, consumer durables and telecommunication.

Ester manufactures and sells its products – which are compounds of PBT, PET, PA6, PA66, PC, ABS, POM and their respective blends – under the brand name “Estoplast”.

Industry Overview

Global

The global engineering plastics market – estimated at ~USD 45 Bn in 2015 – is expected to grow at a CAGR of about 5.0% through to 2020, driven primarily by the increasing demand from the Asia Pacific region. With each category of engineering plastics offering unique properties, their application in end-use industries has been growing steadily. A snapshot of the global demand by end-use segment for the main polymers has been provided below;

North America

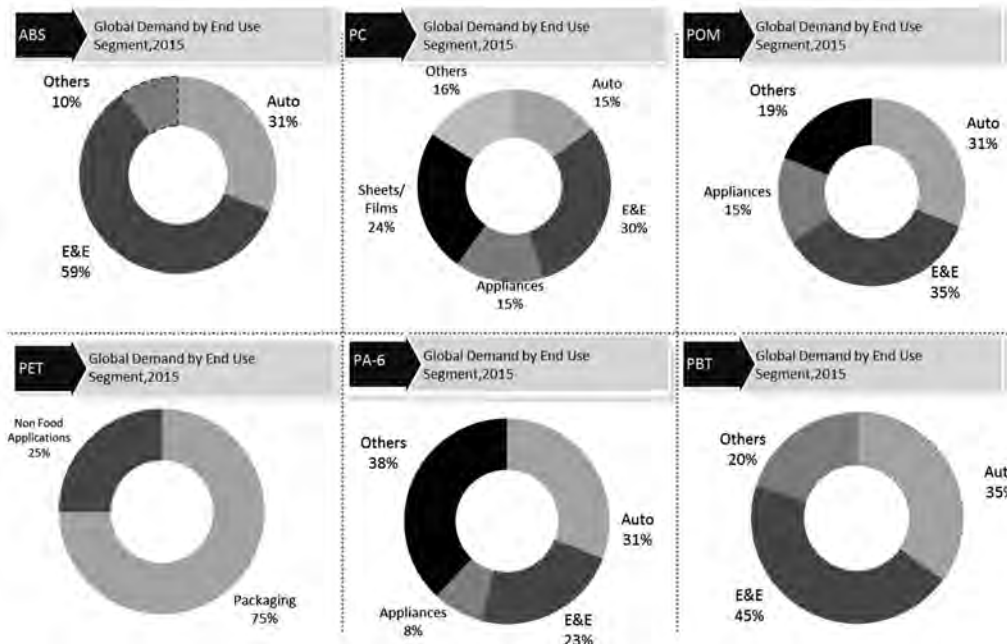

With continued recovery in the region, North America witnessed a robust growth during 2015. The region accounted for about 15% of Engineering Plastics demand by volume and registered a growth of ~4%, driven primarily by resurging automotive production in the USA and Mexico. Automotive production in USA and Mexico grew by 3.8% and 6% respectively. Within the automotive segment, the customer base for engineering plastics is highly consolidated with presence of some of the leading global OEM & component manufacturers. The region is increasingly focussing on technology development as well as cost-cutting/localisation for manufacturing/sourcing of components.

Europe

Europe accounted for 16% of the total Engineering Plastics demand by volume in 2015, whilst registering a growth of ~3%. Surging automotive production in Western Europe was instrumental in driving the demand for Engineering Plastics in the region. While Germany accounted for a major share of the EP demand in Europe, countries such as Spain and France were amongst the fastest growing. Spain’s automotive production grew at ~14.0%, followed by France at ~8.0%. Europe remained a technology leader with application development focussing on newer blends of engineering plastics in both automotive as well as electrical end-use segments.

Asia

The Asian Engineering Plastics market witnessed varying trends across the region in 2015. Traditionally high volume markets such as China and Japan registered low growth due to the sluggish automotive industry. India recorded a volumetric growth of 7-8%, with Southeast Asia registering a growth of less than 5%. Automotive production in China grew at 3.3% whilst the same declined by 5.1% in Japan. For India, both automotive and electrical industries have been crucial in driving growth. Automotive production in India (for passenger and commercial vehicles) witnessed a growth of 7.3%. In Southeast Asia, the automotive industry remained stagnant; however, the electrical industry witnessed a growth of 7-8%.

Exports of electronics, electrical and automotive components from Southeast Asia to Europe are increasing at a fast pace.

Latin America

2015 has been one of the most challenging years for Latin America. Marred with corruption allegations and political instability (resulting in policy paralysis) and significant currency devaluation (directly impacting international trade) the Brazilian economy declined by 3.8%. This trend is expected to continue in 2016 as well. Automotive production declined by 22.8% and 13.5% in Brazil and Argentina respectively, directly impacting demand for Engineering Plastics. Peru has been the only silver lining in LATAM, largely due to its commodity exports to Asian majors.

MEA

Middle East and Africa together account for ~1% of the global Engineering Plastics demand by volume. Along with countries in Africa such as South Africa, Nigeria, Kenya and Egypt, Middle Eastern countries such as Saudi Arabia and Iran are expected to play a pivotal role in driving demand for Engineering Plastics in this region. With lifting of restrictions, Iran appears to be a promising opportunity going forward. Although the Iran Auto industry witnessed a decline during 2015, with production volumes of nearly 1 Million units, it can potentially drive demand for auto components and consequently for Engineering plastics.

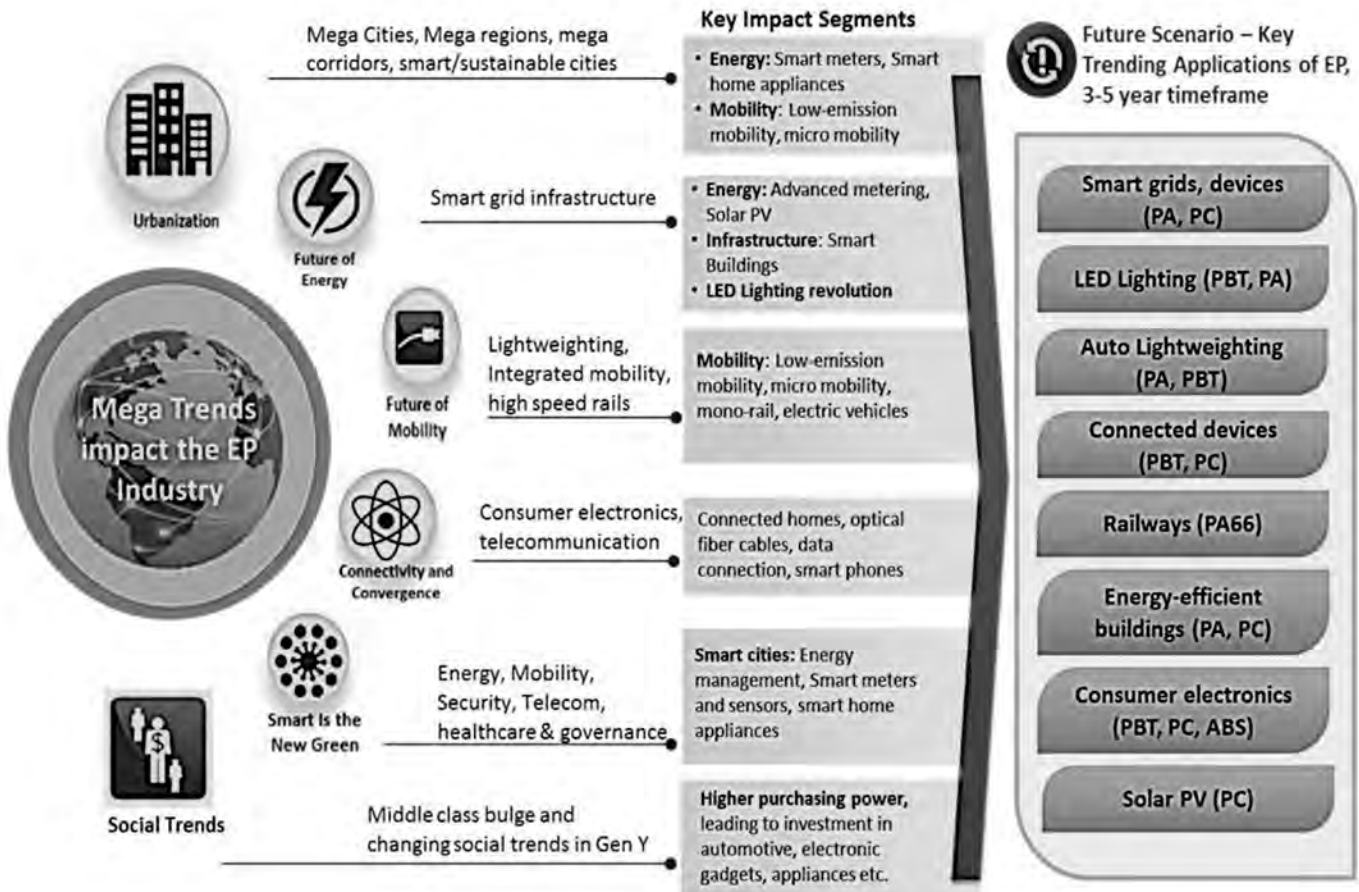

Key drivers for Industry Growth

A study of the key Mega Trends, that are expected to shape the world over the next decade, shows some of the key impact segments and their positive influence on the Engineering Plastics market at the global level, buoyed by innovation and technology advancements in Mobility and Energy (as reflected in below picture).

Performance Overview

After three consecutive years of impressive growth, Ester's Engineering Plastics business registered a negative sales growth of -10.5% (-4.9% in volumetric terms) in FY 2015-16. The higher drop in value terms was influenced by the significant drop in polymer prices consequent to declining crude price. While sales volumes of EP compounds (catering to end-use segments such as automotive, electrical & electronics and appliances) grew, overall sales were adversely affected by the substantial drop in sales to the Optical Fiber Cable industry. Reduction in OFC volumes was directly impacted by the slowdown in implementation of the BharatNet (earlier NOFN) Project. Despite the negative growth in FY 2015-16, the 4-year CAGR (FY 2011-12 to FY 2015-16) of Ester's EP business continued to be impressive at 22%.

Our focused customer acquisition process and improved product range helped in enhancing our active customer base by ~ 30%, with some key approvals being secured from Original Equipment Manufacturers (OEMs)/ Tier 1 customers in the automotive, electrical and appliances industries.

Key initiatives taken during the year towards creating a sustainable long-term business;

- Formulated the 5-year Growth Strategy for a robust EP business and developed the implementation plan, assisted by the global consultant engaged in the previous FY.
- Continued focus on new product development to meet customer needs. This helped in expanding our product portfolio by ~30%, including PC-PBT flame retardant grades, >50% GF PBT & PA grades and new diffuser grades for LED application.
- Focused efforts towards expanding our global footprint. Completed the opportunity mapping exercise towards development of our product-market strategy for Exports.
- Initiated Application Development projects in collaboration with a specialist external agency. Besides enhancing Ester's Brand image, successful implementation would also help in realising new business development opportunities.
- Enhanced distribution reach for South/West/East markets by appointing new distributors. Besides improving delivery capability and customer satisfaction levels, this would also help in tapping new opportunities.
- Sustained efforts towards productivity/efficiency improvement at the manufacturing facility.
- Continual evaluation of alternate vendors to improve supply chain efficiency and enhance robustness towards ensuring business continuity.

Business Prospects

Automotive Segment

The automotive segment, comprising of automobile and auto-components, is one of the key drivers of the Indian economy – accounting for ~7% of its GDP. The Indian auto industry – amongst the largest in the world – is the most important end-user segment for the engineering plastics market, accounting for about half of the EP consumption in India. India's two-wheeler industry – the second largest in the world – saw a surge in demand for scooters, whereas demand for motorcycles & mopeds declined during the year. Automobile exports grew by ~2%, driven mainly by passenger & commercial vehicles. The segment-wise sales growth in FY2015-16 is tabulated below;

Segment	Growth in FY2015-16
Passenger Vehicles	7.2%
Commercial Vehicles	11.5%
Two-Wheelers	3.0%
Three-Wheelers	1.0%
Overall	4.0%

India continues to be an attractive destination for manufacturers in view of the projected growth in demand. The two-wheeler and passenger vehicle segments, accounting for a share of 81% and 13%, are projected to grow at a CAGR of 11.0% and 12.4% respectively during FY 2015-2026.

With the passenger vehicles market expected to triple to 9.4 million units by 2026, as highlighted in the Auto Mission Plan (AMP) 2016-2026, the Government of India aims to make automobile manufacturing the main driver of its "Make in India" initiative – taking it to the top three in the world with respect to engineering, manufacturing & exports of vehicles & auto components.

Under the National Electric Mobility Mission 2020, the government has formulated a Scheme for Faster Adoption & Manufacturing of Electric and Hybrid vehicles in India.

Over the years, the automotive industry has realized the importance of engineering plastics with respect to light-weighting, design flexibility and cost-effective component solutions with hardly any other material capable of competing in terms of efficiency, flexibility and functionality. Plastics account for ~16% of the average vehicle weight, with an expected increase to 18% by 2020.

Apart from the vehicles segment, a number of initiatives by the government such as modernisation plans for "railways" – including upgrading the aesthetic appeal of interiors – are expected to propel the demand for engineering plastics.

Electrical & Electronics Segment

The electrical industry comprises of the lighting and electrical equipment industries. The key segments in the electrical equipment industry, with respect to consumption of engineering plastic compounds, include the switchgear and the energy meters industries.

The LV switchgear industry is slated to grow at a CAGR of ~8% to reach INR 1750 Cr. by 2019, whereas the demand for residential switches is expected to grow at a CAGR of ~7% to reach a market size of INR 2200 Cr. The energy meters industry is expected to grow at a CAGR of ~8%.

In the lighting segment, LED demand is expected to grow at a CAGR of 39% to reach INR 10000 Cr. by 2019. LEDs are fast replacing incandescent and fluorescent lighting in the commercial & residential space. Industry participants are increasingly adapting to this trend by replacing CFL manufacturing units with LED units. LEDs offer substantial benefits such as very low energy consumption, considerably higher lifetimes, higher efficiency and reduced environmental impact. The government has adopted the Domestic Efficient Lighting Programme (DELDP), through which it aims to save 20 gigawatts by replacing incandescent bulbs with 770 million LED lamps by 2018. Demand for CFL lighting has accordingly started shrinking. In the automotive industry as well, LEDs are being increasingly used in headlights.

Electronics industry consists of applications like consumer electronics, industrial electronics, computers, communication & broadcasting equipment, strategic & electronic components. This industry is being strongly promoted by the government through various initiatives such as "Make in India" & "Digital India". The electronics market in India is expected to grow at a CAGR of ~24% till 2020, driving the demand for engineering plastics in the Indian market.

Optical Fiber Cable Segment

The Indian telecom market is witnessing a major surge in data uptake. The optic fibre cable (OFC) industry is accordingly looking up, with investments being driven by the growing demand for broadband services and the proliferation of next-generation technologies and devices. Almost all operators have been increasing the share of OFC (as compared to copper cables) in their backhaul networks in order to support the growing demand for bandwidth.

As part of the 'Digital India' programme, the BharatNet project (earlier NOFN) aims at providing broadband connectivity, of 100Mbps bandwidth, to 250,000 gram panchayats through last-mile

connectivity. Implementation has, however, been far from smooth with several deadlines having already been missed and the project seeing a significant cost overrun. Laying has been completed in ~40000 GPs. A new set of recommendations, by the Telecom Regulatory Authority of India, aims at giving the project the desired thrust through public private partnership (PPP). However, the critical issue of right-of-way would need to be addressed urgently. Given the urgent need, the project is expected to gain momentum in FY 2016-17.

Besides the telecom sector, public utility companies such as Bombay Gas Limited, Indian Railways, NTPC, Power Grid Corporation of India Limited, and GAIL are also enhancing their optical fibre cable networks alongside their infrastructure (transmission lines, gas pipelines, etc.) for better and faster data connectivity. Such companies are using OFC for their own use as well as for leasing surplus capacity to mobile network operators.

Future Outlook

Having seen a negative growth for the first time in four years, Ester intends to put in concerted efforts to overcome this setback and get back on the growth track in FY2016-17, whilst focusing on actions to enhance profitability. Some of the key actions that would help in ensuring profitable growth include;

- Implementing the action plan developed as part of the 5-year Growth Strategy (including organic as well as inorganic options), to support Ester's growth aspirations.
- Expanding Ester's global footprint through aggressive pursuit of Identified Exports opportunities and participation in international exhibitions to enhance brand visibility.
- Enhancing relationship with OEMs & Tier 1/2 customers in the automotive/electrical segments and securing approvals for long-term sustainability. Working on collaborative VAVE (Value Addition & Value Engineering) & localization projects with some of our OEM customers.
- Building R&D capability (in-house or through strategic alliances) aligned with technological developments and acquiring advanced technical expertise in the field of EP compounding to address changing customer needs.
- Continued focus on new product development and collaborative application development projects.
- Evaluating options (including additional manufacturing facility) to improve supply chain efficiency and enhance distribution reach & delivery capability in West/South markets for higher customer satisfaction levels.
- Continuous improvement in systems & processes to enhance business robustness.
- Development of Halogen & Phosphorous free compounds in line with our "green initiatives" programme.
- Evaluating options for introduction of additional polymer compounds for entering new market segments.
- Enhancing Ester's UL-certified product portfolio
- Developing an aggressive variable cost reduction plan for enhanced profitability

Specialty Polymer Business

The Specialty Polymer SBU continues to be the torch bearer for the

transformation of the company from a commodity led enterprise to a technology driven company. As we have mentioned in previous annual reports, this particular business segment is driven entirely on the basis of development of cutting edge technology to service the unmet needs of user industries including rigid packaging, flexible packaging, carpets, textiles and industrial applications. This is a very niche business where margins are expected to be strong on account of technology and intellectual property rights. Volumes and revenue have increased multi-fold during the year under review compared to the previous year, albeit from a very low starting base. Based on the significant success achieved in terms of customer approval of various products, we are confident of commercial success in coming quarters. While we continue to aggressively develop the market by introduction to new customers, these being completely new products, the approval process is long and volume ramp-up takes time.

Commercialisation of the Stain Resistant Master Batch for carpets began last year with one company followed by business development efforts with other users in USA, Europe, Australia & China being initiated during Q4 of the year under review. It is heartening to note that the product is finding acceptance and interest from other customers as well. With a view to enhancing volumes, this product has also been introduced to manufacturers of Nylon fibre for apparel. While growth in volumes has not been as desired, there is little doubt that this particular product segment will start contributing substantially to the profitability of the company in the coming quarters.

The PET resin for hot fill applications has also been approved by one customer and commercial volumes have started moving, albeit at a slow pace. Business development efforts for introduction of this product to other large converters in Europe and America have also begun with substantial interest being shown. We expect sustained growth in volume from this product in the next few years.

Outlook

The fundamental factor for continued success of the Specialty Polymer SBU lies in the ability to continuously innovate and introduce new products. We will continue to invest in strengthening our R&D and business development capabilities to ensure success. During the period under review we have been successful in introducing our portfolio of products to newer applications and customers, newer geographies like China and Turkey. The response that we are getting gives us immense confidence that the outlook for the Specialty Polymer SBU is extremely positive and this unit should become the backbone of the company in the coming years.

Reduction in Net Sales (net of Excise Duty) by Rs. 12576.85 lacs is primarily attributed to reduction in sales of Polyester Chips. Reduced sales of Polyester Chips did not have major adverse impact on profits as Polyester Chips is an intermediate product that fetches marginal contribution. Reduction in sales value of PET Film and Engineering Plastics (primarily on account of selling rates) was compensated by increase in sales value of Specialty Polymers. Decrease in selling rates of PET Film and Engineering Plastics was mainly due to reduction in crude – linked feedstock / polymer prices

Improved performance of Specialty Polymers SBU was instrumental in improvement in performance of the Company despite adverse impact of unfavourable market conditions in Polyester Film business.

Company continues to focus on the strategic initiative of increasing the proportion of Value Added & Specialty products (along with rationalising its customer and market portfolio) to mitigate the adverse impact of unfavourable market conditions in Polyester Film business.

Due to repayment of term borrowings strictly as per repayment schedule, the financial leveraging indicated by Total Debt: Tangible Net Worth ratio stands at the level of 1.28 as on 31st March 2016. The book value per equity share stood at Rs. 34.57

Risk Management

Realising that risk is an integral part of any enterprise, Management has classified the risks into following categories namely Strategic, Financial, Operational and Compliance. Management has laid down the procedure for risk assessment and their mitigation through an internal risk committee. Upon detailed review of the identified risks,

the Board has opined that there are no risks which may threaten very existence of the Company.

Your Company has constituted a Risk Management Committee under the Chairmanship of Shri P S Dasgupta, an Independent Director. Details of the Committee are set out in the Corporate Governance Report forming part of this Annual Report.

A policy has been put in place that aims to detail the objectives and principles of risk management along with an overview of the risk management process and related roles and responsibilities.

Considering the current volatile and dynamic environment, identified risks and the progress in the implementation of mitigation plans to manage the identified / inherent risks are reviewed and if required, the risks and the mitigation plans are modified to align with the changed scenario / environment.

Intellectual Capital

The challenging global business environment has placed an enormous importance on the Human Capital of an enterprise. In today's times, when businesses are under stress, the greater focus is on sustaining profitability and optimizing operational efficiencies. These challenges place new demands on the workforce and those who lead it.

At Ester, while the strategic agenda continued to be around innovation, development and technology, notable efforts were made towards exploring opportunities for productivity enhancement, efficiency improvement vide various initiatives like scientific studies, customized training and initiating cross functional projects etc.

Talent management is an ongoing process at Ester as it allows us to identify and nurture the potential of our employees, and further develop them for future leadership roles within the organization. Ester recruited niche talent in line with its strategic agenda to transform into a technology player, largely in the areas of strategy, intellectual property, research and development etc. As part of people development programs, employees are encouraged to read and research extensively about the industry, applications, markets and customers, and apply the same to value add to their scope of work and optimize performance.

A Time and Motion study was launched in partnership with domain experts to bring in fresh insights to achieve the objective of a highly productive and multi skilled workforce and the recommendations will be implemented in early 2016-17. Restructuring and reorganisation of various discreet teams was explored and implemented to ensure correct fitment of skill sets in line with organisational objectives, in addition to providing opportunities for job rotation etc. High Potential candidates were fast tracked in their career by being provided additional opportunities and responsibilities.

Note –

- The other Directorships held by Directors as mentioned above do not include alternate directorship, directorships of Private Limited Company, Directorship in the Company incorporated outside India and Companies as per Section 8 of the Companies Act, 2013.*
- As required in the SEBI(LODR) Regulations, 2015, the disclosure includes memberships/ chairpersonship of Audit Committee and Stakeholders' Relationship Committee in Indian public companies (listed and unlisted) only.*
- Mr. Sandeep Dinodia was appointed as an Additional Director (Independent Director) of the Company w.e.f. 25th May, 2015 and approved by the Shareholders in their AGM held on 28th September, 2015.*

Board Procedure and Functioning

The Board meets at least once every quarter to review the Quarterly Results and to take decisions on matters pertaining to Company's working. In case of business exigencies, resolutions are passed by circulation or a Board meeting is conducted depending on the matter.

All Board Members are given advance notice of the Meetings in compliance with the Companies Act, 2013. The Meetings are governed by structured Agenda. The detailed Agenda along with the explanatory notes are also circulated in advance to participate effectively in the Board discussions. All agenda items are backed by comprehensive background information and relevant documents to enable the Board to take informed decisions. The Directors are also free to recommend inclusion of any matter in the agenda for discussion and also seek any other information or documents on any matter of Agenda. Information provided to the Directors include the following information as stated in SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 –

- Annual operating plans of the business, revenue and capital budgets, acquisitions etc.
- Quarterly results of the company and its business segments
- Quarterly Operational Performance Report of the Company and its business segments
- Minutes of the Board Meeting and all Committee Meetings
- The information on recruitment and remuneration of Senior Management Personnel including appointment or removal of Chief Financial Officer and the Company Secretary.
- Show cause, demand, prosecution notices and penalty notices, which are materially important.
- Quarterly report on fatal or serious accidents or dangerous occurrences, any material effluent or pollution problems
- Any material default in financial obligations to and by the listed entity, or substantial non-payment for goods sold by the listed entity.
- Any issue involving possible public or product liability claims of substantial nature,
- Significant development on the human resources and industrial relations front.
- Details of any investment, merger, joint venture or collaboration agreement, if any.
- Sale of material nature, of investments, subsidiaries assets, which are not in normal course of business.
- Compliance or Non-compliance of any regulatory, statutory nature or listing requirements and investor service such as non payment of dividend, delay in share transfer, etc., if any
- Transactions that involve substantial payment towards goodwill, brand equity, or intellectual property.
- Quarterly details of foreign exchange exposures and the steps taken by management to limit the risks of adverse exchange rate movement, if material.

Familiarisation Programme

As per the requirement of Regulation 25 of the SEBI (LODR) Regulations, 2015 which inter-alia stipulates that the Company shall familiarize the independent directors, the Company undertakes various initiative to familiarise the Independent Directors with the Company, and senior management giving an overview of the Company's operations, products, group structure, subsidiaries, Board constitution, guidelines, matters reserved for the Board, and the major risks and risk management strategy etc.

Independent Directors are regularly updated on performance of each product segment of the Company, business strategy and new initiatives being taken/ proposed to be taken by the Company. The management presents before the Board on quarterly basis a presentation for each business detailing about the product development, performance of the business, new opportunities and challenges in business, competition and industry updates etc.

Details of familiarization programs is uploaded on Company's website at the following link:

http://esterindustries.com/sites/default/files/Familiarisatin_programme.pdf

Statutory Compliance

The Board quarterly reviews the Compliance Report of the law applicable to the Company as well as the steps taken by the company to rectify the instances of non-compliance, if any.

Compliance of Code of Conduct

The Company has adopted the Code of Conduct for all Board Members, Senior management Personnel of the Company. The code of conduct is available on the website of the Company viz. **www.esterindustries.com**.

The Company has received confirmation from all Board members and senior management personnel of the Company regarding their adherence to the code. The declaration to this effect from Mr. Arvind Singhanian, Chairman & CEO forms a part of this report.

Meeting of Independent Directors

During the year, a separate Meeting of the Independent Directors was held on 2nd November, 2015 to review the performance of the Chairperson, Directors and the Board as a whole and to assess the quality, quantity and timeliness of flow of information between the company management and the Board, necessary for the Board to effectively and reasonably perform their duties.

2. Audit Committee

The Company has Audit Committee formed in pursuance of compliance with Regulation 18 of the SEBI (LODR) Regulation, 2015 and Section 177 of the Companies Act, 2013. The Committee oversees the work carried out in the financial reporting process by the Management, the internal auditor, the statutory auditor and the cost auditor and notes the processes and safeguards employed by each of them. The primary objective of the Committee is to monitor and provide an effective supervision of the Management's financial reporting process, to ensure accurate and timely disclosures with the

highest levels of transparency, integrity and quality of financial reporting.

All members of the audit committee are knowledgeable in project finance, accounts and company law matters. Minutes of each audit committee meeting are placed before the board and discussed in depth.

The terms of reference stipulated by the Board to the Audit Committee inter-alia includes the following:

- Oversight of the company's financial reporting process and the disclosure of its financial information to ensure that the financial statement is correct, sufficient and credible;
- recommendation for appointment, remuneration and terms of appointment of auditors of the company;
- Approval of payment to statutory auditors for any other services rendered by the statutory auditors;
- Reviewing, with the management, the annual financial statements and auditor's report thereon before submission to the board for approval, with particular reference to:
 - a. Matters required to be included in the Director's Responsibility Statement to be included in the Board's report in terms of clause (c) of sub-section 3 of section 134 of the Companies Act, 2013
 - b. Changes, if any, in accounting policies and practices and reasons for the same
 - c. Major accounting entries involving estimates based on the exercise of judgment by management
 - d. Significant adjustments made in the financial statements arising out of audit findings
 - e. Compliance with listing and other legal requirements relating to financial statements
 - f. Disclosure of any related party transactions
 - g. Modified opinion(s) in the draft audit report
- Reviewing, with the management, the quarterly financial statements before submission to the board for approval;
- Reviewing, with the management, the statement of uses/application of funds raised through an issue (public issue, rights issue, preferential issue, etc.), the statement of funds utilized for purposes other than those stated in the offer document / prospectus / notice and the report submitted by the monitoring agency monitoring the utilisation of proceeds of a public or rights issue, and making appropriate recommendations to the Board to take up steps in this matter;
- Review and monitor the auditor's independence and performance and effectiveness of audit process;
- Approval or any subsequent modification of transactions of the company with related parties;
- Scrutiny of inter-corporate loans and investments;
- Valuation of undertakings or assets of the company, wherever it is necessary;

- Evaluation of internal financial controls and risk management systems;
- Reviewing, with the management, performance of statutory and internal auditors, adequacy of the internal control systems;
- Discussion with internal auditors of any significant findings and follow up there on;
- Reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the board;
- Discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern;
- To look into the reasons for substantial defaults in the payment to the depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors;
- To review the functioning of the Whistle Blower mechanism;
- Approval of appointment of CFO (i.e., the whole-time Finance Director or any other person heading the finance function or discharging that function) after assessing the qualifications, experience and background, etc. of the candidate;
- Examination of the financial statement and auditors' report thereon;
- The appointment, removal and terms of remuneration of the internal auditor
- Reviewing following matters –
 - a. Management discussion and analysis of financial condition and results of operations;
 - b. Statement of significant related party transactions (as defined by the Audit Committee), submitted by management;
 - c. Management letters / letters of internal control weaknesses issued by the statutory auditors;
 - d. Internal audit reports relating to internal control weaknesses;
 - e. quarterly statement of deviation(s) including report of monitoring agency, if applicable, submitted to stock exchange(s) for public issue, rights issue, preferential issue
 - f. annual statement of funds utilized of Public issue/ Right issue for purposes other than those stated in the offer document/prospectus/notice
- Any other matter as referred by the Board time to time in the terms of reference of the audit committee.

During the year 2015-2016, the Audit Committee has met on 25th May, 2015, 27th July, 2015, 2nd November, 2015 and 10th February, 2016. The Composition of the Audit Committee and the particulars of meeting attended by the members of the Audit Committee are given below:

Name of Members	Category	No. of Meetings held	Attendance of the Members
Mr. Sandeep Dinodia* Chairman of the Committee	Independent Director	4	4
Mr. M S Ramachandran Member	Independent Director	4	4
Mr. Dinesh Chandra Kothari Member	Independent Director	4	3

Remuneration Policy & Criteria of making payment to Executive and Non-Executive Directors

Remuneration Policy of the Company is designed to act as a guideline for determining, inter-alia qualification, positive attributes and independence of a Director, matters relating to the remuneration, appointment, and removal of the Directors, Key Managerial Personnel, Senior Management Personnel and other employees. The objectives of the policy are as stated below:

- To formulate the criteria for identification of the persons who are qualified to become directors and who may be appointed in senior management
- To formulate the criteria for determining qualifications, positive attributes and independence of a director
- To lay down a policy for remuneration of the Directors, Key Managerial Personnel, Senior Management Personnel and other employees of the Company;
- To ensure that the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run the company successfully;
- To ensure that relationship of remuneration to performance is clear and meets appropriate performance benchmarks;
- To retain, motivate and promote talent and to ensure long term sustainability of talented managerial persons and create competitive advantage
- To ensure that the remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the company and its goals.

This policy is divided into three parts. The salient aspects of the same are as stated below -

A. Appointment of Director, KMP (Key Managerial Personnel) and Senior Management Personnel

The Policy prescribes the criteria for determination of positive attributes, independence and qualifications of Directors and the criteria for appointment of Senior Management Personnel.

The Nomination and Remuneration Committee has the responsibility to identify and ascertain the integrity, qualification, expertise and experience of the person for appointment as Director and KMP and recommend to the Board his / her appointment. The Committee is required to ensure that the person should possess adequate qualification, expertise and experience for the position. The Committee has discretion to decide whether qualification, expertise and experience possessed by a person is sufficient / satisfactory for the concerned position.

B. Board Diversity

All Board appointments are based on the skills, diverse experience, independence and knowledge which the Board as a whole requires to be effective. The Nomination and

Remuneration Committee seeks to address Board vacancies by actively considering candidates that bring a diversity of background and opinion from amongst those candidates with the appropriate background and industry or related expertise and experience. The candidates are considered against objective criteria, having due regard to the benefits of diversity on the Board.

C. Remuneration to Director, KMP, Senior Management Personnel and other employees

The Company strives to provide fair compensation to Directors, KMP, Senior Management Personnel and other employee, taking into considerations factors like Industry benchmark, Company's' performance vis a vis industry, scope of duties, roles and responsibilities, skill, knowledge, performance/track record, core performance requirements and expectations of individuals, legal and industrial obligations.

INDEPENDENT AUDITOR'S REPORT

To the members of Ester Industries Limited

Report on the financial statements

We have audited the accompanying standalone financial statements of Ester Industries Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss and Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone financial statements

give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2016, its profit and its cash flows for the year ended on that date.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 1 a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - (e) On the basis of written representations received from the directors as on March 31, 2016, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2016, from being appointed as a director in terms of section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure 2" to this report;
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 27 to the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Re: Ester Industries Limited ('the Company')

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to information and explanations given by the management, the title deeds of immovable properties included in fixed assets are held in the name of the Company. It has been explained to us that the title deeds and possession letters of the freehold land and building has been given as security (mortgage and charge) against the term loans and working capital loans taken from banks and that original title deeds are kept with the lead Bank-Bank of India and Tata Capital Financial Services Ltd, as security for the lenders and therefore the same could not be made available to us for our verification and has also not been independently confirmed by the banks.
- (ii) The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii) (a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, provisions of section 186 of the Companies Act 2013 in respect of investments made have been complied by the Company. There are no other loans, guarantees and securities granted in respect of which provisions of section 185 and 186 of the Companies Act, 2013 are applicable.
- (v) The Company has not accepted any deposits from the public.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the manufacture of polyester films and engineering plastics and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii) (a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess and other material statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, service tax, sales-tax, duty of custom, duty of excise, value added tax, cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (c) According to the records of the Company, the dues outstanding of income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax and cess on account of any dispute, are as follows:

Annexure 2 to the Independent Auditor's report of even date on the Standalone Financial Statements of Ester Industries Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Ester Industries Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's responsibility for internal financial controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of internal financial controls over financial reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENT for the year ended March 31, 2016**1. Nature of operations**

Ester Industries Limited (hereinafter referred to as 'the Company') is a manufacturer of polyester film and engineering plastics.

2. Statement of significant accounting policies**a) Basis of preparation**

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (accounts) rules, 2014. The financial statements have been prepared under the historical cost convention on an accrual basis except in case of assets for which revaluation is carried out. The accounting policies adopted in the preparation of financial statements are consistent with those of previous year, except for the change in accounting policy as explained below.

b) Change in accounting policy**Component Accounting**

The company has adopted component accounting as required under Schedule II to the Companies Act, 2013 from 1 April 2015. The company was previously not identifying components of fixed asset separately for depreciation purposes; rather, a single useful life/ depreciation rate was used to depreciate each item of fixed asset.

Due to application of Schedule II to the Companies Act, 2013, the company has changed the manner of depreciation for its fixed asset. Now, the company identifies and determines cost of each component/ part of the asset separately, if the component / part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset. These components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset. If a component has zero remaining useful life on the date of component accounting becoming effective, i.e., 1 April 2015, its carrying amount, after retaining any residual value, is charged to the statement of profit and loss. The carrying amount of other components, i.e., components whose remaining useful life is not nil on 1 April 2015, is depreciated over their remaining useful lives.

The company has also changed its policy on recognition of cost of major inspection/ overhaul. Earlier company used to charge such cost of major inspection/ overhaul directly to statement of profit and loss, as incurred. On application of component accounting, the major inspection/ overhaul is identified as a separate component of the asset at the time of purchase of new asset and subsequently. The cost of such major inspection/ overhaul is depreciated separately over the period till next major inspection/ overhaul. Upon next major inspection/ overhaul, the costs of new major inspection/ overhaul are added to the asset's cost and any amount remaining from the previous inspection/ overhaul is derecognized.

Had the company continued to use the earlier policy of depreciating fixed asset, its financial statements for the period would have been impacted as below:

Depreciation for the current period would have been lower by Rs 45.59 lacs. Profit for the current period would have been higher by Rs 45.59 lacs (net of tax impact of Rs 30.51 lacs). Fixed asset would correspondingly have been higher by Rs 45.59 lacs.

c) Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

d) Tangible fixed assets

Tangible fixed assets are stated at cost, less accumulated depreciation and impairment losses, if any, except Land, Building and Plant & Machinery, which had been revalued on December 31, 1992 by a Government registered valuer on the basis of the then replacement value. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Expenditure directly relating to construction activity is capitalized (net of income, if any). Indirect expenditure specifically attributable to construction of a project or to the acquisition of the fixed assets or bringing it to working condition is capitalised as part of Construction project or as a part of Fixed assets. Other indirect expenditure incurred during the construction period which is not related to construction activity nor is incidental thereto is charged to Statement of profit and loss.

The company adjusts exchange differences arising on translation/ settlement of long-term foreign currency monetary items pertaining to the acquisition of a depreciable asset to the cost of the asset and depreciates the same over the remaining life of the asset. In accordance with MCA circular dated 09 August 2012, exchange differences adjusted to the cost of fixed assets are total differences, arising on long-term foreign currency monetary items pertaining to the acquisition of a depreciable asset, for the period. In other words, the company does not differentiate between exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other exchange difference.

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the Statement of profit and loss for the period during which such expenses are incurred.

e) Depreciation

- i) Depreciation on fixed assets (other than lease hold improvements) is provided using Straight Line Method as per useful lives estimated by the management. The company has used the following lives to provide depreciation on its fixed assets.

	Useful lives estimated by the management(years)
Factory buildings*	2 to 29.94
Administrative Buildings	12 to 61.35
Plant and machinery*	2 to 40
Furniture and fixtures*	15.79
A.C. & Refrigeration	10
Office equipment*	10
Computers*	6.16
Vehicles	8
Batteries under UPS project (Plant and Machinery)*	5

* For these class of assets, based on detailed technical assessment, the management believes that the useful life as given above best represents the period over which management expects to use the assets. Hence, the useful lives for these assets is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013. The life of plant and machinery based on triple shift working.

- ii) Leasehold improvements are depreciated on life based on lease period.
- iii) Fixed assets costing below Rs. 5,000 are depreciated at the rate of 100% per annum.
- iv) Depreciation on the amount of additions made to fixed assets due to up gradations / improvements is provided over the remaining useful life of the asset to which it relates.
- v) Depreciation on fixed assets added/disposed off during the year is provided on pro-rata basis.

f) Intangibles

Software costs relating to acquisition of initial software license fee and installation costs are capitalized in the year of purchase. Softwares are amortized on a straight-line basis over its useful life, which is considered to be of a period of three years.

Patent costs is capitalized in the year of acquisition. Patent is amortizes on a straight-line basis over its useful life, which is considered to be of a period of 5.26 years.

g) Impairment of assets

- i) The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to asset.
- ii) After impairment, depreciation is provided on the revised carrying amount of the asset over the remaining useful life.

h) Leases

Where the Company is the lessee

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of profit and loss on a straight-line basis over the lease term.

i) Investment

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of such investments.

j) Inventories

Inventories are valued as follows:

Raw materials, components and stores & spares

Lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products, in which they will be incorporated, are expected to be sold at or above cost. Cost of raw materials, components and stores & spares is determined on a moving weighted average basis.

Work-in-progress and finished goods

Lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty. Cost is determined on moving weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

k) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sale of Goods

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer. The company collects sales taxes and value added taxes (VAT) on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the year.

Export Benefit

Export benefits constituting Duty Draw back, licenses under Focus Market Scheme, Merchandies Export from India scheme and advance license scheme are accounted for on accrual basis when there is reasonable assurance that the company will comply with the conditions attached to them and the export benefits will be received. Export benefits under Duty Draw back, Merchandies Export from India scheme & Focus Market Scheme are considered as other operating income.

Interest

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividends

Dividend income is recognized when the company's right to receive dividend is established by the reporting date.

Policy for Insurance Claims

Claims receivable on account of insurance are accounted for to the extent the Company is reasonably certain of their ultimate collection.

l) Foreign currency transactions

Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Exchange Differences

- i) Exchange differences arising on long-term foreign currency monetary items related to acquisition of a fixed asset are capitalized and depreciated over the remaining useful life of the asset. For this purpose, the Company treats a foreign currency monetary item as "long-term foreign currency monetary item", if it has a term of 12 months or more at the date of its origination. In accordance with MCA circular dated August 9, 2012, exchange differences for this purpose, are total differences arising on long-term foreign currency monetary items for the year.
- ii) All other exchange differences are recognized as income or as expenses in the period in which they arise.

Forward Exchange Contracts not intended for trading or speculation purposes

The premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the Statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or as expense for the year.

m) Retirement and other employee benefits

- i. Retirement benefits in the form of Superannuation Fund (being funded to LIC), Provident Fund (where contributed to the Regional Provident Fund Commissioner) and employee state insurance are defined contribution schemes. The Company has no obligation, other than the contribution payable to the respective authorities. The Company recognizes contribution payable to respective authorities as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre payment will lead to, for example, a reduction in future payment or a cash refund.
- ii. Gratuity liability is defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year.
- iii. Retirement benefit in the form of provident Fund (Where administered by trust created and managed by Company) is a defined benefit obligation of the company and the contributions are charged to Statement of profit & loss of the year when the contribution to the respective funds are due. Shortfall in the funds, if any, is adequately provided for by the company based on the actuarial valuation on projected unit credit method carried out at the end of each financial year.
- iv. Short term compensated absences are provided for based on estimates. Long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method. The Company presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.
- v. Actuarial gains/losses are immediately taken to Statement of profit and loss and are not deferred.

n) Income Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. If the company has unabsorbed depreciation and carry forward of tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that such deferred tax assets can be realised against future taxable profits.

At each balance sheet date the Company re-assesses unrecognized deferred tax assets. It recognises unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the Minimum Alternative tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of profit and loss and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

o) Borrowing Costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

p) Provisions

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current management estimates. Provision for expenditure relating to voluntary retirement is made when the employee accepts the offer of early retirement.

q) Segment Reporting Policies

Identification of segments:

Primary Segment

Business Segment

The Company's operating businesses are organized and managed separately according to the nature of products, with each segment representing a strategic business unit that offers different products and serves different markets. The identified segments are Manufacturing & Sale of Polyester film and Engineering plastics.

Secondary Segment

Geographical Segment

The analysis of geographical segments is based on the geographical location of the customers.

The geographical segments considered for disclosure are as follows:

- Sales within India include sales to customers located within India.
- Sales outside India include sales to customers located outside India.

Inter Segment Transfers:

Inter Segment transfers of goods, as marketable products produced by separate segments of the Company for captive consumption, are not accounted for in the books of account of the Company. For the purpose of segment disclosures, however, inter segment transfers have been taken at cost.

Allocation of common costs:

Common allocable costs are allocated to each segment in proportion to the turnover of the segment, except where a more logical allocation is possible.

Unallocated items:

Corporate income and expense are considered as a part of un-allocable income & expense, which are not identifiable to any business segment.

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

r) Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

s) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

t) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average numbers of equity shares outstanding during the period are adjusted for events of bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

u) Measurement of EBITDA

As permitted by the guidance note on revised schedule VI to the Companies Act, 1956, the company has elected to present earnings before interest expense, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit & loss. The company measures EBITDA on the basis of profit / (loss) from continuing operations. In its measurement, the company includes interest income but does not include depreciation and amortization expenses, finance cost and tax expenses.

** In view of the amendment in The Payment of Bonus Act, 1965 notified on 1 January 2016, the Company has made a provision for incremental bonus for current financial year i.e. for 2015-16. Though the amendment was effective retrospectively from 1st April, 2014, the company on the legal advice has decided not to consider it on account of the interim order of various Hon'ble High Courts allowing stay on the amendment with retrospective effect till the time its constitutional validity is established.

Based on favorable decisions in similar cases, legal opinion taken by the company, discussions with the solicitors etc., the company believes that there is fair chance of decisions in its favour in respect of all the items listed in (a) to (e) above and hence no provision is considered necessary against the same.

The company is involved in various litigation, the outcome which are considered probable and in respect of which the company has made aggregate provision of Rs. 185.22 lacs (Previous Year Rs. 185.22 lacs) as at March 31, 2016.

28. Directors' Remuneration

The shareholders of the Company had approved the remuneration of Mr. Arvind Singhania, Managing Director of the Company, vide Special Resolution passed through Postal Ballot on 20th May, 2015. However due to changed market condition, the profits of the Company during FY 2015-16 were inadequate for payment of remuneration to Mr. Arvind Singhania and the remuneration paid to Mr Arvind Singhania is in excess of the limit prescribed under Section 197, 198 read with Schedule V of the Companies Act, 2013. Such inadequacy of the profit was not determinable at the time of appointment. Therefore, the Company has made an application to the Central Government seeking its approval for the payment of remuneration in case of inadequacy of profit. The application is still under consideration with the Central Government. In case the Central Government does not provide the approval for the payment of remuneration/waiver of excess remuneration, Mr. Arvind Singhania will refund the excess remuneration to the Company.

The remuneration of Mr. Pradeep Kumar Rustagi was approved by the Shareholders vide Special Resolution passed through Postal ballot on 20th May, 2015. The remuneration paid to Mr Rustagi during FY 2015-16 is within the limits prescribed under Part II of Schedule V of the Companies Act, 2013.

29. Gratuity and other post employment benefits plan

Gratuity

The Company has a defined benefit gratuity plan. Gratuity is computed as 15 days salary, for every completed year of service or part thereof in excess of 6 months and is payable on retirement/termination/resignation. The benefit vests on the employees after completion of 5 years of service. The Gratuity liability has not been externally funded. Company makes provision of such gratuity liability in the books of accounts on the basis of actuarial valuation as per the projected unit credit method.

The following tables summaries the components of net benefit expense recognized in the Statement of profit and loss and the unfunded status and amounts recognized in the balance sheet for the Gratuity.

The company had already obtained approvals from Shareholders, Stock Exchanges and FIPB. During the month of May, 2015, the Company had received an amount of Rs. 1587.02 Lacs towards 75% of the total amount of the Warrants required for the conversion of the Warrants into Equity Shares. The Company had already received 25% of the total amount of the Warrants during FY 2014-15.

The Company has obtained listing approvals of the Equity Shares from both the Stock Exchanges viz Bombay Stock Exchange and National Stock Exchange in the month of June, 2015.

42. Pursuant to Section 135 of the Companies Act, 2013 and rules made thereunder, the Board of Directors has constituted a Corporate Social Responsibility (CSR) Committee. The Committee has adopted a Corporate Social Responsibility Policy. As per Section 135(5) of the Act, the Company needs to ensure that at least 2% of the average net profit of preceding 3 (three) financial years is spent on CSR activities as mentioned in CSR Policy. The prescribed amount to be spent on CSR during FY 2015-16 was Rs. 7.47 Lacs being 2% of the average net profit of preceding three financial years (2012-13, 2013-14 and 2014-15).

As against obligation to spend Rs. 7.47 lacs on CSR during FY 2015-16, the Company has spent only Rs. 2.90 lacs and carried forward unspent amount of Rs. 4.57 Lacs for spending on CSR activities during FY 2016-17. The Company observed that obligated amount of Rs. 7.47 lacs was not large enough to make any worthwhile impact on the society. The Company feels that brought forward amount of Rs. 4.57 lacs together with obligation of Rs. 17.29 lacs, would be large enough to make positive impact on the society and accordingly has decided to spend Rs. 21.86 lacs during the FY 2016-17 on CSR activities.

INDEPENDENT AUDITOR'S REPORT

To the Members of Ester Industries Limited

Report on the consolidated financial statements

We have audited the accompanying consolidated financial statements of Ester Industries Limited (hereinafter referred to as "the Holding Company") and its subsidiary (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the consolidated Balance Sheet as at March 31, 2016, the consolidated Statement of Profit and Loss and consolidated Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the consolidated financial statements').

Management's responsibility for the consolidated financial statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms with the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements

and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group as at March 31, 2016, their consolidated profit and their consolidated cash flows for the year ended on that date.

Report on other legal and regulatory requirements

As required by section 143 (3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
- (b) In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books;
- (c) The consolidated Balance Sheet, consolidated Statement of Profit and Loss and consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;

- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2016 taken on record by the Board of Directors of the Holding Company, none of the directors of the Group's companies is disqualified as on March 31, 2016 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting of the Company and its subsidiary company incorporated in India, since the subsidiary company is not incorporated in India, no separate report on internal financial controls over financial reporting of the group is being issued;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group– Refer Note 27 to the consolidated financial statements;
 - ii. The Group did not have any material foreseeable losses in long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the subsidiary Company.

Other matter

The accompanying consolidated financial statements include total assets of Rs. 1.86 lacs as at March 31, 2016 and total revenues and net cash outflows of Rs. Nil and Rs. Nil for the year ended on that date, in respect of Ester International (USA) Limited (wholly owned subsidiary), which have not been audited, which unaudited financial statements and other unaudited financial information have been furnished to us. Our opinion, in so far as it relates amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, is based solely on such unaudited financial statement and other unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

Our opinion on the consolidated financial statements, and our report on other legal and regulatory requirements above, is not modified in respect of the above matters and the financial statements and other financial information certified by the Management

NOTES TO CONSOLIDATED FINANCIAL STATEMENT for the year ended March 31, 2016**1. Principles of consolidation**

- a) The consolidated financial statement relate to Ester Industries Limited and its wholly owned subsidiary companies. The consolidated financial statements have been prepared on the following basis:

The financial statement of the parent company and its subsidiaries have been combined on a line by line basis by adding together the book value of like items of assets, liabilities, Income and expenses. Intra group balances and intra group transaction and resulting unrealized profits are eliminated in full as per Accounting Standard – 21, consolidated Financial statement notified under companies accounting standard rules, 2006 (as amended). Unrealized losses resulting from intra group transaction are also eliminated unless cost cannot be recovered.

The financial statement of the subsidiary companies used in the consolidation is drawn for the same period as that of the parent company i.e. March 31, 2016.

- b) Details of subsidiary company which is considered in the consolidation and the parent company's holding therein are as under:

Sl. No.	Name of the subsidiary company	Country of incorporation	Extent of holding (%)	Extent of holding (%)
			As on March 31, 2016	As on March 31, 2015
1.	Ester International (USA) Limited	USA	100%	100%

The consolidated financial have been prepared using uniform accounting policies for like transaction and other events in similar circumstances and are presented in the same manner as the parent company's separate financial statement.

2. Statement of significant accounting policies**a) Basis of preparation**

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (accounts) rules, 2014. The financial statements have been prepared under the historical cost convention on an accrual basis except in case of assets for which revaluation is carried out. The accounting policies adopted in the preparation of financial statements are consistent with those of previous year, except for the change in accounting policy as explained below.

b) Change in accounting policy**Component Accounting**

The company has adopted component accounting as required under Schedule II to the Companies Act, 2013 from 1 April 2015. The company was previously not identifying components of fixed asset separately for depreciation purposes; rather, a single useful life/ depreciation rate was used to depreciate each item of fixed asset.

Due to application of Schedule II to the Companies Act, 2013, the company has changed the manner of depreciation for its fixed asset. Now, the company identifies and determines cost of each component/ part of the asset separately, if the component / part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset. These components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset. If a component has zero remaining useful life on the date of component accounting becoming effective, i.e., 1 April 2015, its carrying amount, after retaining any residual value, is charged to the statement of profit and loss. The carrying amount of other components, i.e., components whose remaining useful life is not nil on 1 April 2015, is depreciated over their remaining useful lives.

The company has also changed its policy on recognition of cost of major inspection/ overhaul. Earlier company used to charge such cost of major inspection/ overhaul directly to statement of profit and loss, as incurred. On application of component accounting, the major inspection/ overhaul is identified as a separate component of the asset at the time of purchase of new asset and subsequently. The cost of such major inspection/ overhaul is depreciated separately over the period till next major inspection/ overhaul. Upon next major inspection/ overhaul, the costs of new major inspection/ overhaul are added to the asset's cost and any amount remaining from the previous inspection/ overhaul is derecognized.

Had the company continued to use the earlier policy of depreciating fixed asset, its financial statements for the period would have been impacted as below:

Depreciation for the current period would have been lower by Rs 45.59 lacs. Profit for the current period would have been higher by Rs 45.59 lacs (net of tax impact of Rs 30.51 lacs). Fixed asset would correspondingly have been higher by Rs 45.59 lacs.

c) Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates

and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

d) Tangible fixed Assets

Tangible fixed assets are stated at cost, less accumulated depreciation and impairment losses, if any, except Land, Building and Plant & Machinery, which had been revalued on December 31, 1992 by a Government registered valuer on the basis of the then replacement value. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Expenditure directly relating to construction activity is capitalized (net of income, if any). Indirect expenditure specifically attributable to construction of a project or to the acquisition of the fixed assets or bringing it to working condition is capitalised as part of Construction project or as a part of Fixed assets. Other indirect expenditure incurred during the construction period which is not related to construction activity nor is incidental thereto is charged to Statement of profit and loss.

The company adjusts exchange differences arising on translation/ settlement of long-term foreign currency monetary items pertaining to the acquisition of a depreciable asset to the cost of the asset and depreciates the same over the remaining life of the asset. In accordance with MCA circular dated 09 August 2012, exchange differences adjusted to the cost of fixed assets are total differences, arising on long-term foreign currency monetary items pertaining to the acquisition of a depreciable asset, for the period. In other words, the company does not differentiate between exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other exchange difference.

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the Statement of profit and loss for the period during which such expenses are incurred.

e) Depreciation

i) Depreciation on fixed assets (other than lease hold improvements) is provided using Straight Line Method as per useful lives estimated by the management. The company has used the following lives to provide depreciation on its fixed assets.

	Useful lives estimated by the management(years)
Factory buildings*	2 to 29.94
Administrative Buildings	12 to 61.35
Plant and machinery*	2 to 40
Furniture and fixtures*	15.79
A.C. & Refrigeration	10
Office equipment*	10
Computers*	6.16
Vehicles	8
Batteries under UPS project (Plant and Machinery)*	5

* For these class of assets, based on detailed technical assessment, the management believes that the useful life as given above best represents the period over which management expects to use the assets. Hence, the useful lives for these assets is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013. The life of plant and machinery based on triple shift working.

- ii) Leasehold improvements are depreciated on life based on lease period.
- iii) Fixed assets costing below Rs. 5,000 are depreciated at the rate of 100% per annum.
- iv) Depreciation on the amount of additions made to fixed assets due to up gradations / improvements is provided over the remaining useful life of the asset to which it relates.
- v) Depreciation on fixed assets added/disposed off during the year is provided on pro-rata basis.

f) Intangibles

Software costs relating to acquisition of initial software license fee and installation costs are capitalized in the year of purchase. Softwares are amortized on a straight-line basis over its useful life, which is considered to be of a period of three years. Patent costs is capitaliized in the year of acquisition. Patent is amortized on a straight-line basis over its useful life, which is considered to be of a period of 5.26 years.

g) Impairment of assets

- i) The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to asset.
- ii) After impairment, depreciation is provided on the revised carrying amount of the asset over the remaining useful life.

h) Leases

Where the Company is the lessee

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of profit and loss on a straight-line basis over the lease term.

i) Investment

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of such investments.

j) Inventories

Inventories are valued as follows:

Raw materials, components and stores & spares

Lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products, in which they will be incorporated, are expected to be sold at or above cost. Cost of raw materials, components and stores & spares is determined on a moving weighted average basis.

Work-in-progress and finished goods

Lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty. Cost is determined on moving weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

k) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sale of Goods

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer. The company collects sales taxes and value added taxes (VAT) on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the year.

Export Benefit

Export benefits constituting Duty Draw back, licenses under MEIS, Merchandies Export from India scheme and advance license scheme are accounted for on accrual basis when there is reasonable assurance that the company will comply with the conditions attached to them and the export benefits will be received. Export benefits under Duty Draw back, Merchandies Export from India scheme & MEIS are considered as other operating income.

Interest

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividends

Dividend income is recognized when the company's right to receive dividend is established by the reporting date.

Policy for Insurance Claims

Claims receivable on account of insurance are accounted for to the extent the Company is reasonably certain of their ultimate collection.

l) Foreign currency transactions**Initial Recognition**

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate

between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Exchange Differences

- i) Exchange differences arising on long-term foreign currency monetary items related to acquisition of a fixed asset are capitalized and depreciated over the remaining useful life of the asset. For this purpose, the Company treats a foreign currency monetary item as "long-term foreign currency monetary item", if it has a term of 12 months or more at the date of its origination. In accordance with MCA circular dated August 9, 2012, exchange differences for this purpose, are total differences arising on long-term foreign currency monetary items for the year.
- ii) All other exchange differences are recognized as income or as expenses in the period in which they arise.

Forward Exchange Contracts not intended for trading or speculation purposes

The premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the Statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or as expense for the year.

m) Retirement and other employee benefits

- i. Retirement benefits in the form of Superannuation Fund (being funded to LIC), Provident Fund (where contributed to the Regional Provident Fund Commissioner) and employee state insurance are defined contribution schemes. The Company has no obligation, other than the contribution payable to the respective authorities. The Company recognizes contribution payable to respective authorities as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre payment will lead to, for example, a reduction in future payment or a cash refund.
- ii. Gratuity liability is defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year.
- iii. Retirement benefit in the form of provident Fund (Where administered by trust created and managed by Company) is a defined benefit obligation of the company and the contributions are charged to Statement of profit & loss of the year when the contribution to the respective funds are due. Shortfall in the funds, if any, is adequately provided for by the company based on the actuarial valuation on projected unit credit method carried out at the end of each financial year.
- iv. Short term compensated absences are provided for based on estimates. Long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method. The Company presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.
- v. Actuarial gains/losses are immediately taken to Statement of profit and loss and are not deferred.

n) Income Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. If the company has unabsorbed depreciation and carry forward of tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that such deferred tax assets can be realised against future taxable profits.

At each balance sheet date the Company re-assesses unrecognized deferred tax assets. It recognises unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will

be available.

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the Minimum Alternative tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of profit and loss and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

o) Borrowing Costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

p) Provisions

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current management estimates. Provision for expenditure relating to voluntary retirement is made when the employee accepts the offer of early retirement.

q) Segment Reporting Policies

Identification of segments:

Primary Segment

Business Segment

The Company's operating businesses are organized and managed separately according to the nature of products, with each segment representing a strategic business unit that offers different products and serves different markets. The identified segments are Manufacturing & Sale of Polyester film and Engineering plastics.

Secondary Segment

Geographical Segment

The analysis of geographical segments is based on the geographical location of the customers.

The geographical segments considered for disclosure are as follows:

- Sales within India include sales to customers located within India.
- Sales outside India include sales to customers located outside India.

Inter Segment Transfers

Inter Segment transfers of goods, as marketable products produced by separate segments of the Company for captive consumption, are not accounted for in the books of account of the Company. For the purpose of segment disclosures, however, inter segment transfers have been taken at cost.

Allocation of common costs

Common allocable costs are allocated to each segment in proportion to the turnover of the segment, except where a more logical allocation is possible.

Unallocated items

Corporate income and expense are considered as a part of un-allocable income & expense, which are not identifiable to any business segment.

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

r) Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

s) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not

recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

t) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average numbers of equity shares outstanding during the period are adjusted for events of bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

u) Measurement of EBITDA

As permitted by the *guidance note on revised schedule VI to the Companies Act, 1956*, the company has elected to present earnings before interest expense, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit & loss. The company measures EBITDA on the basis of profit / (loss) from continuing operations. In its measurement, the company includes interest income but does not include depreciation and amortization expenses, finance cost and tax expenses.

* others claim not acknowledge as debts includes Rs 33.24 Lacs against which company has filed counter claim for Rs 661.26 lacs which is pending under arbitration in Delhi .

** In view of the amendment in The Payment of Bonus Act, 1965 notified on 1 January 2016, the Company has made a provision for incremental bonus for current financial year i.e. for 2015-16. Though the amendment was effective retrospectively from 1st April, 2014, the company on the legal advice has decided not to consider it on account of the interim order of various Hon'ble High Courts allowing stay on the amendment with retrospective effect till the time its constitutional validity is established.

Based on favorable decisions in similar cases, legal opinion taken by the company, discussions with the solicitors etc., the company believes that there is fair chance of decisions in its favour in respect of all the items listed in (a) to (e) above and hence no provision is considered necessary against the same.

The company is involved in various litigation, the outcome which are considered probable and in respect of which the company has made aggregate provision of Rs. 185.22 lacs (Previous Year Rs. 185.22 Lacs) as at March 31, 2016.

28. Directors' Remuneration

The shareholders of the Company had approved the remuneration of Mr. Arvind Singhania, Managing Director of the Company, vide Special Resolution passed through Postal Ballot on 20th May, 2015. However due to changed market condition, the profits of the Company during FY 2015-16 were inadequate for payment of remuneration to Mr. Arvind Singhania and the remuneration paid to Mr Arvind Singhania is in excess of the limit prescribed under Section 197, 198 read with Schedule V of the Companies Act, 2013. Such inadequacy of the profit was not determinable at the time of appointment. Therefore, the Company has made an application to the Central Government seeking its approval for the payment of remuneration in case of inadequacy of profit. The application is still under consideration with the Central Government. In case the Central Government does not provide the approval for the payment of remuneration / waiver of excess remuneration, Mr. Arvind Singhania will refund the excess remuneration to the Company.

The remuneration of Mr. Pradeep Kumar Rustagi was approved by the Shareholders vide Special Resolution passed through Postal ballot on 20th May, 2015. The remuneration paid to Mr Rustagi during FY 2015-16 is within the limits prescribed under Part II of Schedule V of the Companies Act, 2013.

29. Gratuity and other post employment benefits plan
Gratuity

The Company has a defined benefit gratuity plan. Gratuity is computed as 15 days salary, for every completed year of service or part thereof in excess of 6 months and is payable on retirement/termination/resignation. The benefit vests on the employees after completion of 5 years of service. The Gratuity liability has not been externally funded. Company makes provision of such gratuity liability in the books of accounts on the basis of actuarial valuation as per the projected unit credit method.

The following tables summaries the components of net benefit expense recognized in the Statement of profit and loss and the unfunded status and amounts recognized in the balance sheet for the Gratuity.

Statement of profit and loss

Net employee benefit expense recognised in employee cost

(Rs. In Lacs)

	Gratuity	
	March 31, 2016	March 31, 2015
Current service cost	61.19	52.24
Interest cost on benefit obligation	44.26	46.62
Expected return on plan assets	-	-
Net actuarial loss recognised in the year	20.49	8.02
Past service cost	-	-
Net benefit expense	125.94	106.89

Balance sheet

36. Segment Reporting

The group operates in two segments manufacturing and sale of polyester film and engineering plastics. The Company has chosen business segments as its primary segments considering the dominant source of nature of risks and returns, internal organization and management structure. A brief description of the reportable segment is as follows:

Polyester Film: Polyester Films that are used in primarily flexible packaging and other industrial application. Polyester Film is known for high tensile strength, chemical and dimensional stability, transparency, reflective, gas and aroma barrier properties and electrical insulation. PET Chips is the main raw material used to manufacture the film.

Engineering Plastics: Engineering Plastics are group of plastic materials that exhibit superior mechanical and thermal properties over the more commonly used commodity plastics. Engineering Plastics are equipped with certain electrical properties which enable it to be used in specific industries such as automotive, telecommunication, electrical, electronics and lighting, consumer durable etc.

As per Section 135(5) of the Act, the Company needs to ensure that at least 2% of the average net profit of preceding 3 (three) financial years is spent on CSR activities as mentioned in CSR Policy. The prescribed amount to be spent on CSR during FY 2015-16 was Rs. 7.47 Lacs being 2% of the average net profit of preceding three financial years (2012-13, 2013-14 and 2014-15).

As against obligation to spend Rs. 7.47 lacs on CSR during FY 2015-16, the Company has spent only Rs. 2.90 lacs and carried forward unspent amount of Rs. 4.57 Lacs for spending on CSR activities during FY 2016-17. The Company observed that obligated amount of Rs. 7.47 lacs was not large enough to make any worthwhile impact on the society. The Company feels that brought forward amount of Rs. 4.57 lacs together with obligation of Rs. 17.29 lacs, would be large enough to make positive impact on the society and accordingly has decided to spend Rs. 21.86 lacs during the FY 2016-17 on CSR activities.

Dear Shareholder

Securities Exchange Board of India (SEBI) has made it mandatory that the dividend of the shareholders will be credited into their account through NECS in case completed Bank details as required for electronic payment is available with the Company/Depository . In case such details are not available, the company is required to print Bank details on dividend warrants.

By availing National Electronic Clearing Service (NECS), you can receive your dividend electronically by way of direct credit to your bank account. This avoids a lot of hassles like loss/fraudulent use of dividend warrants during postal transit. There are no charges to avail this facility. This also expedites payment through credit to your account compared to dividend warrants in physical form.

We therefore request you to please complete the below form and send it to Registrar/Concerned Depository Participant -
