MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Industry Structure and Development:

The Company operates in the **Non-Banking Financial Company (NBFC)** segment of Industry and is registered with the Reserve Bank of India. Its activities are limited within India and is mainly engaged in the business of providing Loans and making Investment in Shares and Securities. The performance of the company is closely linked with the overall performance of the Indian Economy, Financial and Capital Markets and the business strategy of the company is dependent on the economic environment, policies of the Government and Reserve Bank of India. The Indian Economy turned in a resilient performance in FY 2017-18 despite the ongoing global economic and geo-political headwinds. Indian equities performed well for the most of 2017-18 aided by strong domestic liquidity and favorable macroeconomic conditions.

Opportunities and Threats

The Indian economy is moving steadily on the growth trajectory and is set to achieve an enviable position – a combination of high growth and dwindling inflation. Indian economy grew at 6.6% during FY 2017-18 while the Fiscal Deficit is expected at 3.4% of GDP. The economy has recovered from the slow down effects of demonetization and the implementation of Goods and Services Tax and now significant benefits are expected in the form of increase in Tax collections and Compliances. The Company has been following a disciplined approach to investing for long term and creating value for its shareholders while availing opportunities to realize gains endeavouring to maintain its policy of consistent dividend distribution. The Company keeps evaluating business opportunities on a continuous basis considering the macro-economic conditions alongwith the policies of the Government of India (GOI) and Reserve Bank of India (RBI). However, any slowdown in the Indian economy or volatility in the Financial and/or Capital markets could adversely affect the performance of the company.

Segment wise performance

The Company being a non-banking financial company operates under a single segment viz providing loans and investments in shares and securities.

Outlook, Risk and Concerns:

The Economic survey of the Government of India advocates broad based reforms to unleash economic dynamism and social justice. The Reserve Bank of India forecasts India's GDP to grow at 7.4 per cent in FY 2018-19 based on factors such as sustained revival in investment activity, improving Global demand with risks evenly balanced. The RBI is forecasting inflation for April to September 2018 at 4.7 - 5.1 per cent and it expects the second half inflation to ease to 4.4 per cent. According to the International Monetary Fund, India has made progress on structural reforms in the recent past, including implementation of the GST, which will help reduce internal barriers to trade, increase efficiency, and improve tax compliance. Assuming a normal monsoon, continuation of the cyclical upturn in a supportive policy environment, and no major structural change, supply shocks or global slowdown, the projected growth numbers are expected to be achieved. The Government's continuous focus on economic reforms and three-pronged strategy of promoting manufacturing and competition, investing in health and education and increasing investment in the agriculture and rural sector will help India to achieve its long-term potential growth rate of over 8%.

However, the possible headwinds to such promising prospects for the Indian economy emanate from factors like Global Volatility, slowdown in the Global economy mainly due to Trade Wars, Geo-political tensions affecting crude oil prices leading to higher inflation & interest rates and a weak domestic currency.

The Company expects FY 2018-19 to be a volatile year for Indian Markets and believes that the future success of the company depends on its ability to anticipate volatility in Capital and Financial Markets and minimise related risks through prudent investing decisions. Hence the Management regularly monitors and reviews the continuous changing Economic and Market conditions in order to take timely and prudent investment decisions.

Financial and operational performance:

The financial statements have been prepared in compliance with the requirements of the Companies Act, 2013 and Generally Accepted Accounting Principles in India. Please refer to the Directors' Report in this respect.

Internal Control system and their adequacy:

The Company has a proper and adequate internal control system to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and those transactions are authorised, recorded and reported correctly. The internal control is exercised through documented policies, guidelines and procedures. It is supplemented by an extensive program of internal audits conducted by the Internal Auditor and tested by the Statutory Auditors of the Company. The audit observations and corrective action taken thereon are periodically reviewed by the audit committee to ensure effectiveness of the internal control system. The internal control is designed to ensure that the financial and other records are reliable for preparing financial statements and other data, and for maintaining accountability of persons.

Material developments in Human Resources / Industrial Relations

There is no significant change regarding material development in human resources / industrial relations front and the Company operates with 10 persons including KMPs.

Cautionary statement

Statements in this management discussion and analysis describing the Company's objectives, projections and expectations may be forward looking statements within the meaning of applicable laws and regulations. Annexure B to the Independent Auditor's Report of even date to the Members of Kiran Vyapar Limited, on the Standalone Financial Statements for the year ended 31 March 2018.

Independent Auditor's report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the standalone financial statements of Kiran Vyapar Limited ("the Company") as of and for the year ended 31 March 2018, we have audited the internal financial controls over financial reporting ("IFCoFR") of the Company as of that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Annexure B to the Independent Auditor's Report of even date to the Members of Kiran Vyapar Limited, on the Standalone Financial Statements for the year ended 31 March 2018.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Based on the nature of the work, the Company has ascertained its operating cycle as up to twelve months for the purpose of current and non-current classification of assets and liabilities.

3. Significant accounting policies

(a) Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Examples of such estimates include provisions for doubtful loans and advances, income taxes, classification of assets and liabilities into current and non-current and the useful lives of property, plant and equipment.

Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in the current and future periods.

(b) Property, plant and equipment - tangible assets

Property, plant and equipment ('PPE') are stated at cost, net of accumulated depreciation and impairment, if any. The cost of PPE comprises its purchase price and any cost directly attributable for bringing the asset to its working condition and location for its intended use. Subsequent expenditures, if any, related to an item of PPE are added to its book value only if they increase the future benefits from existing asset beyond its previously assessed standard of performance.

(c) Depreciation

Depreciation on PPE is provided on written down value method over the useful lives of assets prescribed under Schedule II of the Act. In respect of additions, depreciation is provided on pro-rata basis from the date of acquisition/installation. Written down value of all assets acquired prior to 1st April 2014 are being depreciated over their remaining useful life as prescribed in Schedule II of the Act.

(d) Impairment of assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists then the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

The credit so availed is adjusted in future years when the tax under normal provisions is higher than MAT payable to the extent of the said difference.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier periods.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is a virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

Unrecognized deferred tax assets of earlier years are re-assessed and recognized to the extent that it has become reasonably certain or virtually certain, as the case may be that future taxable income will be available against which such deferred tax assets can be realized. The carrying amount of deferred tax assets are reviewed at each balance sheet date.

The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.
- ii. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation but probably will not require an outflow of resources. Annexure-A to the Independent Auditor's Report of even date to the Members of Kiran Vyapar Limited, on the Consolidated Financial Statements for the year ended 31 March, 2018

Independent Auditor's report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the consolidated financial statements of Kiran Vyapar Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associates, as of and for the year ended 31 March 2018, we have audited the internal financial controls over financial reporting ("IFCoFR") of the Holding Company, its subsidiaries and its associates, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding Company, its subsidiaries and its associates, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the IFCoFR of the Holding Company, its subsidiaries and its associates as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the IFCoFR of the Holding Company, its subsidiaries and its associates as aforesaid.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company, its subsidiaries and its associate companies, which are companies covered under the Act, have, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

9. The consolidated financial statements also include the Group's share of net profit of ₹1,248.60 lacs for the year ended 31 March 2018, in respect of three associate companies, which are companies covered under the Act, whose IFCoFR have not been audited by us. The IFCoFR in so far as it relates to such associate companies have been audited by other auditors whose reports have been furnished to us by the management and our report on the adequacy and operating effectiveness of the IFCoFR for the Holding Company, its subsidiary companies and its associate companies, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such associate companies is based solely on the reports of the auditors of such companies. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditors.

(a) Use of estimates

The preparation of the consolidated financial statements in conformity with Indian GAAP requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as at the date of the consolidated financial statements and reported amounts of income and expenses during the period. Examples of such estimates include provisions for doubtful loans and advances, income taxes, classification of assets and liabilities into current and non-current and the useful lives of property, plant and equipment.

Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in the current and future periods.

(b) Property, plant and equipment - tangible assets

Subsequent expenditures, if any, related to an item of PPE are added to its book value only if they increase the future benefits from existing asset beyond its previously assessed standard of performance.

(c) Depreciation

Depreciation on all items of PPE is provided on written down value method, except for certain items of plant and machinery (wind energy generation assets) which are depreciated on straight line method. All assets are depreciated over the useful lives of assets prescribed under Schedule II of the Act. The reduction is treated as an impairment loss and is recognized in the consolidated statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists then the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

(e) Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. (i) Employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Accounting Standard - 15 'Employee Benefits'.

The liability recognised in the balance sheet represents the present value of the defined benefit obligation at the balance sheet date, less the fair value of plan assets (if any), together with adjustment for unrecognised actuarial gains or losses and past service cost. Independent actuaries using the Projected Unit Credit Method calculate the defined benefit obligation annually. Actuarial gains or losses arising from experience adjustments and changes in actuarial assumptions are credited or charged to the statement of profit and loss in the year in which such gains or losses arises.

The Company also provides benefit of compensated absences under which un-availed leave are allowed to be accumulated to be availed in future. The scheme is considered as a long term benefit. The liability for compensated absences is determined in accordance with the rules of the Company and is based on actuarial valuations made on projected unit method at the balance sheet date.

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 ("IT Act"). The Group accounts for tax credit in respect of minimum alternate tax ("MAT") in situations where the MAT payable is higher than tax payable under normal provisions of the IT Act. The credit so availed is adjusted in future years when the tax under normal provisions is higher than MAT payable to the extent of the said difference.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier periods.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Group has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is a virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

Unrecognized deferred tax assets of earlier years are re-assessed and recognized to the extent that it has become reasonably certain or virtually certain, as the case may be that future taxable income will be available against which such deferred tax assets can be realized. The carrying amount of deferred tax assets are reviewed at each balance sheet date.

(All amounts in ₹, unless specified otherwise)

The Group writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

(l) Provisions, contingent liabilities and contingent assets

- a. A provision is recognized when there is a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation and in respect of which reliable estimate can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.
- b. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood on outflow of resources is remote, no provision or disclosure is made.
- c. Contingent assets are not recognized in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

(m) Transactions in foreign currency

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and foreign currency at the date of the transaction. Foreign currency monetary items are reported using the year-end rates. Exchange differences arising on the settlement of monetary items or on reporting monetary items of Group at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

(n) Borrowing costs

Interest on borrowing is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable on the borrowing. An unamortized borrowing cost remaining, if any, is fully expensed off as and when the related borrowing is prepaid /cancelled.

Cash and cash equivalents comprise cash and deposit with banks. The Group considers all highly liquid investments at the time of purchase with a remaining maturity of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

(p) Earnings per equity share

Basic earnings per equity share are calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.
